These have been compelled to get along with the crude attention of a field hospital since the flights at Cerro Prieta, three weeks ago, and at Peternales and Malpaso.

The government reiterates its statement that the pass was occupied and a junction formed by Gen. Navarro with his reinforcements, without seeing the enemy. There could be no better confirmation of this than the fact that the government train is now in the pass, which was formerly the insurgents' stronghold.

The latter apparently exercised discretion and retired in the face of a greatly superior foe.

Rebels to Have Navy.

New Orleans, Dec. 30.—The former United States cruiser Detroit, which this week was sold to a New York broker by the government for \$200,000 will form the nucleus of a fleet to be sent against the gulf coast of Mexico by the insurgents, according to news from the Mexican junta today.

Federals Take Malpaso.

Mexico City, Dec. 29.—Malpaso said to have been the stronghold of the revolutionists in the state of Chihuahua, was captured by the federal forces today according to a telegram received here by government officials.

Officials told press correspondents that as soon as the troops under Gen. Lute joined those of Gen. Navarro near Peternales yesterday, plans were made to advance upon the position held by the rebels.

Accordingly a reconnoitering party under Gen. Cordilla Esquedero of about 100 men was sent out this morning to locate the position of the enemy.

The troops advanced toward Malpaso and were fired upon from the sides of the canyon by the rebels. Gen. Esquedero ordered his men to advance upon the rebels' position. After a short skirmish the latter fled, leaving the pass in the possession of the federal forces.

No details of the casualties but it is thought that several were killed on both sides.

Cardova Expects Attack.

Mexico City, Dec. 29.—A special tonight from Cardova, state of Vera Cruz, says that an attack on that city is expected. The telegram stated that a body of armed men numbering 100 attacked San Philipe, Delapuma and Onocca, mountain towns, during the day.

According to the dispatch the government officers were looted and arms were taken from private persons.

Cardova is one of the most important cities on the line of the Mexican railway, and has about 5,000 population.

The Speech That Was Never Delivered.

When the Hepburn rate bill was under consideration in the senate four years ago, Senator Crane learned that Piles, of Washington, a new member, was about to make a speech for it and he didn't wish him to. He took Piles aside and whispered: "You know Senator Flint pretty well, don't you?"

"I do," replied Piles.

"Well, I hear he is about to make a speech. He is a new man and he hasn't done it. We new senators must stand together. We are not expected to talk, and if we do, what we say is ignored and we are looked upon as jokes. By all means, see that Flint saves his face."

Piles turned scarlet. He promised to see Flint—and he kept that speech to himself.—Success Magazine.

REBEL FORCES ARE SPLIT UP

WILL TAKE MONTHS TO CATCH MANY SMALL BANDS.

Navarro Has Malpaso, Thereby Controlling Railroad Line Wounded Federals.

RAILROAD BEING REPAIRED.

Chihuahua, Mexico, Via El Paso, Texas, Dec. 30.—Official notes which seemed to be confirmed by developments indicate that the first stage of the insurrection in western Chihuahua is over, and the second has begun.

The government believes that the insurgents fought their last organized battle at Peternales, two weeks ago, and that they have split into small bands which it will take months to catch and subdue.

There reports are confirmed by the facts that Malpaso, the key of the railroad, is free of the rebels, and that Gen. Navarro is now in control of the situation along the line.

The train ordered to Peternales for wounded was unable to get away from here until early this morning. At noon it had reached San Andres.

As the train proceeds it is repairing the track and restoring the wires, which were torn up or cut by the insurgents. When this work is completed the train will stop at Peternales and take on board 200 of Gen. Navarro's troops.

These have been compelled to get along with the crude attention of a field hospital since the flights at Cerro Prieta, three weeks ago, and at Peternales and Malpaso.

The government reiterates its statement that the pass was occupied and a junction formed by Gen. Navarro with his reinforcements, without seeing the enemy. THOMPSON BURIED

THERE IS NO CLEW TO THE MURDERERS.

Family Employs Detectives to Work On the Case and Track Down Assassins.

Providence, Ky., Dec. 30.—The family of Henry Thompson, the business man of Providence who was found dead in a ravine near Providence, and whose death the coroner's jury accounted for by murder, has been reported to have hired detectives to track down the assassin.

The local police force and the sheriff are hard at work on the case, but from what can be learned no new clews have been found. It is the general belief of those acquainted with the case that the murderer will never be discovered. It is probably the greatest mystery that ever baffled the officers in Kentucky.

The burial of the dead man took place here, the funeral procession being the longest ever witnessed in Webster county.

The body was buried not many yards from where it was found Monday afternoon in Providence cemetery.

Kentucky and Indiana Failure at West Point—Stockholders Get 10 Per Cent.

West Point, Ky., Dec. 30.—J. F. Ramey, state bank examiner, held a consultation here with the officers of the Kentucky and Indiana bank, which was recently closed. Mr. Ramey advised the stockholders of the old bank to call a meeting and go into liquidation.

Mr. Ramey said last night that the

GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of its soaping quickly. This objection has been overcome and by asking almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c. and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by W. J. Gilbert.

DEPEW'S TOGA

THE CONTEST IN NEW YORK IS GROWING LIVELY.

Statements Favoring Democratic Candidates Are Multiplying.

New York, Dec. 30.—Public statements and circular letters favoring the principal Democratic candidates for the seat in the United States senate about to be vacated by Chauncey M. Depew become more numerous with the approach of the first of the year and the time for the convening of the next state legislature.

This contest for the senatorship is of unusual importance because the incoming legislature will be the first that has a Democratic majority and power to send a Democrat to the senate since David B. Hill sat in that body. Edward M. Shepard and William F. Sheehan are the leading candidates, but in the event of a deadlock between them, friends stand ready to press the claims of Supreme Court Justice James Gerard, D. Cady Herriek, G. Sergeant Cramo or Daniel F. Cohalan. Cramo and Cohalan are closely identified with Tammany Hall.

Mr. Sheehan is a New York attorney and partner of Alton B. Parker. In 1894 he was lieutenant-governor, and previous to that speaker of the assembly.

"I understand you are engaged," said Mamie.

"Not yet," replied Maude. "I have several offers, but the engagement rings have not all been submitted for inspection."—Washington Star.

The Famous Rayo

Does Not Strain the Eyes

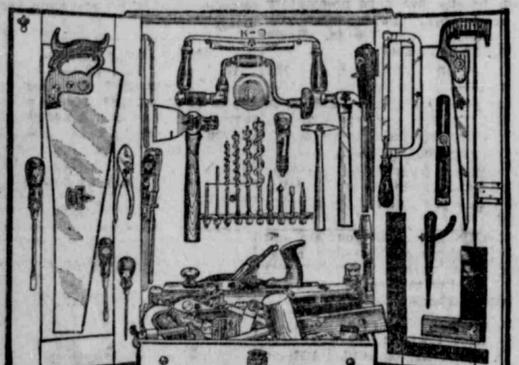

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.
