Daily Thought. "History makes its records in straight lines, which are drawn ruthlessly across human plans and follies."

KEEP UP THE WORK. Not for a day, not just to bring a few hundred families of immigrants to western Kentucky was the immigration association organized, but to guide the stream of immigration into this section year after year until all our waste lands are under cultivation and the country is settled with hardy farmers.

West Kentucky Republicans should make their voices heard in advocacy of the candidacy of Judge James Breathitt, of Hopkinsville, for governor.

CORN-FED FISH FOR CHICAGO German Carp Basis for New Industry of Wisconsin Village.

Kenosha, Wis., Oct. 10.—Inhabitants of Wilmot village have opened up a new industry in fattening fish for the Chicago market.

PUBLICATION PROVOKES KAISER Angered Over the "Recollections" of Chancellor Von Hohenlohe.

Berlin, Oct. 10.—According to the Bohemia, a newspaper of Prague, Emperor William has telegraphed to Prince Alexander von Hohenlohe informing him his majesty regarded as "gross tactlessness" the action of the prince in causing the publication of the "Recollections" of his father, the late Chancellor von Hohenlohe, including extracts from the chancellor's diary referring to the difference between Prince Bismarck and the emperor which led to the former's retirement.

Misses Birdie and Myrtle Hawkins went to Danville, Ill., last night to visit their father.

The Republican convention will meet at the city hall tomorrow afternoon at 2 o'clock. Re-nominations will be offered all members of the general council and school board, but

the choice of a candidate for city judge to head the ticket must be left to the judgment of the delegates. There is a chance to win. The action of the delegates will strengthen or weaken the whole ticket. The man should be chosen who can carry the largest element of the opposition to the Democratic candidate and at the same time command his own party strength. It is not enough to nominate a good man. He must be the strongest man in addition to his honesty. The delegates have a great responsibility on them and they should exercise unhampered discretion in making the selection.

Paducah does not want a mayor for whom office hours have to be prescribed, and the general council does well to withdraw the school boy rule that confines the executive to his office chair. We believe in proper restrictions on the conduct of every public office but not on the personal liberties of the incumbent. The mayor is directly responsible to the people for the execution of his trust and fixing his working hours will not improve his administration. We favor giving the executive the fullest measure of discretion and then pinning the responsibility to him, and we know that is exactly what our Democratic "Uncle David" Velsler would like.

The Independence League of New York, which delivered the Hearst gold brick to the Democratic party, appeals for funds on the ground that it is "making a fight for the people." The announcement of its fusion with Tammany in New York county suggests that the sentence is incomplete—it is "making a fight for the people's votes."

John J. Delaney, corporation counsel of New York City, resigned his \$15,000 position yesterday in a note, containing 18 words. That was one of the most costly messages ever subscribed. It cost Mr. Delaney \$832.32 1-3 a word.

While Bryan was in Europe he complained that President Roosevelt had stolen his anti-trust clothes. He should be happy now, for no one seems to covet his new government ownership breeches.

The passionate red of that Ohio tomato that eloped with a pumpkin and climbed a telepho pole where they were united with electricity, must make its author's ears burn.

Two killed and several wounded in Catcher Cling of the Chicago National League team gave another illustration of the old saw: "There's nothing in a name."

SHOOT BIG GUNS.

Hearst Will Be Target for Speeches in New York.

Washington, D. C., Oct. 10.—The ablest political speakers of the administration will be sent to New York state during the campaign to aid in the fight against Hearst. Secretaries Root and Shaw have already announced that they are to take part in the Hughes fight. Speaker Cannon, at the solicitation of Chairman Sherman of the congressional committee, will fill various dates, and when Secretary Taft gets back about a week from this time he will be asked to take the stump for the Republican ticket, both state and congressional.

NEW HEARST ORGAN IN DENVER

E. J. Livernash to Be Managing Editor of the News and Times.

Denver, Oct. 10.—Hearst will control the editorial policy of the News and Times. Senator Patterson's dailies, after tomorrow, when Edward J. Livernash, former editor of the San Francisco Examiner, becomes managing editor. Although no stock was sold to Hearst, it is generally known that in return for leased wire service and other considerations the papers will support Hearst. The Denver Post, owned by E. G. Bonfile, has long been a Hearst advocate.

