The electrical and wind storm Tuesday night about nine o'clock made everybody at the street fair make a beeline for shelter as it was blowing down some of the tents, and threatened a big rain although only one-tenth of an inch fell.

Prof. E. L. Grubbs purchased of Prof. J. A. Carnegie his hand-made paneled bookcase and about 400 text books and other fine library books and had such a load with some furniture purchased of same party that his old spring wagon front axle bent down like a bow, and Mr. and Mrs. Thos. Metcalf came along in their auto and kindly took Prof. Grubbs and Herman Stanley, who insisted on walking after the axle bent, and gave them a welcome lift as far as Shelby City, from Mr. George Chrisman's Jr.

To answer your questions, to bring to you, right where you live, the story of the great war as it has been told to us by the President of the United States, the members of his cabinet, and heads of war activities at conferences recently held with our field and platform representatives here in Washington, this is the mission of the Radcliffe Chautauqua, which will be with us August 16, 17, 19. CALOMEL ROBBED OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Unpleasant and Dangerous Qualities Removed—New Variety Called "Calotabs"

The latest triumph of medical science is a purified calomel, known as "Calotabs." The old-style calomel, as all doctors know, was the best and most generally useful of all medicines. The new variety, known as Calotabs, is purified and refined from all objectionable qualities, and is most delightful in effect.

One Calotab on the tongue at bedtime, a swallow of water—that's all. No taste, no griping, no nausea, no danger. Next morning you awake feeling fine, with a clean liver, a purified system and a hearty appetite for breakfast. Eat what you please. There is no restriction of habit or diet. Calotabs are sold only in original, sealed packages; price, thirty-five cents. Your druggist recommends Calotabs, and will refund your money if you are not delighted with them.

PLAIN NATURAL IRON BEST TONIC

Costs but a Fraction of What Weaker Preparations Sell for—A Spoonful in a Glass of Water a Dose

The absolute proof that medicinal iron would help the blood and strengthen people wonderfully has caused many chemists to perfect more or less efficient iron tonics and more or less efficient tablets.

For most people, however, the writer would say that just plain highly concentrated Acid Iron Mineral is better, far cheaper and stronger and goes from two to six times as far.

A bottle of Acid Iron Mineral, kept handy and a teaspoonful poured in a glass of drinking water after meals, makes a delightful, very unusual and highly beneficial tonic and strengthener, and if the blood needs enriching and purifying it would be hard to find anything that does it better or rids the system of rheumatism and kindred ailments quicker than just plain concentrated Acid Iron Mineral, which is the name for non-alcoholic natural iron.

It also has a beneficial effect upon appetite and digestion, and the kidneys soon show its effects.

(Note)—A-L-M does not act as a laxative and should one be needed to stimulate the liver or bowels a good laxative tablet like A-L-M Liver Pills is recommended.

They spent the afternoon playing croquet, pitching quoits, swimming and at other diversions, had all the fish they could eat and returned in the evening, some of them remaining at Boonesborough for supper.—Richmond Register.

SLAYER OF WIFE DIES

Thomas Dishon, the Garrard county farmer, who tied his wife and shot her to death in Garrard county Sunday afternoon, and then turned his pistol on himself, died from the wounds Tuesday night. The burial occurred at Lancaster Thursday. The wife was buried at Wilmore Monday afternoon. An effort was made to save Dishon's life but he begged pitifully to die and the medicine and treatment given him seemed to have little effect. That his mind was badly out of balance there can be no doubt.

SOLDIER'S WATERY GRAVE

Mr. and Mrs. Morris Long, of Garrard county, were informed of the drowning at Camp Beauregard, La., of their son, Reather Long, aged 23, who was in training for army service. He was suddenly seized with cramps while bathing and drowned before assistance could reach him. Miss Bessie Messer, of this city, has been the guest of Miss Jennie Cox, of Lancaster.

SILAS GREEN FROM NEW ORLEANS

A troupe of colored troubadours, under the management of "Silas Green from New Orleans," played to a good crowd in a tent here Thursday night. They carry an excellent brass band, and the tricks the drum major does with his musket are little less than wonderful.

IT'S IN THE AIR

Windblown pollen, carrying the germs that cause hay fever, is abroad in the land. One remedy is known to give relief and comfort from choking, snoring asthma and tormenting hay fever. Foley's Honey and Tar spreads a healing coating on inflamed membranes, stops coughs and colds. Sold everywhere.

DROUGHT STOPS OIL DRILLING

Water is so scarce over in the oil field section of the county that many of the drilling outfits are idle until it rains. Lack of rain in certain parts of the county is doing great damage and it is feared that the tobacco crop will be cut short if a downpour does not come soon.

WIDOW OF THOS. MOORE DEAD

Mrs. Laura Moore, widow of Thomas Moore, for many years a resident of Crab Orchard, died at the home of her daughter, Mrs. Charles H. Singleton, at Kingtree, S. C., from the effects of an apoplectic stroke she suffered some three weeks ago. The remains arrived at Crab Orchard last night, accompanied by Mr. Singleton, and were interred in the Crab Orchard cemetery this morning at 10:30. Mrs. Moore had made her home with Mrs. Singleton since the latter's marriage 22 years ago. The other children who survive are Ward Moore, of Calofirma, and Hal Moore, of Chicago. Mr. Thomas Moore in his day was a great race horse man and was very successful in both raising and racing thoroughbreds.

HAIL DOES MUCH DAMAGE

Much damage to tobacco and other growing crops was done by the hail which fell in the Goshen section of the county Tuesday afternoon. It virtually ruined R. C. Dudderar's tobacco crop and badly damaged three acres for Lilburn Gooch, ten for Jesse Fox, seven and a half for W. J. Holtzclaw, the same number of acres for W. G. Gooch, five and a half acres for J. W. Holtzclaw, two for Newell Fox, five for B. F. Holtzclaw and three for J. T. Holtzclaw. Fortunately for the gentlemen all of them except Mr. R. C. Dudderar had hail insurance. Each carried from \$100 to \$150 per acre with R. M. Newland, of this city.

