Danville, Ky.

HUSTONVILLE.

Judge William Myers, while visiting friends and relatives at Liberty last week, became suddenly ill. His many friends are deeply grieved as to his being so very low. Lieutenant Campbell Myers and wife arrived on Sunday night at his bedside.

A. Adams, who is now located at Barron, Pa., is here for a visit to relatives.

Mrs. L. F. Steele, Mrs. John Allen in Mrs. Turk Anderson, of Danville, were here with friends Saturday.

Miss Orpha Deaham is quite sick with influenza at the home of her sister, Mrs. Harry Neal, in Florida. Mrs. Neal, it is reported, is very sick with the same disease.

William Dunn is on the sick list. Miss Lorraine Combest is visiting friends in Louisville.

Mrs. Clarence Dunn and baby have been visiting relatives at Turnersville this week.

Almost everyone took part in the celebration here Monday night. A few window lights were broken from the jar of the dynamite. There was no end to the amount of ammunition set out for the boys to use.

Major Snow and family and Mrs. George Tucker and daughter, Martha, visited relatives in Shakerstown this week.

Deputy Sheriff Cochran was here on business this week.

Mr. and Mrs. J. H. Reid, Miss Beecher Newbern and Watt Thornton, of Bradfordsville, were here for a short time Sunday.

Eugene Dunn and family and Miss Lou and Miss Betsy Cowan spent Sunday in Danville.

Miss Ruth Fields is recovering from an attack of the influenza.

J. L. McKee Riffe sold his handsome Chalmers car to Squire J. K. Helm at a fancy price. Mr. Riffe and wife left Sunday for Cincinnati, where they will make their home.

A. J. Weddle and wife visited Dr. Cain at Somerset this week.

Muriel Reid, Vernon Childress, Jess

Riffe and Charles Adams attended the football game at Danville last Saturday.

Mr. and Mrs. Robert Benton Woods of Stanford, spent Sunday with Mrs. Sam Owens.

Julian Riffe, who is now stationed at New York, has returned after a few days' visit to the homefolks.

Miss Eddie T. Carpenter, of Danville, was here Tuesday with relatives. Game Warden S. J. Embry, of Stanford, was here this week looking after those who have been violating the game laws.

The "Flu" epidemic has quieted down quite a bit, and it is to be hoped the ban will be lifted in another week.

Mr. and Mrs. Hill Spalding and attractive daughter, Anne Kathryn, of Lexington, spent the week end with Dr. Edward Alcorn and family.

BREAKS A COLD IN JUST A FEW HOURS.

"Pape's Cold Compound" ends the grippe misery—Don't stay stuffed-up!

You can end grippe and break up a severe cold either in the head, chest or body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure and get the genuine.

Dry leaders in Congress will continue their fight to press the wartime prohibition measure to the final passage.

Why Compare Beef and Coal Profits?

Swift & Company has frequently stated that its profit on beef averages only one-fourth of a cent a pound, and hence has practically no effect on the price.

Comparison has been made by the Federal Trade Commission of this profit with the profit on coal, and it has pointed out that anthracite coal operators are content with a profit of 25 cents a ton, whereas the beef profit of one-fourth of a cent a pound means a profit of \$5.00 a ton.

The comparison does not point out that anthracite coal at the seaboard is worth at wholesale about \$7.00 a ton, whereas a ton of beef of fair quality is worth about \$400.00 wholesale.

To carry the comparison further, the 25 cent profit on coal is 3 1/2 per cent of the \$7.00 value.

The \$5.00 profit on beef is only 1 1/4 per cent of the \$400.00 value.

The profit has little effect on price in either case, but has less effect on the price of beef than on the price of coal.

Coal may be stored in the open air indefinitely; beef must be kept in expensive coolers because it is highly perishable and must be refrigerated.

Cow is handled by the carload or ton; beef is delivered to retailers by the pound or hundred weight.

Methods of handling are vastly different. Coal is handled in open cars; beef must be shipped in refrigerator cars at an even temperature.

Fairness to the public, fairness to Swift & Company, interest in the packing industry, demands that their indisputable facts be considered. It is impossible to disprove Swift & Company's statement, that its profits on beef are so small as to have practically no effect on prices.

Swift & Company, U. S. A.
