"When I was a druggist, at Livonia, Mo., writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. IN GRAIN PIT

MAN WAS SLOWLY SMOTHERED DESPITE EFFORTS TO RESCUE.

Veritable Death Trap, Little Grains Gripped His Feet and Body and Buried Him.

New York, Nov. 7.—Patrick Dolan, foreman of the grain handlers in the elevator of the William Baird company, Brooklyn, fell into a pit containing 3,000 bushels of grain yesterday.

The little kernels, rolling against one another, like myriad eggs of a great machine, gripped his feet, his ankles, his legs his knees, crowding each other like honey cells, held him fast and drew him down with a power that was irresistible. Dolan plunged this way and that, and with every step the quicksands gripped him more firmly. He called for help and Petro Amazio, a fellow worker, went to his assistance. He threw a rope to Dolan, which the latter seized so desperately that he drew Amazio into the pit. Other workmen who had been to lunch, now heard the outcries, but both men had disappeared when they reached the scene. A rush was made for the chutes through which the grain is unloaded, and, unfastening the covers, the men let the wheat run into the street. Soon Amazio's body shot down the chute and Dolan's followed. The latter was dead, having been smothered, but Amazio was still alive and will recover.

ALWAYS WAS SICK.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup. Such a man exists. Mr. J. C. Clark, Denver, Col., writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me."

"Is that all the work you can do in a day?" asked the discontented employer. "Well, suh," answered Mr. Erastus Pinkley, "I 'spose I could do mo', but I never was much of a hand for showin' off."—Washington Star.

FEARFUL PAINS

SUGGESTIONS HOW WOMEN MAY FIND RELIEF.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. This is a severe strain on a woman's vitality. When pain exists something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

Thousands of women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes woman's special pains and irregularities.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases. The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes, of 540 N. Division Street, Buffalo, N. Y., writes:

"Your medicine is indeed an ideal medicine for women. I suffered miserably for years with painful periods, headaches, and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the east advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural; every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound."

Mrs. Tillie Hart, of Laramore, N. D., writes:

"I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Vegetable Compound."

"Hurry-up" physics are usually dangerous

Physics that act quickly usually weaken the patient so much that he is left in a worse condition than before the drug was taken. Any physic that causes an unnatural bowel movement will so vitiate the intestinal muscles that they will not be able to properly perform their functions until another and stronger physic is taken. This is the danger which lies in the taking of laxative waters (which are made of salts), candied pellets and pills.

Dr. Caldwell's Syrup Pepsin

cannot be classed as a "Hurry Up" physic. It acts promptly but does so in the most natural manner. It contains considerable pepsin, the greatest of all stomach stimulants. This preparation gives great strength to the stomach, and makes it possible for the muscles which line the walls of the stomach, bowels and intestines to perform their functions without further aid or attention.

It is a pleasant remedy to take and is the most beneficial stomach preparation ever compounded.

All druggists sell Dr. Caldwell's Syrup Pepsin at 50c and \$1.00 a bottle.
