REPUBLICAN TICKET.

For President,
WILLIAM M'KINLEY,
Of Ohio.
For Vice President,
THEODORE ROOSEVELT,
Of New York.

In the last 50 years this is the only presidential election year that hasn't been distinguished by a decided business depression. Trade sluggish, manufacturing dull, and money tight. Now the question, why? will not down. Is it because of a virile and a growing prosperity that cannot be balked by what would usually depress commerce and manufactures, or is it from some other and occult cause? Usually, not to say universally, the people began to feel the depression accompanying the quadrennial struggle within the very early months of the year in which it took place, but certainly with the date of nomination, but thus far, with all platforms understood, all candidates named, and a fair acquaintance with their record by the public, and no sign of even a relaxation of trade or business. Is it not because the people have already foreseen the result with the accuracy and distinctness of the seer and the prophet of old, and are able to say: "All is well, no change from a tried and an untried leader this year, rest in the assurance." It would seem so.

The fact that Davises, Hancock and McLean counties decided Saturday by proclitic conventions, to send untried delegates to the Lexington Democratic convention causes the Owensboro Messenger, which has been against Beckham's selection, to remark: "Davies, Hancock and McLean—these three always stand together for good sense and good politics. Would that some of our neighbors had better insight to the danger that threatens the Democracy of Kentucky." What the Messenger means by the danger to Democracy it refers to this is explained by itself in these words: "Only a deep sense of duty to the Democratic party impelled a majority of the Democrats participating in the conventions to refuse instructions for him. The belief prevails here, as it does in the counties of its own congressional district, where he is best known—five out of nine instructing against him—that his nomination would not be a strong one. Still sentiment and sympathy, among unwise and unthinking people, have worked much in his favor in other sections of the state, and it is not improbable that he may be nominated."

The Democracy of the state in trying to shove Goebelism down the throats of the voters of the state have overreached themselves. Their nominee for governor is to be Beckham, an unthinking, and the Goebel recipient of the office to which he was not elected, whom the people will repudiate at the polls by a vote even the gang will dare not steal.

"Impresario" would be made a great bugaboo to the voters, if the Democrats could fool the people. Yet what does the talk amount to? Do the Democrats really believe that any man of sound and disposing mind can be made to believe that the Republican party wants to destroy democratic self-government in the United States and establish an empire in place of it? Democratic platforms and newspapers chatter about the republic or the empire? Who wishes to change the form of government? Who are the dangerous imperialists who are going to make the country all "slave"? The Democratic party went crazy in 1896, and it is crazier in 1900. To the sixties to one

andness and the delusion about a conspiracy of the money power, it now adds the hyperbolic lunacy of a conspiracy to set up an empire.

The election this fall comes under the federal law, and every ballot-box forger and thief must answer in the United States courts, where political influence does not count and where juries cannot be bribed. We will have an honest election in November, Goebel law or no Goebel law, if the scoundrels who have been disfranchising voters by fraud and intimidation realize their danger.

The Goebel papers are sending out very yellow reports relative to the Powers trial, at Georgetown. Judge Cantrell's warning to be fair and adhere to the testimony has had no weight with the fellows who represent these papers.

Gen. Horatio C. King, a prominent Brooklyn Democrat, announces that he cannot support Bryan, and states that "the Kansas City platform is as far from true Democracy as 'darkness and light.'"

It is significant of the general result when David B. Hill admits that McKinley will carry New York.

Enthusiastic and unprecedented large county conventions were held by Republicans over the state Saturday afternoon. Nobly but Yerkes was mentioned nowhere. The party of the state was never better organized nor more sanguine.

Bryan, the Popocrat, claims an improvement of his chances over those of '96. There isn't one state that was against him then that isn't now decidedly so now and several which gave him their vote then have since shown they would not again, and still others that if they give him their vote at all it will be by greatly reduced majorities. Even Nebraska, which is affected with the usual local pride, will greatly reduce his majority if it does not repudiate him.

"The place to swap horses is not in the middle of the swamp," said Mr. Lincoln, and the American people are almost unanimously of that opinion, hence Mr. McKinley will be re-elected.

