INNOVATION ON I. C. ROAD.

Individual Drinking Cups Will Be Placed on All Coaches.

Arrangements are being made by the management of the Illinois Central railroad to place individual drinking cups in all coaches, parlor and cars of every description of the entire system. The cups will be either of paper or paraffin.

Both kinds will be used for a while, and whichever the public appears to desire will be retained. The cups will be in penny slot machines, which will be placed beside the water coolers at the end of the cars.

These will not displace the glasses or free cups, but will be in addition for those who want them.

For some time officers of the road have been figuring on schemes that would insure better sanitary conditions surrounding drinking cups.

This is one of several innovations made by this company during the past few months in the improvement in passenger service. Recently an order was given on this road that meals must not be called in sleeping cars or coaches. This has resulted in better service in dining cars and has eliminated, largely, crowding.

CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing into the root of the hair, causing the hair to fall out, digs up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without curing the dandruff, and you can't cure the dandruff without killing the dandruff germ.

"Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. \$1.00 bottles guaranteed. R. W. Walker Co., Special Agents.
