## BENEVOLENT CHIEF COLLINS APPREHENSIVE

"Stung again," is the belief of Chief of Police James Collins. Last week a young fellow named Purchase appeared at the city hall with his young wife. They were stranded in Paducah and wanted to get home to southern Illinois. Hearing that Chief Collins was a benevolent man, they went to him first. With them they took a large heavy dry goods box and a trunk. They took the trunk away, the husband declaring that it contained all the clothes he and his wife had. The box was left as security and the chief advanced them \$8 to get home on. This is the last heard from them, and Chief Collins is contemplating opening the box to see just how badly "stung" he is.

## LOVE OF BOOKS IS SUBJECT OF LECTURE

There was a fair crowd of children and grown folks at the public library this morning to hear the Rev. W. H. Finnesher deliver his lecture on "The Love of Books." Dr. Finnesher told how he had grown to love his books, and said that the first book to inspire his affection was Mark Twain's "Tom Sawyer." The lecture was interesting and at the same time instructive, and at its conclusion he promised the adults that he would deliver a lecture for them, at the library, sometime in the next week or ten days. Dr. Finnesher is a son-in-law of Mr. H. Wallerstein, and with his wife has been visiting in the city for several weeks. ## Burglar Found Everything Had Been Conveniently Arranged for Him

Working with front window curtains up, and within full view of passers, burglars successfully raided the office of E. W. Whittemore, a real estate man occupying downstairs office on the west side of the Fraternity building last night, securing \$9.45 in cash. Entrance was effected through a rear window, which was not locked last night. A screw driver found in a desk in the ante-room was used in prizing open the cash drawer in the small safe, which had by oversight been left unlocked. Every desk was entered and papers and records strewn about the desk and office.

## NEW COAL TIPPLE TO SUPPLANT OLD

### Company's New Equipment Will Facilitate Handling of Fuel at Riverside.

Another improvement of benefit to river traffic will be the new coal tipple that will be built by the St. Bernard Coal company, the work to start in two or three weeks. At present the company is waiting for the arrival of the long pine timbers used in the construction from the south, and on its arrival Manager Joseph Bishop will push the work.

For over 20 years the coal tipple has done service and to repair it would almost be useless. It is located on the river bank in Meacham'sburg just this side of the Paducah Coopers company. No increase in size will be made, but some modern improvements will be adopted that will make the new tipple an advantage over the old one. All of the company's coal is shipped from the mines by railroad, and at the tipple it is loaded on barges for the supplying of the company's large river trade here. Mr. G. W. Bass, the foreman, will superintend the construction. The cost of the new tipple will be \$7,000, and will be a big improvement over the old one, which will be torn down.

A peafowl, probably one of the oldest on record, died in Paducah yesterday afternoon of old age. It belonged to Mrs. Tobias Kettler, of 231 South Third street, and would have been 30 years old the fifth of August. The peafowl was bought soon after it was hatched by Mr. Kettler and had been kept in the family since. It showed remarkable vitality until a few days before death, when it became weak and passed quietly away.

## STREET FIGHTING RESUMED AT SEOUL

### Japanese Finally Put Korean Soldiers to Flight by Firing on Them.

Seoul, Aug. 2.—Rioting and street fighting were resumed today. A demand by the Japanese cavalry at Little West Gate barracks for surrender of the Korean soldiers' supplies started trouble. The Koreans were finally driven into quarters by a heavy fire from the tower gate. Machine guns then were brought into play by the Japanese. A guard of Japanese was thrown about the American consulate today.

Then having dispersed the Korean army, though not without desperate fighting and heavy losses on both sides, the Japanese troops have restored a measure of order in Seoul and are now busy with wholesale arrests of Koreans.

## CHURCH UNION UPHELD BY COURT DECISION

## MISSISSIPPI IS FOR JOHN S. WILLIAMS

### Returns From State Indicate Defeat of Vardaman.

### Gubernatorial Race Will Have to Be Run Over as It Requires a Majority.

### FULL VOTE OF STATE POLLED.

Jackson, Miss., Aug. 2.—There is no longer any doubt of John Sharp Williams' victory over Governor Vardaman for the United States senate. The only question being of majority. Williams' campaign committee claims a lead of 15,000.

In the gubernatorial race Scott is leading with a handsome vote. He will hardly get a plurality in the first primary, and will have to run it off with Senator Noel, his closest competitor, in the second primary. Going to Island creek at the head of Broad street, where Cross creek empties in, he went in bathing with companions. ## Bids For Tannery Wednesday.

Wednesday at noon instead of Monday bids for the construction of the new tannery must be in. This change was made owing to the time taken for the sub-bidders to get in their bids, and the nature of the plant requires much time for contractors to figure out the cost.