WASHINGTON HAS NEW PAPER.

Herald, Edited by Former Managing Editor of Post, Appears.

Washington, Oct. 10.—The Washington Herald, a new morning daily newspaper, made its first appearance here today and creates a favorable impression. It is edited by Scott C. Bowen, for many years managing editor of the Washington Post, and so closely resembles the Post typographically that except for the title line it might easily be mistaken for that paper. Editorially the paper simply announces its arrival and promises a clean, honest and independent policy.

ALMOST CELESTIANIAN.

Inventor of Barbed Wire Fencing Dies in Illinois.

Chicago, Oct. 10.—Joseph H. Glidden, the inventor of the barbed wire fence, is dead at his home in De Kalb, Ill., at the age of 93. Mr. Glidden obtained the idea of making barbed wire fencing from an exhibit made at a county fair in the early '60s by a man named Ross, who had driven some brads through a block, which he then stapled to a wire. Glidden improved upon this idea, and the barbed wire of today was the ultimate outcome.

See the New Store's Overcoats for \$10.00

Today it's Overcoats, and they are great bargains at the price—\$10.00. Timely? Well, did you feel the frost this morning?

Just see the display in our window—Tan color, Covert Top Coats, Venetian lined, cut in the form-fitting, new French style that is so popular, and you will see that again we have made good.

We have the coat in all sizes and it is worth more, but the \$10 price here is in line with our policy.

Drop in to see them; you won't be urged to buy. However, you are urged to watch this space daily, as it means much to you.

PROBATION

Boys Presented for Cutting Off Tail of Mule Agrees to Be Good in the Future.

The county of McCracken has no juvenile jail or place especially prepared to work and confine juveniles guilty of violations of the law, but County Judge R. T. Lightfoot, who by virtue of his office is made judge of the juvenile court, has a way to punish the boys. This morning Edward Walden was presented for cutting off a mule's tail. He did not deny it. "I promptly sentenced the boy to three years in the reform school," Judge Lightfoot stated. "He cried. After I had lectured the youth and made him believe he surely was going up for three years, I talked to him in a more friendly manner. I made him see that he was doing wrong, and he promised to do better. Then I suspended sentence and gave him one more trial."

RUSHED WITH ORDERS.

Coal Dealers Are Busy Today in Paducah.

Those coal dealers who get their coal by railroads are facing a possible shortage. The railroads are worked overtime and the car situation before the cold weather has set in, bids fair to exercise all the ingenuity of the railroads to supply the demand this winter. The mines are working with full forces and still are not able to meet the demand which the first cold weather has stimulated. In the city the demand is large and all the coal dealers are rushed with orders.

BOXERS DRILLING.

Preparing to Attack Foreign Devils in China.

Victoria, B. C., Oct. 10.—Another serious outbreak of boxers is threatened in China according to advices received here. In industrial West Pekin an outrage already has been committed by organized bands of boxers. The movement is spreading and serious trouble is feared unless agitators are suppressed immediately. Boxers are drilling in the hills in preparation for an attack on the foreigners.

To Develop Waterways.

Chicago, Oct. 10.—The development of the waterways of the United States will be the chief topic for discussion at the meeting of the Western Society of Civil Engineers Friday evening, when Hon. Joseph S. Ransdell, member of the rivers and harbors committee and chairman of the national rivers and harbors congress, will be the guest of honor and will deliver an address upon that subject.

Notice to Leather Workers.

Leather Workers' union No. 2 meets in regular session tonight, all members are urged to be present as there will be business of great importance to come before the body. O. ALLEN, Sec-Treas.

FROM BUGGY

MRS. M'K. T. HILL WAS THROWN IN ARKANSAS.

Wife of Well Known Dentist is in a Serious Condition at Datto—No Particulars.

Thrown from a buggy, in a runaway, while riding with her husband at Datto, Ark., Mrs. McK. T. Hill, wife of the well known dentist, of the Hill Dental company, sustained injuries which may prove fatal. Dr. and Mrs. Hill have had their headquarters at Corning, Ark., for several weeks, and were riding to Datto. A message received this morning from Dr. Hill reported the accident, and Mrs. Hill's mother, of Paris, Ky., is hastening to her side. A later message received by Dr. Hill's family states that her condition is unchanged and she is in a semi-conscious condition. Particulars of the accident have not been received.

