ACCUSED IRISHMEN GO FREE.

Efforts of the Government to Convict "Cattle Drivers" Fail.

Dublin, Dec. 7.—The jury before which James P. Farrell, Irish nationalist member for North Longford, and forty other men were being tried on charges of taking part in an unlawful assembly, has disagreed. This has been the result of all but one of the many trials held during the past fortnight throughout Ireland of men charged with cattle driving and inciting to riot in spite of the fact that the presiding judges had pointed out that according to the evidence the men clearly were guilty. It is openly understood that Mr. Farrell organized several cattle drives and encouraged the movement.

A Mixture Which Makes the Kidneys Filter Out Poisons and Waste

BE SURE TO TRY IT ANYWAY

All medical authorities are agreed that the blood is the great source of disease or of health in the human system. If the blood is pure, the individual is strong and healthy, if the blood is impure or diseased then there is sickness or decay in the whole system.

Rheumatism is strictly a blood disease. It is caused by excessive uric acid. Sores, pimples, etc., mean bad blood. Catarrhal affections must be treated through the blood to get permanent results. To get well, to feel strong, hearty and vigorous one must have good clean blood and lots of it. You can't clean the blood thoroughly unless the kidneys are made active. Bad blood means clogged, inactive kidneys and liver which causes, too, such symptoms as backache, nervousness, bladder and urinary difficulties and other sympathetic troubles.

Here is a simple home remedy and the Recipe for making it up is as follows:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime. The ingredients can be obtained at any good prescription pharmacy at small cost.

Here the readers of this paper have a simple yet powerful and effective remedy for all forms of blood, kidney and bladder diseases which should relieve rheumatism and catarrhal affections and replace that worn-out, indifferent feeling with strength, vigor and health.

TO EUROPE

FIGHT FOR CONTROL OF ILLINOIS CENTRAL EXTENDS.

Fish and Harriman Interests Busy Over There Getting Their Proxies.

New York, Dec. 7.—Echoes of the war which is being waged in Europe over the control of the Illinois Central railroad between Staynesant Fish and the Harriman interests are beginning to reach America, and they show that the campaign is being waged with even more fierceness in England than it was here. Mr. Fish's representatives are laying great stress on the point that the alliance between the Illinois Central and the Union Pacific is of more value to the latter than to the former. In reply to this,

Cornelius Vanderbilt, a director of the Illinois Central, but not connected with the Union Pacific, has issued a statement which is being used by the Harriman interests as an argument with the English stockholders whose proxies Mr. Fish is seeking. Mr. Vanderbilt states that the alliance with the Union Pacific and the Southern Pacific are of the utmost value to the Illinois Central, and that if Mr. Fish is successful in obtaining control of the road his attitude will make it impossible for those roads to continue their relations with the Illinois Central.

Is Too Much Money Harmful to American Women?

"When our foreign critics speak of the American woman they have in mind the wives and daughters of unwisely chivalrous men, who have blindly allowed their women folk to pursue ignorant and half-baked ideals of emancipation."

"Almost without exception, her attempts at a career have been futile, and often they have been notably, even pathetically, ridiculous."

"Lacking all vital contact with life, ignorant of all the deeper wells of human impulse, her mind and her very good looks are as superficial and as trivial as her activities."
