JUDGE O'REAR SPEAKS

To an enthusiastic and mixed audience in the College Chapel last night Judge O'Rear presented the Republican side of the campaign issues, receiving hearty applause from Republicans and hecklings from the Democrats. The latter was appreciated by the speaker, while some of the more serious minded seemed to take it to heart. Judge O'Rear shall always have a warm welcome at Berea.

A Negro organization, The National Equal Rights League, passed a resolution urging that lynching be made a Federal offense and that persons prosecuted for lynching be tried in some safe other than their own. There is reason for that resolution. It is impossible to convict lynchers in the county where the offense was committed, and under existing conditions a mob has no fear of the law and can commit what crimes it will unpunished and unrestrained.—Pantagraph.

TO THE CITIZENS OF MADISON COUNTY

The Campaign is drawing to a close and next Tuesday the voters of Madison County will pass upon the question as to whether I will continue as County Judge another year.

I will say that I have made a clean fight upon the strictly business issues which I think are of much importance to the taxpayers and Citizens of this County and I will say further that I am standing on my past record, and the present policy and program of the Madison County Fiscal Court for the improvement of the public roads in every section of the county and am not promising to do impossible things to meet the demands of certain individuals in the county.

This policy and program contemplates the improvement of the roads in every section of the county as rapidly as the revenues at the disposal of the Fiscal Court will permit.

I will not compromise my liberty of action as your County Judge by making or speaking in advance concerning what the Fiscal Court will do about any matter which properly is in the province of that Court, but will say that in all my connection with that Court, I have had substantially their unanimous concurrence, but I have not and will not undertake to bind the Court or the taxpayers of the county by making any promises for the purpose of affecting any man's vote in this election.

With this statement, I submit my claims to the intelligent consideration of every citizen of the county.

Respectfully,
Ad-18. J. G. Baxter.

SUNDAY SCHOOL ENTERTAINMENT

Last Wednesday night the Sunday School of the Union Church gave a very enjoyable program to its friends. The program consisted of numbers of various description in which both the children and the adult members participated. One of the most unique numbers was given by the members of Mr. Burgess' Bible Class. They were all dressed as small boys and girls and gave a typical school scene. The audience applauded heartily. Appropriate recitations were given by different members of the lower classes. The entire program showed remarkable ingenuity in preparation and skill in rendition.

PEOPLE YOU OUGHT TO KNOW

There are many people in Berea you ought to know, for your own sake. Some of them you may not know, but you should.

You should know the bankers. They are the ones who supply you with money when you need it, and care for your money when you have it. No town can conduct modern business without them.

You should know each merchant. They have the goods you want, and if you know each personally you know also something of the wares they sell. This enables you to buy judiciously and saves you many a lost penny.

You should know the school teachers. They are responsible to a great degree for the moulding of the character of your children, for the lessons they learn while under their care are not forgotten even to the brink of the grave. Know them, and help them.

You should know the ministers. They are interested in you, though you may give little thought to them. They do not supply you with the bread you eat, or the clothes you wear, but they do beckon you along the road to a better life beyond. Know them, hear them and heed them.

And, brother, you should know the sheriff. When the devil gets under your hide the sheriff is a good man to know. If you are inclined to kick up a little dust, your knowledge of him may cause you to pause before you kick. Yes, brother, know the sheriff, for while you are a good citizen he is your friend, and when you cease to be good he puts you where you can do nothing but good.

POINTED PARAGRAPHS

Never try to get back at any man by saying that you are just as good as he is. It is up to you to be a great deal better.

Consider the lowly postage stamp, my son, and learn the secret of success. It sticks to one thing until it gets there.

ONE HUNDRED YEARS OLD

With the remarkable record of having established over a hundred

and twenty thousand Sunday Schools throughout the country, with a half million teachers and five million scholars, the American Sunday-School Union is now preparing to celebrate its one hundredth anniversary. The Society has issued an interesting pamphlet concerning

its history and work and also a leaflet entitled "Sunday-School Pioneering in Rural America." The latter relates some of the amazing experiences of the Society's missionaries in the wild and undeveloped sections of the country. Both of these pamphlets will be gladly mailed

upon request to all who are interested in knowing about this unique organization which stands alone and unequalled in community development work in rural America. The headquarters of the Society are at 1816 Chestnut street, Philadelphia, Pa.
