PETER PURYEAR, Notary Public. My commission expires January 10, 1913.

Daily Thought. The rays of happiness, like those of light, are colorless when unbroken.—Longfellow.

Can we lay the responsibility for this hot spell on the comet? Congress is exceeding the speed limit, in an effort to get ready for adjournment this week.

Taft got out his big stick yesterday, to use on those obstreperous opponents to the postal savings bill. We are anxious to see if it is as effective a result getter as Teddy's.

Those are strange folk out west. Reno, Nevada, is reported to be more excited over securing the Jefferson-Johnson prize than it was over the big gold discoveries a few years since.

The Democrats have trotted out their first candidate for the presidential nomination, in the person of Governor Harmon, of Ohio. He is some candidate, too, and will be a factor in the next convention, Mr. Bryan to the contrary, notwithstanding.

Two more stars were added to the American flag the past week, when New Mexico and Arizona were admitted to the union, making forty-eight in all. The citizens of the two states held great justification meetings a few nights since, and gave three rousing cheers for Taft.

Constitutional conventions will be held shortly, now, to draft constitutions in both states. The constitutions have to be approved by congress and it is intended to have them ready by December. New Mexico is a conservative community, and will be Republican by about 5,000. Arizona is safely Democratic.

KENTUCKY IS HONORED. That was a nice compliment, and an appreciated one the governors paid Kentucky, when they selected Frankfort as the next meeting place for the House of Governors, an organization of the governors of all the states in the union, formed for the exchange of ideas in state government. It is timely, too, since we have just completed our new state house. We shall have a mansion to show them, of which any state would be proud.

CAPTAIN FARLEY FOR SECRETARY OF STATE. The news drifts through from Frankfort that Captain Ed Farley may go on the Republican ticket next year for secretary of state. We are for him. The genial captain has shown what a business man in the treasury's office can do with a critical situation. His administration of the office has merited the praise of those in a position to know what he has accomplished. Captain Farley has made many friends in both parties since going to Frankfort, and he would add great strength to the ticket.

Elgin Tyler's wife has got a divorce. She took the children and the furniture and Elgin took the blame. After ever-buddy gets paid in full the family doctor gets a dollar on account.—Indianapolis Star.

Henry Watterson on Roosevelt's Return

In all the English language fitter words could not have been chosen than those employed by Theodore Roosevelt to express his sense of home-coming. It was a wondrous reception. Nothing like it was ever known before. The height on which it leaves him is a dizzy height. How shall he maintain his footing there?

"Above Bleeker street, still in the downtown district," we quote the report, "a man with a megaphone yelled. 'Who will be our next president?'" "And, as though by prearranged signal the crowd answered 'Teddy!' in one stentorian shout."

There we have the false note in the spirit of our age; the materialistic forcing its way through everything; the bird-in-hand the common aim. To get rich—no matter how—to get office, no matter why, represents the average point of view. As a consequence the thing we have named "graft" has become universal.

Kentucky Kernels

Big carnival week starts in Hickman tonight. A man and woman murdered in Breathitt as result of feud. Mr. Daniel O'Reagan dies of heart failure in Bowling Green.

Farm hands and cooks have gone on a strike in Boyle county. The Kentucky Press association holds annual meeting in Middlesboro.

Wheat growers consider advisability of pooling crop in Daviess county. Heine Peltz resigns as manager of Louisville club of American association.

Mrs. C. S. Coleman, of Gracely, died yesterday from complication of diseases. If given the nomination Governor Willson will support Judge O'Rear for governor.

Lightning killed Claud Overby, of Henderson county, while he was un hitching team. Calloway and Bryan Noble were seriously wounded at an ice cream supper in Utopia.

A bold attempt was made to wreck fast Cincinnati southern passenger train near Danville. Mrs. Higgins, of Greenup, accused of being an accessory to the murder of Will Culbertson, is given eight years in penitentiary.

UNION, THE REAL MONUMENT,

Says Vice-President Sherman 'Unveiling Federal Memorial. Syracuse, N. Y., June 22.—The orator of today at the unveiling here today of the monument to the soldiers of the Civil war was Vice President James Sherman.

As he looked upon the fresh granite and newly molded bronze, of the impressive monument just unveiled, the vice president pronounced it to be a fitting recognition of the passionate patriotism which held together the states of the Union.

"This is but one form of testimonial to the boys in blue," said the vice president, "and its value and meaning are multiplied and intensified because there is not lacking other forms of expression of the people's gratitude to the nation's preservers."

For the veterans still living he pointed out that nearly half a hundred soldiers' homes offered care and comfort to nearly 40,000 maimed and infirm, who have suffered from the wounds and hardships of war. A generous government with lavish hand had made provision, he said, to aid the living and help or succor the dead survivors of the hero dead by pensions.

