**SCHOOL ORDERS**  
**BASEBALL SUITS**

Boys Will Appear in Blue and Gray This Year

Practice Will Commence Next Week if Weather and Grounds Are All Right.

**SEVERAL DATES TURNED DOWN.**

Candidates for positions on the High school baseball team may be out for practice next week, that is, if the weather remains warm and the grounds are in condition. Already replies have been received by Manager St. John from Benton and Murray, but both will be rejected. Marlon, Ill., has three vacant dates in the schedule, but as no return date is offered by Marion, it is improbable that it will be accepted or not.

Estimates on suits for the baseball team were presented, and the athletic association directed that they be purchased at once. The money will come from the treasury of the association, as a sufficient sum was left from the proceeds of the football season.

The boys will present a neater appearance on the field this year, as the previous season each player furnished his own suit. The suits will be grey with white letters "P. H. S." across the front; the caps will be blue, and the stockings blue and white.

**Tennis Discussion.**  
Tennis is discussed. A only boys are members of the association, and girls play tennis as much if not more than the boys. At the athletic association meeting some suggested that the tennis club be made an auxiliary of the association and smaller dues be charged to defray expenses of putting the courts in condition. But this was voted down and the association will not have charge of the courts. Tennis is the most popular game; the players coming early in the morning and remaining sometimes until dusk. Although the association will not have control it is assured that tennis will not suffer.

**No Track Team.**  
No track team can be gotten together this year, as no gymnasium is at hand—and depending for practice out doors is too unreliable. There

**EXCURSION TO ST. LOUIS**

**THEATRICAL NOTES**

**AT THE KENTUCKY.**  
Willard Mack, Maude Leone and company, in repertoire of standard comedies.

Thursday—"Madam Satan."  
Friday—"The Christian."  
Saturday—(Matinee and Night) —Comedies.

**"Madam Satan."**  
The Shelbyville Republic has the following to say of the Mack-Leone company which plays "Madam Satan" at The Kentucky tonight:

"Theatergoers are beginning to realize that they have the best week stand company that has ever appeared in this city at the opera house during the present week. The attraction last night was "Madam Satan" and Miss Leone in the leading character, wore some of the prettiest costumes ever seen on the local stage. The play in itself, was the strongest of the week. Tonight the company will present for the first time in this city, "The Little Minister," one of J. M. Barrie's plays. Judging from the amount of telephone orders for seats and the people buying them at the advance sale, choice seats will be at a premium when the curtain raises on the first act tonight."

This was their opening bill of their first engagement and it is repeated by request of a number of admirers.

Two well pleased audiences witnessed "Janice Meredith" yesterday afternoon and "A Bachelor's Romance" last night.

**Minstrels.**  
Kentucky Friday, March 22, Richards & Pringle's Famous Georgia minstrels play at The Kentucky.

**March of Minstrelsy.**  
"Miraculous March of Minstrelsy" is the way the New York papers commented upon the "Dandy Dixie Minstrels" and the "Cotton Pickers' Band", which played all last season engagement on the Roof Garden of the New York theater last summer. The acme of twentieth century minstrelsy has been achieved by Messrs. Voelckel & Nolan in their latest offering to patrons of the black face art. Not only in the matter of scenery, costumes and electrical effects which please the eye, but, what is more important, a coterie of clever and capable performers who are the recognized laugh-producers of the world. Campbell Bros., who have come to be a household word, head the big organization which will be seen at The Kentucky Monday next, matinee and night.

