KUTTAWA, Ky., July 15.—Captain Stone was shown Mr. Goebel's card yesterday and asked if he had anything to say in reply. My address is Kuttawa, Lyon county, Ky."

PADUCAH, Ky., July 14, 1899. At an informal meeting of some of the Republicans to discuss matters pertaining to the best interest of the Republican party of McCracken county in the coming state campaign it was thought best to organize Taylor Republican campaign clubs among the white and colored voters of the county. Thereupon a club was formed to be known as the Taylor Republican Campaign Club of McCracken county, by the selection of the following officers: J. J. Clark, president; J. J. Doran, vice president; L. L. Bebout, secretary; Capt. J. E. Williamson, treasurer. Adjourned to meet Monday evening at 8 o'clock at the office of J. R. FULL OF SALT.

Mayor Lang Discovers a New Domestic Allment.

A big fat negro woman called at the city hall this morning and mistook Mayor Lang for Marshal Collins. She began to tell the little executive her troubles, and he had to listen, because she got between him and the door and there wasn't room to squeeze by. She declared that one of her neighbors had been calling her a great variety of uncomplimentary names, and that she was a peaceable woman and wouldn't sass back. "I'll tell you, Boss," she said, "dat woman's allus fallin' salt and cayenne pepper." She was referred to the marshal for further action, but Mayor Lang never has discovered what the other woman has eaten, but imagines from the description that she must be a warm member.

CASE LEFT OPEN.

Garfield Cutter On Trial for Seduction.

A mushy mixed case is that of Garfield Cutter, colored, charged with the seduction of Sallie Dugger, who became a mother on June 18, last. He was valedictorian of his class in the recent commencement, and did not die the charge from the first. The girl, who claims to be only eighteen, gave her testimony straight, but it was partially denied by Cutter, and one witness swore that he had been on intimate terms with the girl. The case was left open until Monday for further testimony.

WILL HAVE 'EM.

The Fire Committee in Favor of the Key Boxes.

The fire committee will at the regular meeting of the council Monday night report in favor of the boxes for fire alarm keys, recommended and desired by Chief Wood. The keys will then be kept at the boxes, attached to strong chains to prevent their being carried away, and if anyone is mean enough to turn in false alarms and gets caught at it, he will never turn in another. It is safe to say Chief Wood, however, does not anticipate any of this kind of vandalism.

NEW FILL.

The County Judge Tully went out to Woodville yesterday to inspect a new fill which has just been completed. It supplants the old Fortson bridge, on the Woodville road about ten miles from the city, and is about seven and a half miles long, four feet deep and sixteen feet on the top. It cost the county \$1,200, and is considered a good piece of work.

O'Connell, saying that the latter will be here on the 24th and 25th inst., and be at Dr. Brooks office on North Fifth street, but will call on only white recruits. If any of the boys desire to get out in the Philippines this is their chance, as they will go straight to San Francisco from here.

WHITEHURST BOY BETTER.

Walter Whitehurst, who was kicked by a mule several days ago, continues to improve at the Reddick Rivers infirmary, and is nearly well enough to go home. The doctors think his recovery is quite remarkable, as a portion of his brain as large as half a dollar was left exposed when the bone was removed.

JUNTA MOVES

Philippine Leaders Find a New Government Place.

American Vigilance Prevents Them From Getting Needed Munitions and Supplies.

MANILA, P. I., July 15.—The Americans have been so watchful that they have forced the Filipino Junta to move from Hong Kong to Labuan Island. This vigilance by the Americans has prevented the rebels from getting munitions, and their supply is almost exhausted. The insurgents are greatly disheartened.

WITNESSES SUMMONED.

They Will Go to East St. Louis to Testify.

Assistant Postmaster John Fisher and Postman Charles Halliday have been summoned to appear before the U. S. commissioner at East St. Louis Monday afternoon and testify in the case of Jerry A. Bell, colored, who is charged there with fraudulently obtaining money from the postoffice here.

