

Woman's Trials.

The bitter trail in a woman's life is to be childless. Who can tell how hard the struggle may have been ere she learnt to resign herself to her lonely lot? The absence of this link to her marital life together, the absence of this one pledge to mutual affection is a common disappointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous. In many cases of barrenness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescription" fame presides. In all cases where children are desired and are absent, an effort should be made to find out the real cause, since it is generally so easily removed by proper treatment.

In all the various weaknesses, displacements, prolapsus, inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for women's use. The ingredients of which the "Favorite Prescription" is composed have received the most positive endorsement from the leading medical writers on *Materia Medica* of all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his full confidence, which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most careful examination.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women.

BULLET IN LUNG; GREEN WILL DIE

Shot In Back By Unknown Man Last Night.

Negro Car Cleaner of Traction Company Meets With Fatal Reception at House.

HE SAYS IT WAS UNPROVOKED

With a large caliber pistol ball lodged in his lungs Tom Green, a negro car cleaner staggered into the Paducah Traction company sheds on West Broadway, at 11:30 o'clock last night, saying that he was dying. He reeled, fell across the platform of a trailer and remained motionless. Laborers rushed to his side, carried him into the office and summoned medical assistance. Dr. Frank Boyd found Green alive but perhaps mortally wounded. A pistol ball had entered his back just below the shoulder blade on the right side and lodged in the lung. The physician was unable to extract the bullet and had Green removed to his home on Thirteenth street, half a square north of Trimble street. It is the physician's opinion that Green will die.

Green was able to talk, and claimed an unprovoked attack was made on him by a negro. He left the car shed about 11:15 o'clock and walked across the commons from Kentucky avenue to Alice Perkins' house, back of the railroad shops. He claimed he had a message for the woman.

"I knocked, Green explained. "The door was opened and a strange negro ordered me away from the house using a vile name and I turned to go as he shot me. Green ran to the car shed.

This statement was made to officials of the traction company and Dr. Frank Boyd. Green claimed he did nothing whatever to provoke the assault.

The police sweated the woman, but she claimed she knew nothing about the matter. The name of the negro who did the shooting was not learned last night, the woman saying he was called "Pretty Boy." The police are unacquainted with such a character.

Woman Divulges Name. This morning the Perkins woman divulged the name of "Pretty Boy." She was intoxicated last night when brought to the city hall and told several different stories about the affair, first claiming that she had been to her aunt's home and knew nothing about it. To Patrolmen Ernest Hill and Dick Wood she said the fugitive's name is Elijah Lewis. He is about 25 years old.

Police Judge E. H. Puryear issued a warrant this morning at 10 o'clock for Lewis, charging malicious shooting with intent to kill, and ordered the Perkins woman locked up for drunkenness. She was fined \$1 and costs.

Is the Moon Inhabited. Why Vinol Is Better Than Any Other Remedy to Restore Health and Strength

Vinol

WE RETURN MONEY IF IT FAILS TO GIVE SATISFACTION

W. B. McPherson, Druggist.

Because Vinol is a real Cod Liver Preparation and does not contain a single disagreeable or harmful ingredient and is not a secret formula.

Because Vinol contains all the medicinal elements—the soothing, healing, strengthening and flesh creative properties of Cod Liver Oil—but without oil or grease.

Because everything in Vinol,—except the tonic iron and a fine old wine,—is actually extracted from fresh cods' livers and their oil.

Because Vinol is deliciously palatable and agreeable under all conditions. Everybody likes it.

Because Vinol tones up the system, strengthens every organ, nerve, muscle and fibre of the whole body and thus overcomes weakness by thoroughly eradicating the cause of disease.

That's Why Vinol is altogether different and better than any other remedy for Coughs, Colds, Bronchitis, and all Throat, Lung and Wasting Diseases.

That's Why Vinol Restores Health and Strength to Delicate Children, Feeble Old People, Weak and Sickly Persons, Nursing Mothers, and Convalescents.

It's Fuel that's Expensive—Not the Stove

A Cheap, putty-jointed stove will waste more than its Original Cost in Fuel every winter.

As you know, fully one-half the carbon available for heat in soft coal is gas—the entire gas supply used for fuel and illumination in many cities and towns being made from common soft coal. The ordinary stove in burning soft coal allows this gas-half of the fuel to pass up the chimney unburned, thus wasting it as a heat producer.

Cole's Original Hot Blast Stove, by means of the patented Hot Blast draft and other patented features, making air-tight joints without the use of stove putty, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal, thus burning all the coal. This is why

Shows Cole's Hot Blast Stove Burning SOFT COAL.

Cole's Original Hot Blast

Saves the Dollars and makes a ton of common \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal.

Your old stove and imitation Hot Blast are not air-tight, do not save the escaping gases and do not give you a warm house at night, because they are made with putty joints. You cannot afford to say to yourself, "My old stove will have to do this winter." The old stove is eating up the price of a new stove every year. Not only that, but on top of the cost is the unsatisfactory result it gives. It is always out the coldest morning.

Even Heat Day and Night—Fire Never Out.

Cole's Hot Blast is so perfect in construction that fire will keep all night, and when the draft is opened in the morning will burn two or three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at an even temperature all the time. Burns hard coal, soft coal, slack, lignite or wood.

OUR GUARANTEE

- 1—We guarantee a saving of one-third in fuel over any lower draft stove of the same size, with soft coal or slack.
2—We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with same heating surface.
3—We guarantee that the rooms can be heated from one to two hours each morning, with the soft coal or hard coal put in the stove the evening before.
4—We guarantee that the stove will hold fire with soft coal 9 hours without attention.
5—We guarantee a uniform heat day and night, with soft coal, hard coal or lignite.
6—We guarantee every stove to remain absolutely air-tight as long as used.
7—We guarantee the feed door to be smoke and dust proof.

For Hard Coal—Saves Half

The extent of unburned gases in hard coal is shown by opening the magazine cover of a base burner when the extra oxygen supplied fills the entire stove with flaming gas.

The fact that no stove putty is used to make air-leaking joints, gives you perfect control over the drafts on Cole's Hot Blast. The slow, economical combustion, and the large, positive radiating surface make it the greatest fuel-saving, hard coal stove made.

Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove?

That is what you do when you buy a cheaply constructed, putty jointed, showy made imitation stove. Like all successful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them. They all lack the patented features and careful construction, which make the Original Hot Blast a great success. They do not stay tight, and soon open seams and cracks which render them worthless as fire keepers. See the name "Cole's Hot Blast from Chicago" on the feed door. None genuine without it.