Resigns \$15,000 Place.

New York, Oct. 10.—Corporation Counsel John J. Delany sent his resignation to Mayor McClellan today. His letter of resignation contained 18 words, and gave no reason whatever for the step. The mayor accepted the resignation in a polite note to Mr. Delany. William B. Ellison was appointed to succeed Mr. Delany. He was sworn in this afternoon. Mr. Ellison has been the commissioner of water supply, gas and electricity. The salary of the office is \$15,000 a year.

Bold Robbery.

Moberly, Mo., Oct. 10.—The boldest robbery in Randolph county for a great many years occurred at Huntsville this morning, when two masked men entered the station, and after locking the agent, an operator and the negro hack driver in a box car, blew the safe open and secured \$200 in money, and made their escape.

Mr. J. F. Harth returned this morning from Philadelphia, Pa.

How the Blood Flow Affects Health.

Few people appreciate the necessity of keeping the blood in every way in good condition if they would have good health. There are two factors in disease, which, by an endless variety of changes and combinations define every departure from normal conditions. These are the BLOOD and the NERVES. They sustain life, and END IT. The blood must maintain a steady, swift and equal flow or bad consequences follow. Every organ and tissue must get its right share of blood, no more, no less. Stop it and the system is soon poisoned with accumulated body sewage, and lack of proper nourishment sets up, headaches, tired, worn out sensations, no life, no energy as other kindred ailments follow. Right the blood flow, and they all leave. This is the Osteopathic theory. It merely goes back to the beginning of disease. It finds most disease is associated with an abnormal blood flow. Especially during the fall and winter months it is necessary to keep the blood flow right. Exercise of the right sort is a good stimulant for circulation, but the dry hot air treatment, followed by the Osteopathic treatments, which I am giving with such marked good results, is the best treatment yet discovered. Why? Simply because they go to the basis. Come to see me at any time and I can easily satisfy you that I can soon build up the run-down system, while you are attending to your usual duties. I shall, too, be pleased to refer you to people you know well who are enthusiastic in their praises of the treatments. My office hours are from 8 to 12 a. m. and 2 to 4 p. m. Dr. G. B. FROAGE, 516 Broadway, Phone 1407.

W.L. DOUGLAS UNION \$3.50 MADE SHOES FOR MEN The guiding motive in W. L. Douglas shoemaking is to produce the best possible shoe at the price—a shoe that has never been equaled. Every move he makes is toward that end. While his unrivalled facilities as the world's largest shoemaker splendidly second the endeavor, yet it would be impossible to produce the \$3.50 shoes which rival much higher priced footwear, in attractiveness, in comfort and in service, were it not for the high standard he has set. People sometimes get the impression that all \$3.50 shoes are of equal value, but if you could see the difference between the shoes made in the W. L. Douglas factory and those of other makes, you would quickly understand why they hold their shape better, fit better and are of greater intrinsic value than any other shoe on the market today. W. L. Douglas guarantees their value by stamping his name and price on the bottom. Even though the price of leather has advanced very materially of late, you will find the same superior quality in W. L. Douglas \$3.50 shoes that have made them the most popular footwear in the world. Washington, Oct. 10.—In a bulletin just issued on the milk and cream exhibit at the National Dairy Show held in Chicago last February, the agricultural department directs attention particularly to the coming of certified milk. Milk and cream produced under sanitary conditions, it says, remains perfectly sweet after being shipped 1,000 miles across the country, put in storage at a temperature of about 32 degrees Fahrenheit for two weeks and then reshipped 900 miles to Washington, where they were stored in an ordinary ice box for several weeks longer. Cream placed in cold storage in Chicago at a temperature of 32 degrees remains sweet and palatable for seven weeks, while samples of market milk remained sweet for a week in the exhibit case at a temperature of about 59 degrees. Adopt New Spelling. Columbus, O., Oct. 10.—The Columbus board of education last night, upon the recommendation of the superintendent of schools, decided to adopt the simplified spelling so far as it is practicable in the schools of the city.
