

Children have tender stomachs

Most Physics are Dangerous

A child's stomach is very tender and cannot digest food as well as an adult's, and neither can it stand the explosive purgatives which adults are often persuaded to take for constipation and other stomach disorders. Many parents give their children such physics as salts, or the ordinary pills and tablets, that are pleasant to take because of their taste. A child that is dosed with such physics soon forms a habit which if continued means a permanent loss of health. A physic will be constantly required to move the bowels. Children do not object to taking

Dr. Caldwell's Syrup Pepsin

as much as they do even the most palatable candy preparations, and the effect upon them is a thousand times more beneficial. Dr. Caldwell's Syrup Pepsin is a cure for all stomach disorders. It is the very best cure for children and adults. It does not create a habit. It does cure. In all cases of indigestion, dyspepsia, chronic or acute constipation, biliousness, and all other disorders arising from stomach trouble of any kind it is a quick and positive cure. All druggists sell Dr. Caldwell's Syrup Pepsin for 50c and \$1.00 a bottle.

WILL BE DEBATES AT THIS SESSION

Tariff Revision And Currency Reform For Talks.

Business Will Be Confined To Appropriations and Old Matters.

SANTO DOMINGO'S TREATY

Washington, D. C., Nov. 28.—Although as is usual in short sessions, the work of congress will be limited almost exclusively to the passage of the regular supply bills, the session that will begin a week from tomorrow gives promise of being more than ordinarily interesting. There is going to be a great deal of talk on a number of subjects that the people of the country are now discussing, and in a sense it will foreshadow some of the legislation of the sixth or some subsequent congress. For example, the question of a revision of the tariff will bob up continually, and arguments will be advanced by Republicans as well as Democrats showing the necessity of a modification of many of the Dingley schedules. Echoes of the agitation for currency reform will be heard, and the plan proposed recently by the monetary commission of the American Bankers' association will be dissected by the congressional surgeons.

As a result of recommendations that will be contained in the president's message there is certain to be considerable discussion of the proposition of progressive tax on inheritances and incomes, and also federal supervision of corporations engaged in interstate business.

Already at Work.

As a rule the leaders of congress consider themselves fortunate if they get through the big supply bills without much trouble by the end of the session, and it is not on their program to undertake to enact any brand-new legislation. In order to pass the appropriation bills on time and in fairly decent shape the various committees have already done a great deal of preliminary work. The committee on rivers and harbors, for instance, held hearings last session and succeeded in gathering most of the preparatory data essential to the drafting of the river and harbor bill. This measure will carry between \$50,000,000 and \$60,000,000 of appropriations and authorizations for future contracts and the water ways in the region of the Ohio Valley will be properly provided.

For Bronchitis

TAKE VINOL it heals the bronchial tubes and remedies the cough

For centuries old-fashioned cod-liver oil has been prescribed by physicians the world over for coughs, bronchitis, weak lungs and consumption, but many could not take it on account of the useless fatty, fishy oil which enveloped the medicinal curatives and it often failed to help those who could take it because it upset the stomach.

Anyone can take the delicious cod liver preparation, Vinol, which contains all the medicinal curatives and body-building elements of cod liver oil actually taken from fresh cods' livers, but no oil or grease, and wherever old-fashioned cod liver oil or emulsions would do good, Vinol will do far more good for all bronchial and lung troubles.

We ask every person in Paducah suffering from chronic colds, coughs bronchitis or weak lungs to try Vinol on our guarantee. W. B. McPherson, Druggist.

Note—While we are sole agents for Vinol in Paducah it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

ed for.

Both branches of congress have more or less left-over legislation to complete. The house late last session received from the senate the ship subsidy bill, but on account of the attitude of Speaker Cannon, General Grosvenor, the chairman of the committee on merchant marine and fisheries, was unable to report it out of his committee. It is the impression among the incoming law-makers that some sort of a ship subsidy bill find its way to the statute books this winter. Another bill that is now half a law prohibits contributions for political purposes from corporations, and it is expected the house will also put its "O. K." on this.