REPUBLICANS NOMINATE.

No Opposition to State Candidates in Minnesota. St. Paul, June 22.—The following nominations were made by the Republican state convention, there being no opposition to the candidates: For Governor—Adolph Eberhart, Attorney-General—Geo. T. Simpson.

Secretary of State—Julius Schmah. Member of the Board of Railroad and Warehouse Commission—Chas. F. Staples.

gret that once they place him at their head." The man with the megaphone, on Broadway, and the answering throngs, not only echoed the words of the mayor of Rome and the thought of all Europe—that Theodore Roosevelt is again to be President of the United States—but he and they uttered the idea that has made its lodgment in the minds and hearts of myriads of unthinking Americans who are blinded by the concrete in hero worship to the spiritual; good and honest people who vainly imagine that the disease of graft which ails the body-politic will be cured by one doctor, and only one doctor, using a single remedy and a remedy that never yet worked a single cure; the strong man invested with power more or less absolute and arbitrary.

Our wandering Ulysses is home again. He has spoken. He has spoken like a man. He has spoken like a patriot. He has spoken like an American. We do not believe that he has the remotest thought of ever again becoming a candidate for office. What could office do for such a man except to consign him to the category of the vulgar herd and lower him in the esteem of half his countrymen?

But there is a great place for him and a great future. Let him but declare his independence of machine politics and proclaim himself chief justice of the high court of political arbitration, and he will be so accepted by the enlightened and the progressive of all parties; its purpose the purging of the public service; its jurisdiction wherever the need arises; its authorization and authority, perfect disinterestedness and transparent procedure, master of itself, equally free and fearless of the hand-made statements and tin-horn energies of both the Democratic and Republican parties, where they run counter to the public honor and welfare, to justice and integrity; such as we are seeing at this moment in Mr. Roosevelt's own state of New York and in the state of Illinois.

Delightful Morning Euchre.

Misses Bernice and Joe Miller entertained most charmingly at euchre this morning. It was a pretty planned affair and the rooms were attractive in the arrangement of vases of pink and white sweet peas throughout. After the game a delightful ice course was served in the pink and white scheme. Miss Rosebud Hobson captured the first prize, pink silk hose, and Mrs. Harry Singleton the lone-hand, a dainty baby Irish dutch collar. The consolation, a pretty pink fan, went to Miss Lillian Abbott. A bouquet of carnations was presented to Miss Polly Henry Sullivan, the guest of Miss Ethel Sights.

The guest list included: Misses Polly Sullivan, of Elkton; Corinne Winstead, Fred Paxton, Jane Stevenson, Robbie Loving, Marjorie Lovins, Lillie May McGlathery, Katharine Donovan, Rosebud Hobson, Hazel Rhodes, Helen Van Meter, Lillian Abbott, Nell Thompson, Loucille Well, Ethel Sights, Nella Hatfield, Amie Dreyfus, Vera Johnston, Hannah Corbett, Sarah Corbett, Allie D. WOULD STOP THE SMOKING ENGINES

ILLINOIS CENTRAL CAUTIONS ITS ENGINEERS AND FIREMEN.

Relief from engine smoke is promised a long suffering public. Engineers on the Illinois Central railroad have been instructed that the locomotives must be fired so as to eliminate thick, black smoke, when rilling into a station. Also the engineers, in starting their engines, must be careful that dirty water is not thrown out of the smoke stack. The orders are greeted with pleasure by the general public, as a railroad station is dirty enough at the best.

LA CENTER BALL TEAM CORRECTS FALSE REPORT.

La Center, Ky., June 21, '10. Paducah Sun, Paducah, Ky. Gentlemen:—A misleading statement occurs in the issue of your valuable paper of the 20th inst., which I am requested to answer and to ask that the same be corrected. Under the heading, "La Center quits," you make the announcement that the La Center baseball club forfeited a game to Kevil by the score of 9 to 0.

No such a thing happened last Sunday. Without a wrangle La Center won a five-inning game from Kevil with but seven of its players on deck, the others being substitutes, by the score of 7 to 4, in favor of La Center. The game was not commenced until after 2 o'clock and before the game was called the managers of the rival teams agreed that but five innings should be played on account of the lateness of the hour. This was done and La Center won by the score aforesaid.

You also say that McNeil secured a home run. This also is untrue. It was only a three-bagger. La Center in Ballard county, and to prove our contentions, we now extend a challenge to Kevil for next Sunday, or to any team out of Paducah, barring the Indians. And if they don't believe it, come and see.

Mr. Editor a baseball man hates to be misrepresented. Your correspondent from Kevil, whoever he is, either can't see or else he seeks to injure your paper by giving out for the sake of a little cheap notoriety a willful untruth.

