

GEN. OTIS

Sends In Report of Another Small Skirmish.

Many Volunteers Have Re-enlisted and More Want to—The Typhoon Over.

WASHINGTON, July 26.—The following cablegram from General Otis was received this morning: "Bandits in Cuba mountains are robbing and imprisoning the people of the coast towns. Monday Lieutenant Moore, with detachment from the Twenty-third infantry, was fired upon from a strongly fortified position in the mountains. One private was killed, but his name was not given. No other cases are reported. The enemy lost five bandits killed and seven captured. General Otis also says 900 volunteers have been re-enlisted for new regiments and that he has two applications and thinks he might cause an additional regiment exclusively among the volunteers. The general also says the Minnesota regiment will leave as soon as the transport Sheridan can be unloaded and coaled. The other volunteer organizations will leave soon as transportation is available. The typhoon has abated.

MILITIA CALLED OUT

To Protect a Jail From a Mob After a Negro.

SAVANNAH, Ga., July 26.—Two companies of militia were ordered to Bainbridge last night because the mob that had killed six negroes during the past few days had besieged the jail in an effort to secure another victim. John Williams, the mob threatened to blow up the jail. The presence of the militia prevented action by the mob.

SAVANNAH, Ga., July 26.—Two companies of militia arrived here this morning to protect the jail against an attack from a mob who swore to lynch John Williams, a negro rapist. The presence of the militia quelled the excitement, but there may yet be a clash. The sheriff declares the story of two negroes being lynched and scaped in the lower part of the county yesterday is untrue. He had only one man, who was lynched for assaulting Mrs. J. G. Wright, one of the assistants of Mrs. Ogilvie, in jail in Montgomery, Ala., for safe keeping.

The Republican campaign committee consists of George W. Long, Samuel J. Pugh and James F. Buckley, Jr. The Democratic campaign will be opened in about two weeks with speeches from Senator Goblet and Chairman Blackburn.

INSPECTOR LESTER.

Expresses Himself Upon the Clay Killings and the Necessities.

BARBOURSVILLE, Ky., July 26.—State Inspector Lester, who has been in Clay county for several days, in investigating the recent killings, has expressed his opinion. He regards the situation as serious, but says the excitement is dying out. He doesn't think it advisable to hold a special term of court for the trial of the felons, as the bringing of the felons together might precipitate another outbreak. The sending of soldiers into Clay county, he thinks, would not stop the killings.

COMING HOME.

Transport Sails From Manila With Returning Soldiers.

MANILA, P. I., July 26.—The first California volunteers, consisting of 48 officers and nine hundred and fifty men, with two batteries of the California heavy artillery and nine officers and eighty-six men and 275 discharged soldiers of other regiments sailed for San Francisco today on the transport Sherman.

Conspiracy charges against ex-British officers have been withdrawn and the prisoners released. The United States transport Tarras has sailed for Manila with Gen. PROBABLY DERANGED.

This is What is Thought of Maud Stovall.

Maud Stovall, the subject of the Farmington sensation, who was intercepted by officers McNutt and Art Brand at her aunt's, near Columbus, last Thursday, and taken to her father's, near Wickliffe, in company with son Cloyd, the young man who found her, and passed through Mayfield with her early Thursday morning, is thought to be deranged. The girl has been very badly treated by having her about over the country in her present state of health and mind, and the excitement has probably deranged her mind so that she cannot give a reliable statement. She is in a pitiable condition, and ought to be kept quiet until she is sufficiently restored to make a statement of the case is the general opinion.

A COFFIN MADE

For Uncle Joe Biggs In Accordance With Dying Request.

BENTON, Ky., July 26.—Uncle Joe Biggs, of the Jonathan creek section of this county, died, at the advance he expressed a desire in case he should die of 89 years, Saturday night.