The rejection of a juror because of his political affiliation seems to the Sun a new doctrine of the law, and one peculiarly proper to have been discovered by Tom Campbell and Jim Cantrell.

True one of twelve can prevent a conviction, but nine or eleven in twelve can make it decidedly warm for the one, and that will doubtless happen at Georgetown.

THIS IS THE PLANK.
Chicago Inter Ocean: "President McKinley made good at Canton several shortcomings of the Republican platform. In response to the formal notice of his renomination he was called upon to define Republican policy and declare Republican purpose. In so doing he spoke clearly where the platform is vague, strongly where the platform is weak, vividly where the platform is commonplace. After referring to the questions of 1896, the President said: "The Philippines are ours and American authority must be supreme throughout the archipelago. There will be amnesty abroad and liberal, but no abandonment of our duty, no abandonment of our rights. There must be no scuttling policy. "That is clear and specific. No one can doubt what it means. The humblest voter in the land can learn from it that the Republican party is determined to hold the Philippines without sacrificing an American duty. "No outside interference blocks the way to peace and a stable government," continued the president. "Obstructionists are here, not elsewhere. They may postpone but they cannot defeat the realization of the high purpose of this nation to restore order to the islands and establish a just and generous government. "In this campaign the Democrats are represented by Mr. Bryan are committed to the obstruction policy. They are employing all the catch words and phrases of a discredited minority to turn the people away from the consideration of the 'strong national sentiment which finds expression in every part of our common country and the increased respect with which the American name is greeted throughout the world."

MAYFIELD BOOMING.

The New Pains Factory is About Completed and Will Soon Resume Work.
MAYFIELD, Ky., July 14.—The new factory for the Merit Pains company, at this place, has been about completed. The entire cost of the building will amount to ten or twelve thousand dollars. The pains company was organized only a few months ago, but it has grown rapidly, and is now one of the largest factories of its kind in this end of the state. The new building will be ready for occupancy in about four weeks.

The Dewey block, on Broadway, which was destroyed by fire a few months ago, is being rapidly rebuilt, and will be completed in the course of a few weeks. The new structure will cost eighteen thousand dollars and will be finished up in the most modern style. It is to be arranged for three business rooms and a hotel. The property is owned by ex-Secretary of State Hale and Mr. Z. T. Long.

WILL REBUILD.
Mr. W. A. Martin to Let a Building Contract at Once.

Mr. B. A. Martin, the tobaccoist, whose establishment at Tenth and Madison streets burnt a few months ago, will soon let the contract for a new building at the same place. The new one is to be the same size as the old, with a forty foot addition, and the total cost, machinery and all, will be about \$15,000.

THIS WEEK

May Witness the Beginning of the New Street Car Line.

President George C. Wallace, of the Street Car company, stated that work would begin on the extension to the new depot as soon as the ties arrive, and they are expected daily. They were due to arrive last week but failed to come. It is thought that cars will be running to the new depot September 1.

AUGUST 15TH.

This is the Date Set for Completing the New Brewery.

The new Hoerber brewery near Tenth and Harrison streets will be completed August 15th, is the present estimate.

Contractor F. W. Katterjohn has the brick work up fifteen feet.

THE CHINESE AMBITION.

It is to Save Money to Spend in China
A somewhat superfluous law in this country shuts out John Chianman from citizenship. That is no grief to John. He doesn't yearn for the enlightenment of western civilization typified by foreign devils who attempt to restrict his use of opium and even go so far as to deny him the right of gambling. What he wants to do is to live here on 20 cents a day, while making \$2 a day, and as soon as he gets enough surplus, go back to his ancestral hall, where he can support a family in great comfort on something like 12 cents a day. The copyright on this article doesn't prohibit persons with a taste for mathematics from using these figures as a basis for calculating how long it will be before, under present conditions, America has a permanent Chinese population. Of course, John sometimes marries here and settles down. His wife may be a Chinese woman, to whom he was betrothed years before, when she was a baby, and who comes over here in the steerage and under chaperone to fulfill the obligation entered into by her parents, and to find herself the center of considerable celebrations, extending through the streets of the quarter. In the last wedding of this sort the bride was 21 and the bridegroom 50. The betrothal had lasted since her second year. More often the bride is one of the debauched victims of the quarter, and the wedding ceremony is after the American custom, for which the Chinaman has little regard. It matters less that the wife commonly dies in a year or two, rarely leaving any offspring. Opinion does it. To the Mongolian it is one of the blessings of life. To the Caucasian it is mental, moral, and physical decay, then immaturity; then death. There is a third class of marriages not pleasant to contemplate—the union of Chinamen to young Sunday school teachers. There was a time, not long ago, when associations of this kind resulted in several weddings. Many more might have followed had not several outspoken and courageous clergymen delivered warnings from the pulpit of the folly and danger of such alliances; whereupon they were, as a matter of course, denounced in round terms from many other pulpits as enemies to the propagation of the Christian faith.—Leslie's Weekly.