WANTS TO GET "OVER THERE"

"I have been at Fort Thomas nearly three weeks and sure do like it, but I am anxious to get to a real camp and 'get over' as soon as possible," says Private Ben F. Jennings, formerly an employe of The Leader, in a letter to W. M. Metcalf. He encloses a photograph of himself, which he terms "a good likeness of General Pershing's successor." Private Jennings asks that anyone who has a baseball glove, a ball or any other equipment for the national pastime to send them to camp, as the soldiers are in need of them.—Lexington Leader.

NARROW ESCAPE FOR BOYS

The three little sons of Mr. and Mrs. Lee Harmon, of Shelby City, had a narrow escape from death last Saturday morning when the pony they were driving became frightened at a passing automobile and ran away on the Danville and Hustonville pike. One of the lines broke and Marcus Harmon, aged 8 years, in attempting to pick it up from the shafts, fell under the pony cart and the wheels passed over his body. Some colored people stopped the pony and the other two boys, Elias, aged 9 years, and Arthur, aged 4 years, were not injured.

"PUD" GOES OVER TOP

Mr. and Mrs. W. A. Moberly are in receipt of a letter from their son, William Moberly, known to his friends here as "Pud," saying that he had gone over the top in a recent engagement in France and is now in a hospital from the effects of German gas, of which he received quite a liberal sample.

WILDER FARM SOLD HIGH

The S. R. Wilder farm of 170 acres, sold by Col. G. B. Swinebroad, the Lancaster "sale wizard," Thursday, was bought by J. E. Bowles, of Washington county, at \$166.50. Bidding was spirited and the sale was a success from every standpoint.

PIGEON FESTIVAL

The pigeon festival given by the members of the colored Methodist church, Rev. E. Coleman, Jr., pastor, was very much of a success. Matilda Robinson caught the pigeon, which carried a gold ring, and now wears a very pretty finger adornment.

REFUSED 35c FOR TOBACCO

Bolivar Bond, who cried the Wilder sale in the Shelby City section Thursday, stated that he had refused 35 cents per pound for his growing crop of tobacco. He believes that 50 to 60 cents per pound will be nearer the ruling price next winter.

THURSDAY, AUG. 22, CLAIMED

Col. John B. Dinwiddie phoned down from Moreland Thursday that he would have a big sale in the West End on Thursday, Aug. 22nd, and that that date must be reserved for it.

Col. Newton Prather drove 40 miles to Harrodsburg to vote in Saturday's primary, while many people living in that and other cities did not take enough interest in the election to go to the polls.

PATRIOTIC DAY BIG AFFAIR

A big crowd gathered here Wednesday and enjoyed to the fullest the interesting program prepared by the Liberty Service Leagues of Lincoln county, and in which a better insight of the workings of the War Council of Defense was given. A committee of good women had beautifully decorated the court-house, inside and out, with flags and bunting of national colors, and during the day did much for the furtherance of the noble causes for which they worked. In the morning Hon. E. T. Franks, of Owensboro, made an excellent speech at the court-mouse, after a handsome introduction by Hon. P. M. McRoberts. He told of the great work that is being done by the Red Cross, the Y. M. C. A. and the National Council of Defense, and the necessity of such organizations in these parlor war times. He dwelt at length on the great good being done for the gallant boys who have given their all for this country that it might continue a fit place to live in. He eulogized President Wilson's conduct of the war now being waged, and admonished his hearers to save their criticism of the great man until the war is history. Mr. Franks is about the most prominent man in the Republican party of the State and his words showed clearly that he is big enough to forget politics, when real patriotism is so much the more needed. It was Mr. Franks, we believe, who remarked at a gathering to which he was speaking that as far as he is concerned "politics is adjourned until the close of the war." Pity it is that more Republicans, and Democrats, as well, can not see likewise, and instead of trying to feather their nests with soft berths, try and do something that will bring the most horrible war in the history of man to a victorious end. In the afternoon Capt. R. Muir Allan, a British officer who served in France from October, 1914, until February, 1918, and whose wounds gave him an honorable discharge, was introduced by Mr. William Severance. He spoke in the Christian church yard, the heat being so intense that it was almost impossible to remain indoors. His remarks were greatly enjoyed, his personal experiences being intensely interesting. Capt. Allan is an educated gentleman and knows how to put into words what he has seen and done since the hell-hound of Berlin begun the butchering of innocent women and children. At the close of his great address, Gen. Maude, the Red Cross mule, was sold to the highest bidder. The Woman's Club got the valuable piece of muleflesh for about \$1,000 and very cleverly presented "it" to the Madison County Chapter of the Red Cross. There were hundreds of bidders on Gen. Maude, but it was a safe wager that when the Woman's Club "went after" the mule that organization would get it. The Somerset brass band furnished good music for the crowd, and the day was one that will linger long in the memory of the many who were fortunate enough to be here. The D. A. R.'s served a toothsome lunch in the store-room formerly occupied by Severance & Son and made close to \$100 for their organization.

JOHN P. JONES DEAD

John P. Jones, for years a merchant of this city, having a dry goods store in the room now occupied by The Princess, died first of the week at San Antonio, Texas. He had been in bad health for some time and had gone to the southern city with the hope of gaining health and strength. Mr. Jones moved from Stanford to Mt. Sterling and operated a store for some years, but later traveled for a dry goods house. He is remembered by many of our people who sorrow at his taking away.