Now if you want the truth about the game, it is set down herein, and you can bet your life on it.

Levan, I, or one of my deputies, will, on Saturday, June 25th, 1910, between the hours of 2 o'clock p. m. and 6 o'clock p. m., at the mouth of Clark's river, county of McCracken, Kentucky, expose to public sale, to the highest bidder, the following property (or so much thereof as may be necessary to satisfy the amount of the plaintiff's debt, interest and costs), to-wit:

N. Levan.

Terms: Sale will be made on a credit of three months, bond with approved security required, bearing interest at the rate of 6 per cent per annum from day of sale, and having the force and effect of a law replevin bond.

MARKET BENCHES LEASES EXPIRE

RENEWALS WILL BE GRANTED PRESENT OCCUPANTS.

The market house was the topic of most of the discussion at the regular meeting of the board of public works last night at the city hall. This year the same custom of leasing the market benches to growers will be carried out. It is the intention of the members to favor the growers and not permit the hucksters to have a monopoly of the produce. June 30 the leases on the benches will expire, and for the remainder of the year the benches will be leased again to all the present occupants. All new applications for benches will be considered by the board July 2.

Marketmaster Senser reported that some dealers were selling bad eggs on market, and he was instructed to secure warrants if marketers or hucksters persisted in violating the city ordinance by selling impure food.

City Engineer L. A. Washington reported that the cost to construct a sewer to drain property near the Hickleville road would cost about \$6,000. It will be necessary for the county to co-operate as to extend the sewer to the city limits and not to the creek would be without good results. No action was taken by the board.

It was reported that the Paducah Traction company had arranged the double curve at Twelfth and Clay streets so that it did not touch the curb line. In making the sidewalk improvements it was necessary for the traction company to remove its curved track to the middle of the street.

For brick used in making a driveway to the new Central station, \$246.79 was charged against the apportionment for the fire department instead of the street department. E. B. Bell reported that \$40 worth of crude petroleum oil had been sold to private residents for private uses.

Two wells on North Twelfth street will be filled. The wells are located on streets to be improved, and it will be necessary to fill the wells which were formerly used for fire protection.

President Richard Rudy requested each department to make an estimate of the money necessary to pay the expenses for the remaining months of the year. If some of the departments can go through the year without using all the money allowed the street department will be able to use more oil on streets this year. It is hoped to spend about \$500 more for oil. The members of the board are besieged daily by residents who want streets in front of their property sprinkled.

Next year the board will not begin oiling the streets until June. In the spring months the rains interfere with the work, while the ground is too chilly to permit the oil to soak in thoroughly. The streets where the oil was placed in warm weather are much better.

Those present at the meeting last night were: President Richard Rudy, Secretary Louis F. Kolb and Mr. Finis Lark.

News of Theatres

With only two acts, but both of them good, a reel of pictures and the illustrated songs, the Kentucky theater has a show that is in every particular praiseworthy this week. The bill is one act short, but that is no fault of the management, for when their other act did not show up Monday they tried to get another act, but were unsuccessful. Kinzo is a Japanese with a juggling act that has a little bit of anything of the kind that has been seen in Paducah bested, and the McMasters are very fine acrobatic and fancy roller skaters. The comedian of the act furnishes some good wholesome laughter with his "funnyisms." The moving pictures show some studies of flowers and a fine dramatic subject, and Mr. Nees sings several songs. A complete change of program will be made at Thursday's matinee.

Have you paid your city taxes yet? The penalty goes on soon, you know, and you might overlook this matter. It would be best to look after this today.

Frank Scott, Jr., will arrive this evening from St. Louis on a visit to Pittman Harth and other friends.

In Memoriam.

In memory of Sovereign Katie Smith, member of Manchester Grove, No. 29. Whereas it has been the will of Almighty God to remove from our midst our beloved Sovereign, Katie Smith.

Resolved, That Manchester Grove has sustained a loss which never can be filled. In the home, in the lodge room, her sweet presence was ever felt and her gentle kindness never forgotten. Ever the same today, tomorrow, that sweet smile was always at home upon her bright countenance. As a woman, friend and neighbor her place can never be filled by those who knew her best.

Resolved, That a copy of these resolutions be sent her family and written upon our records, and that our charter be draped in mourning for thirty days.

Sleep dear Sovereign, sleep. Into that mysterious deep. Soon shall we join thy restful slumbers. Like pure and numbers. Us among his fold; When we shall clearly know and understand; When tired feet, with sandals loosed may rest; Then shall we say God knew best.

Sleep dear Sovereign, sleep. And sweet be thy repose. From earthly cares a sweet release. How much we miss thee God but knows.