Bell is about 40 years old, and had been living with his mother on Plunkett's hill. There was a machinist at the I. C. shops here by the name of John A. Bell, who intended to go to South America, and to whom a postal order was sent for \$10 by his brother in Central, Ill. The letter was delivered to J. A. Bell, colored, instead of J. A. Bell, white, and the latter in a few days received a registered letter, and when it was delivered to him he asked about the money order, having received the intelligence that it had been sent him.

It was seen from the records that the money had been collected, and an investigation was begun which led to Bell's arrest in East St. Louis. His mother here, Ann Bell, is 70 years old, and says it is the first trouble her son has ever been into. The officers seem to think there is no doubt as to Bell's guilt. He will be given a preliminary trial in East St. Louis and if found to be the right man, will be brought here for trial before Judge Evans in November.

VIGILANTS WORK.

They Get Into the Jail at Galena, Ill., and Hold a Prisoner.

GAINESVILLE, Ga., July 15.—A mob of fifty men this morning went to the county jail ostensibly to deliver a prisoner. Once on the inside the vigilantes shot to death a farmer, who was confined charged with the murder of William Bell, an Atlanta drummer.

USED A BRICK.

Capt. Bob Owen, of the Belle Owen, witnessed an unusual fight late yesterday afternoon. Two negroes went down to the river bank and began gathering up bricks and circling around each other. They then began to take deliberate aim and throw at each other, all the time dodging and circling. Finally one hit the other in the head and he fell like a log. His assailant ran up to hit him again, but he staggered up and the other made off. The injured man then walked down to the river and washed the blood away and took an opposite direction from the other man.

WAS A SURPRISE TO NED.

Ned Pullen, a colored express driver, was surprised to read in the morning paper today where he had had his skull fractured, and Dr. Hesseig was called to attend him. He was at the union depot this morning in his express wagon, and did not have a scratch on him. He said he did not object to the paper making such mistakes if it wouldn't say that he was hit over a woman. Ned is married and such statements are liable to cause trouble at home. If any one at all was injured as the article stated, it was not Pullen.

BIG CROWDS FOR BLOOMERS

The Bloomer Girls played ball at Central City yesterday and several hundred yokels were hauled by the Illinois Central from neighboring cities to see the game. The pop in that section of the country seem never to have seen such a thing as a female baseball player. Today they played at Princeton, and tomorrow at Paducah. Monday they will be at Hopkinsville.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing cataract. Send for test medicine. It costs 25 cents. Toledo, O. P. Max Hanberry, price 75c. are the best.

HATTIE SENT AN EMISARY.

But She Took Back Father's Bad News to Brooklyn.

This morning a colored man appeared at the city hall and said he wanted to see the "ma'bam". Marshal Collins took him off to one side, and the stranger began. "Oh Mistah Ma'bam, Miss Hattie Irvin she say she want to cum back, and want to know of yo' 'scent' let eh." "Where is Miss Hattie Irvin?" demanded the marshal. "She at Brooklyn." "Well, you tell her to stay there. We don't want her back here at all—never in her whole life," rejoined the marshal, and the emissary from the notorious negroes went back home rather crestfallen over the success of his mission. She is the woman who recently stirred up such a moral odor when she was fined for keeping an assignation house, and has since she got out of the lockup been living in Brooklyn.

INVESTMENT COMPANY.

New One Organized to Buy and Improve Property.

The new investment company referred to briefly in the last issue of the Sun is now an institution of the city. Its organization was completed yesterday afternoon late when the officers of the company were also chosen. The authorized capital of the company is \$100,000 and its objects are to buy and improve realty. The officers of the company, which assures its strength, are: A. H. D. Cole, late of Mayesville, Ky., president; George C. Wallace, first vice president; C. W. Thompson, second vice president; W. S. Taylor, secretary; R. G. Terrell, treasurer; C. K. Wheeler and A. D. Cole, general counsel. The company will soon issue a prospectus and make its business fully known.

GREAT GEYSER.

ST. PAUL, July 15.—The new geyser which recently broke out before the fountain head in Yellowstone National park has been named Dewey in honor of Admiral Dewey. The odd fountain geyser has resumed action on a grander scale than usual.