**RIVER NEWS**

**River Stages.**

Cairo	37.1	0.8	rise
Chatanooga	11.9	0.4	fall
Cincinnati	50.3	8.7	rise
Evansville	31.3	3.9	rise
Florence	8.5	0.0	fall
Johnsonville	15.7	0.7	fall
Louisville	22.7	10.0	rise
Mt. Carmel	16.3	6.2	rise
Nashville	24.5	1.9	rise
Pittsburg	31.1	18.4	rise
Davis Island Dam—Missing.			
St. Louis	18.2	2.9	rise
Mt. Vernon	28.8	2.5	rise
Paducah	30.8	0.7	rise

Cincinnati registered a rise in the river yesterday of 14 feet for the 49 hours preceding. This big leap upward with local rains has made the river here stop falling and turned back up the full 7 since yesterday morning. The stage today was 30.8. March 14 last year the stage was 20.7. All through last night and today business at the wharf was tremendous. Rainfall in the last 24 hours was 1.30 inches. No damage is reported from the wind and thunder storm.

While the Dick Fowler was coming into the city last night, the tiller rope broke and the wind carried the boat over to Owen's island and rammed into the Castalia. No damage was done, and despite the crippled steering gear, the Dick Fowler managed to get back to the wharf to tie up. Business last night was heavy for the Dick Fowler and this morning it was 30 minutes after time before the trip to Cairo could be started.

After two weeks' lay-up here for repairs the Harvester left this morning at 7:30 o'clock for Turner's

**RANGE SALE**

landing after the tow of 38 barges. It will be hard pulling up stream today in the face of the wind and the crest of the flood, which is coming down from Cincinnati.

P. J. Cheever, master at arms of the Wasp, received a telegram last night authorizing him to call for bids from the coal companies for 70 tons of coal to be delivered at Cairo on March 18. It is supposed that the gunboat has enough coal to last through the Paducah trip. Charley Koph, who went down to Cairo yesterday to meet the Wasp for the West Kentucky Coal company, returned last night without having

seen the boat. At 7 o'clock last night the Wasp had not arrived at Cairo. The last telegram from the commanding officer at Memphis said the Wasp would be here Friday forenoon.

The City of Saltville will arrive today from St. Louis on the way to the Tennessee river. More business than could be handled on schedule time was the cause of the delay in the arrival of the Buttorf from Nashville. The Buttorf arrived at 8:30 o'clock last night and left at 4 o'clock this morning.

The Kentucky will arrive tonight or in the morning from the Tennessee river and will wait over until Saturday before returning.

A telegram from Memphis says that the Peters Lee did not get away for Cincinnati until Wednesday afternoon and will arrive here Friday afternoon. The Georgia Lee will pass down from Cincinnati for Memphis on Saturday.

The Joe Fowler was today's Evansville packet and as usual the Thursday business was heavy.

There's only one way the packets in the river trade out of Paducah can monopolize business and that is by putting on more boats to handle the business. It is evident from the capacity trips being brought in by all the packets now, that competition is going to spring up unless it is forestalled by the old companies adding more boats. The healthy tone of the river business here is evidenced by the fact that not a boat, towboat or packet is lying up for lack of business.

New Style Barges.  
Louisville Herald Monday says:

Something new in the shape of barges was seen yesterday on the river passing through the canal from Pittsburg on the way to Havana, Cuba. The new boats are made entirely of steel, to resist the action of the high seas of the Gulf and are decked over like any seagoing vessel. The barges, of which there are three, are equipped with hatchways on the top, through which the coal is passed below the decks, where the water cannot possibly reach it. They are operated by the Monongehela Coal and Coke company, who will use them continually between here and Cuba.

**Official Forecasts.**  
The Tennessee, from Florence to the mouth, no material change during the next 24 hours.

The Ohio at Evansville and Mt. Vernon, will rise rapidly during the next 24 to 36 hours. At Paducah and

Cairo, will become stationary this afternoon or tonight and will rise thereafter during the next several days.

The Mississippi from below St. Louis to Cairo will continue to rise during the next 24 to 36 hours.

The Wabash, at Vincennes, will continue to rise rapidly during the next 24 hours, probably passing the flood stage, Thursday. At Mt. Carmel, will rise rapidly during the next 36 hours, probably passing the flood stage tonight or Thursday morning.
