### HAVE YOU SEEN IT

### POPULAR PRICES

### PREVAIL AT CASINO AT WALLACE PARK.

### Free Moving Pictures Attract Crowds to Hill Top Every Night at the Park.

Hot weather is driving the people to the breeze swept hills of Wallace park, and Manager Malone has provided the best amusement of the season for this particular hot spell. A good stock company is occupying the Casino at popular prices, and presenting bills that please large audiences. On the hill top before the performance, free moving pictures are exhibited, and the slides are among the best ever seen here. The reduction in prices at the Casino has increased the patronage.

### Corns and Tender Feet.

For home treatment of corns remove all the hard skin that you can, then soften it in warm water and rub with cold cream, vasoline or any softening salve you prefer. Let this be done at night. The next night begin by softening the corn in warm water, rubbing with a pumice stone, finishing with cold cream. If you will persevere with the warm water, pumice and salves every night you will be at peace. Even dry rubbing with pumice is good, with the salve both night and morning, says Woman's Life. When the feet are weary and tender through long standing or walking through the day there is nothing which will give more relief than a warm foot bath in which has been dissolved a handful or two of sea salt. Bathe the feet and legs with this for about ten minutes and then rub well with a good rough towel. The effect is delightfully refreshing, and if you do this just before going to bed insomnia for that night, at any rate, is not likely to trouble you.
