A Purpose.

Oh, be steadfast in your purpose, Never falter, never fall.

Be resolved to accomplish Anything that God commands.

May the purpose in our hearts Be as lasting as the sea.

Let your aim be high as heaven With the Shepherd as a guide.

Farm Sayings.

When the grouse-hog sees his shadow on a certain winter day.

The spring 'll be a bad un', just look out. An' if you've ever noticed, when the rooster crows for day.

The day light is a comb, 'bout a doubt. The katydid 'll tell you, when the first white frost you 'll see.

The owl is apt to holler 'fore a squall. The jolly little tree toad, a settin' in his tree.

The chickens, when hit's goin' to rain a hard, short shower.

Just hush for a shelter right away. But they, when hit's goin' to rain right on from hour to hour.

Star' on one leg, and take hit all the day.

IDEAS.

GOOD CHEER.

Have you had a kindness shown? Pass it on.

'Twas not given for you alone— Pass it on.

Let it travel down the years, Let it wipe another's tears.

Till in heaven the deed appears— Pass it on.

There is some excitement in a runaway marriage, but there is generally more lasting satisfaction in a mate's in which the friends of both parties are pleased.

Now is the time to get up a pile of fire-wood, and put it under cover, in order to make work easy for the good mother when rain and winter come.

Berea College opens its fall term to-day. Students have been very prompt in coming in, and it will probably be the largest attendance known at this time of year. You are all welcome.

Chances for Young Men. There are more chances for students to earn a part of their expenses while attending school in the fall than at any other time of year.

There is still a chance for a number of young men who may be entering the course which includes farming, to earn something like a dollar a week by a few hours work each day.

There is also a chance for some young men in the Normal course to earn a part of their expenses by wood-sawing and other out door work.

Applicants should be on hand by next Monday, or Tuesday.

Chances for Young Women. There is more work for students in the fall, and several more young women can earn a good part of their expenses by work if they are on hand by next Monday, or Tuesday.

There is a chance for two colored girls to earn part of their expenses and receive special instruction at the Model House.

If this issue of THE CITIZEN seems rather hastily edited, we have this explanation to make. Early Monday morning the Editor was called to Cincinnati on business and did not return until Tuesday afternoon, as the paper is printed Tuesday afternoon further comment is unnecessary.

E. E. Turner, Compton, Mo., was cured of piles by DeWitt's Witch Hazel Salve after suffering seventeen years, and trying over twenty remedies. Physicians and Surgeons endorse it. Beware of dangerous counterfeits. S. E. Welch, Jr.

Just as we go to press there comes the sad news that Ray Embree was killed by the cars in Omaha. No details are given but particulars will come later. The body is expected here in a day or two. Full particulars will be given next week. The news caused much sadness here, for Ray was a fine young man, and universally liked.

DeWitt's Little Early Risers permanently cure chronic constipation, biliousness, nervousness, and wornout feeling; cleanse and regulate the entire system. Small, pleasant, never gripe or sicken—"famous little pills." S. E. Welch, Jr.

A day or so ago W. P. Chapman received official notice from the Berea postmaster that a special delivery letter awaited him here. He was at Cartersville at the time. Imagine his disgust after coming home hurriedly, and sooner than he expected to find the letter contained nothing more important than a small amount of money in payment for S. S. supplies.

"They are simply perfect" writes Rob't Moore, of La Fayette, Ind., of DeWitt's Little Early Risers, the "famous little pills" for constipation and all liver ailments. Never gripe. S. E. Welch, Jr.

Saturday afternoon E. M. Preston and W. J. Tatum took Will Chasteen to Richmond jail. He was indicted by the Grand Jury for the cutting at the Baptist church last week. There is a good chance for him to receive a severe sentence and he ought to get it.

"Best on the market for coughs and colds and all bronchial troubles; for croup it has no equal," writes Henry R. Whitford, S. Canaan, Ct., of One Minute Cough Cure. S. E. Welch, Jr.

A newspaper has made its appearance at Valley View Argent. It is edited by Mr. J. L. Sowers, who has for several years acted as local correspondent for city papers, as well as for numbers of county papers. The paper is democratic in politics. It is a neatly gotten up five-column quarto and portrays the energy of its editor and the community in which it has its origin.—Pantagraph.

Chester H. Brown, of Kalamazoo, Mich., says: "Kodol Dyspepsia Cure cured me of a severe case of indigestion; can strongly recommend it to all dyspeptics." Digests what you eat without aid from the stomach, and cures dyspepsia. S. E. Welch, Jr.