The senate, when it is not considering appropriation bills will occupy itself a great deal of the time this winter in discussion of the Santo Domingo treaty, which has been hanging fire now for two sessions. Acting under this convention, the administration is complacently collecting the revenue of the turbulent Republic and setting aside a certain portion to satisfy the claims of foreign creditors. The president is said to be quite hopeful that the senate will finally ratify this treaty and relieve him of his anxiety over it.

ALWAYS WAS SICK.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup, such a man exists. Mr. J. C. Clark, Denver, Col., writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by all druggists.

\$50,000,000 for Rivers.

It is expected that a rivers and harbors bill will be passed at the coming session of congress, carrying an appropriation of about \$50,000,000.

SPICY EVIDENCE IN DIVORCE CASE

The Rev. E. Lawrence Hunt Is On The Gridiron.

Testimony of Servants as to Clandestine meetings and Surreptitious Kisses.

WELL KNOWN IN WASHINGTON.

Washington D. C., Nov. 28.—Some spicy testimony was read in the equity court today in the suit of Charles C. Bassett, of the geological survey, for divorce from Mrs. Fanny Rice Bassett, daughter of former Senator Rice, of Arkansas, in which Rev. E. Lawrence Hunt is named as co-respondent. Hattie Thompson, colored, who was once employed in the Bassett household, made a statement to the effect that she saw Mrs. Bassett put her arms around Hunt's neck and kiss him. Hugh Bent, a night watchman at the Albermarle apartment house, said Mr. Hunt called at the Bassett apartment two or three times a week during the spring of 1904 after Mr. Bassett had gone away on field work for the government. He specified that most of the calls were made at night and that on one occasion he saw Hunt depart from the Bassett apartment between 6 and 7 in the morning.

Called Every Morning.

According to the testimony of Emma Duncan, a dressmaker employed by Mrs. Bassett, on one occasion Hunt called upon Mrs. Bassett seven of the eight days when she was there. Julia Carter, who was employed by Mrs. Bassett as cook, said: "Once Mr. Bassett came home when Mr. Hunt was in the parlor with Mrs. Bassett, and when Mr. Bassett came in Mr. Hunt stood behind the door. Mr. and Mrs. Bassett went into the bedroom, and witness opened the door for Mr. Hunt to get out."

Says "No" at Altar.

Sullivan, Ind., Nov. 28.—It was reported here today that the wedding of Andrew J. Hayes and Miss Fannie Crawford, both of Cass township, was stopped suddenly yesterday when the prospective bride said "no" instead of "yes" when she was asked by the Rev. J. H. Carnes if she would take Hayes for her lawful husband. Miss Crawford said that she had changed her mind in regard to the matter, so the wedding did not take place.

Tried to Blow Bank Safe.

Mendon, Ohio, Nov. 28.—A desperate but unsuccessful attempt was made early this morning to blow open the safe vault of the Mendon bank in which was more than \$75,000. Three charges of nitro glycerine were exploded. The interior of the bank was wrecked. Citizens forced three masked men to flee without booty.

"Seeing the Southwest" EXCURSIONS

Doubtless you have heard of the Bumper Crops which have been raised this year in Arkansas, Louisiana, Oklahoma, Indian Territory, Texas and New Mexico. Have you compared them with results obtained in your section? Is your work where you are, bringing you adequate returns for the capital invested and the labor expended? If not, a change would be beneficial perhaps. A visit to the Southwest will open your eyes. Out in Oklahoma the last big land opening is soon to take place; farms are still very cheap in Western Arkansas, Northern Louisiana and the Gulf Coast of Texas. Let us give you full information about these sections. You will want to see them after you have examined our illustrated literature.

VERY LOW RATES, ONE WAY AND RETURN TRIP to southwestern points first and third Tuesdays each month.