Several times during his last illness not recover to be buried in a coffin made from a walnut tree standing in his yard, a tree he had planted in his early youth. After his death Saturday night the tree was cut down, and Sunday morning a log from it was hauled to a saw mill nearby. The proprietor of the mill was prevailed upon to start his mill, which soon reduced the log into boards of the proper width and thickness. A carpenter was found, who constructed a coffin, in which the remains were buried yesterday.

MARRIAGE THIS AFTERNOON.

Quiet Home Wedding This Afternoon at Mr. Bradshaw's.

The marriage of Miss Marianna R. Bradshaw and Mr. James Warren Thornberry took place this afternoon at 1:15 o'clock at the home of the bride on West Broadway, Rev. W. E. Cave, of the First Presbyterian church, officiating.

Only a few friends and relatives of the couple were present to witness the quiet ceremony. Mr. and Mrs. Thornberry left at 2:35 o'clock for Louisville, Cincinnati, Washington and other places, and will stop at Mammoth Cave on their return, which will be in about ten days.

BRIDGE NOT GONE.

Judge Tully Found the Report to Be a Hoax.

County Judge Tully went to the country yesterday to see Fortson bridge, reported to have been washed away by Saturday's heavy rain. He reports that the bridge is still there, and has not been disturbed. How the report started is not known, as half a dozen farmers have been in and advised that the bridge was washed away and they saw it, while others claim they have crossed it, and it is safe and sound. Judge Tully's visit set at rest all doubt.

SECOND ATTEMPT.

Hortense Adams Tries Again to Kill Herself.

Hortense Adams, a well known young woman who about a month ago attempted to kill herself by taking laudanum, made another attempt last night and was found in an unconscious condition about 2 o'clock this morning. She took morphine this time, and it was with great difficulty that Dr. J. D. Robertson, who was called, succeeded in saving her life. Dependability is the alleged cause.

SAID SHE WAS POISONED

Mrs. Pruett Said Her Step-Son Did It.

Dr. J. D. Robertson was called to the home of Mrs. Pruett, on South Third street near Madison, last night by the illness of Mrs. Pruett herself. She seemed to be suffering from poisoning and claimed a stepson gave it to her. She was brought around all right, but no definite information could be secured in regard to the case. It is said, however, that she was poisoned by something she had eaten, whether any administered it or not.

POUND OF COAL DOES.

If a pound of coal be subjected to a dry distillation, and the products and residues treated chemically by the processes for obtaining the well-known coal tar colors, the one pound so treated will yield enough naphthalene to color 500 yards of flannel, vermilion for 2,500 yards, and for 120 yards, and alizarin sufficient for 155 yards of red cloth.

TURNED DOWN.

PARIS, July 26.—Gen. De Negre, a member of the French supreme council of war, has been removed in disgrace for speaking in disrespectful terms of the government. Gen. Peleux, military governor of Paris, has been transferred to another post, lower in grade. Both changes grew out of the Dreyfus case.

CLEVELANDSTRIKERS

Presence of Militia Does Not Awe Them.

While Cars are Running Men Only Lying Down—Commanding Officer Rocked.

CLEVELAND, O., July 26.—The presence of the militia has had a very salutary effect on the strike situation here. Practically a full quota of cars are running on almost all the big consolidated lines. Fewer strikers were found on tracks this morning than at any time since the strike began. Cars were operated on a majority of the lines throughout the night. Traffic, however, is light, as the people evidently fear to ride on the big consolidated cars. More troops are expected today. Mayor Farley this morning placed the military in control of the village south Brooklyn. A few constables in the village had begun searching non-union men for arms and the city authorities decided to take the matter in their own hands.

CLEVELAND, July 26.—The mayor has issued a proclamation warning all persons against assembling for the purpose of force or violence against persons and property. Parents are also warned to keep their children in doors.

CLEVELAND, July 26.—Adjutant General Axline, who is now commanding all the troops here, boarded a car this forenoon and went to the most riotous district. Before arriving there his car was stoned, many missiles being aimed directly at him.