Former Students.

Miss Lida Adams is teaching near Versailles.

Misses Francis Berry and Martha Adams are teaching near Georgetown.

Thomas Berry is teaching at Rockhold. Henry expects to be in school this fall.

Scott county institute met in Georgetown last week. Prof. Givens, of the State Normal at Frankfort, presided. The meeting was interesting and helpful.

For wounds, burns, scalds, sores, skin diseases and all irritating eruptions, nothing so soothing and healing as DeWitt's Witch Hazel Salve. Mrs. Emma Bolles, Matron Englewood Nursery, Chicago, says of it: "When all else fails in healing our babies, it will cure." S. E. Welch, Jr.

The Truth about Mormonism.

The doctrines held by Mormonism prove it to be nothing less than heathenism and as directly contrary to Christianity as anything could well be. They may be condemned as follows:

1. The Mormon god was once a man; Adam is "the only god with whom we have to do;" there are multitudes of gods, male and female; these gods and goddesses are polygamus, are made of flesh and bones, have every human organ, bear children who have bodies, and create worlds and populate them by natural generation; this god is not a Trinity but duality, the Holy Spirit being a substance similar to electricity; hence the Mormon gods are "subject to laws of matter," like a stone. A doctrine more thoroughly false, blasphemous, pagan and contrary to the Bible could hardly be conceived, and has never been made by any system.

2. The doctrine of man is that we were each born of some two of these polygamous gods, had to come to this earth for a body, must pass through this human life, including its sin, in order that we, especially if we are good polygamous Mormons, may become gods as above at death. According to this, Brigham Young is one of the greatest of Mormon false gods, because he had the most women and children. This is blasphemous and utterly false.

3. The doctrine about sin is that it is a necessity, and that Adam and Eve "rejoiced and praised God" because they had sinned in Eden.

4. About the Bible, Mormonism says that those are fools who say there is only one Bible; and asks "Who knows that even one verse has escaped pollution so as to convey the same sense now that it did in the original!" It holds three other books to be better than the Bible, and that the revelations given now-a-days to its priest make the whole four as nothing to me," (words of Pres. Woodruff, Brigham Young, &c.)

5. As to the Mormon Priesthood, the doctrine is that "by possessing part of God's power they are in reality part of God!" Their power is such that they have the right to command Mormons in their voting, business, religion, home, and every part of their whole life. This is at once slavery to the Mormon and blasphemous against God, and is treasonable against free government. As the result the Mormon Priesthood controls every election in Utah as it chooses.

6. As to Christian Churches, it holds that there was no true church from about the time of the Apostles till Joseph Smith, all churches but Mormonism being pretenders, and their teachers and ministers lying, lucre-loving hypocrites, "and the wrath of God is kindled against them."

7. As to marriage, they believe today just as ever, that polygamy "is true as the Lord is true," (Pres. Snow, May, '99) and practice the belief.

The character resulting from such doctrine is largely what might be expected—far from the right. It has been carefully estimated by those who are in a position to know, that at least 75 per cent of all marriages in the smaller towns of Utah are compulsory from immorality. The use of intoxicating drinks, falsehood, Sabbath breaking and profanity are very common, and the general run of morality is very low.

The "Elders" are "called" to go on their missions, and must obey or risk all they hold most dear. They are generally sincere in their delusions; some are of respectable character, but others are not; and the statements of none of them can be trusted, for the whole system is one of gigantic falsehood and openly upholds the "Elders" in lying for the good of Mormonism. In four days I have crossed the path of three pairs of Mormon Elders, each of whom had told a different story as to polygamy, one of them saying in heated discussion, "I want you to understand that we will vote polygamy into the United States inside of ten years!"

Those who wish further information should send 10c (cost) for a packet of literature giving their doctrines in full etc., to Rev. J. D. Nutting 739 Republic street, Cleveland Ohio.

(From the Pantagraph.) At McKee, Jackson county, last week, Pat Anglin shot Wm. Duncin, deputy jailer, in the thigh with a 28 caliber pistol, inflicting a very painful and probably fatal wound. The difficulty had no connection with the Clark and Hays trouble which came up two weeks ago.

Ex-Judge John C. Chenault, who has been a candidate for county judge, announces that he will not stand in the way of Judge N. B. Turpin, who recently announced his candidacy. It is not likely Mr. Turpin will have opposition from his party and his nomination will duly follow.