Family Reunion.
The Whittemore (La.) Champion of the 13th, in speaking of the Farley family reunion, says: The reunion of the Farley family was held in this city yesterday, July 12. The last previous general reunion of the family was held in Wisconsin in 1893. The ranks have never been depleted by death and all the children, four boys and four girls, assembled here yesterday to renew the bonds and memories of childhood. The immediate members of the family are: J. M. Farley and Mrs. Creighton, of Whittemore; Ed and John Farley, of Paducah; Wm. Farley, Lyons, Wis.; Mrs. C. Farley, Mrs. Jane Gough and Mrs. George Knight, of Racine, Wis. The combined weight of the "children" is 1480 pounds, the four boys weighing 670 and the four girls 810. The eldest of the family is 63 years old and the youngest is 17.

A number of relatives joined with the Farley boys and girls in helping to celebrate the occasion. The complete list numbered 33.

The Delegates Named.
The delegates named by Saturday's Republican convention to attend the Louisville state convention were: Dr. Frank Boyd, R. S. Barnett, J. T. Wright, Geo. Shemwell, J. H. Ashcraft, Ed Farley, Harry Williamson, J. J. Doran, Mat Rawls, W. J. White, F. M. Fisher, Percy Paxton, Fred Kamleiter, J. R. Puryear, J. R. Smith, M. W. LaRue, Hilt Forkum, C. C. Dyson, J. W. Hawkins, G. H. Burks, C. W. Merrivether, J. W. Moore, Elder Sims, P. J. B. Boehnhaugh, Milton Brooks, Robt. McClure, Thos. Fitzgerald, and all liberty loving citizens who care to attend.

The delegates leave tonight for Louisville, where the convention meets tomorrow.

The Best Prescription for Malaria.
Chills and Fever is a bottle of GROVE'S TASTELESS CHILL TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

The blood is strained and purified by the kidneys. No hope of health while the kidneys are wrong. FOLEY'S KIDNEY CURE will make the kidneys healthy, and the blood pure.

Bradfield's Female Regulator
It will regulate the menses perfectly, and cure Falling of the Womb, Leucorrhoea, Headache, Backache and Nervousness. Its harmless vegetable remedy, relieves the most distressing ailments of the female system, and restores the system to its normal condition.

WHEAT ALL RIGHT.

The Late Rains Did not do the Damage Reported.
A Sun reporter in an interview with Mr. H. Rampendall, Sr., of Memphis, this morning, learned that the wheat in Kentucky and Illinois is in first class condition, and not damaged as reported.

Mr. Rampendall formerly conducted the largest flouring mill in Southern Illinois and is excellent authority for the above statement. He reported the farmers very prosperous and in high spirits over the good price of wheat and the excellent output.

The millers are expecting large business in coming trade.
WOMEN'S RIGHTS.
Many women suffer all sorts of so-called "female weaknesses" simply because their kidneys are out of order and they have a right to know FOLEY'S KIDNEY CURE is just what is needed by most ailing women.

In Chicago checks for a large amount are supposed to be lying in a pile of unopened mail that awaits the return of John F. Wollensack, and tenants are anxious to pay thousands of dollars due for rent, but no one can tell the whereabouts of the eccentric business man who disappeared last December. Mr. Wollensack is 60 years old and is estimated to be worth half a million dollars. January 1 a letter dated San Francisco was received from him by an insurance firm. Since then efforts to find him have proved unavailing.

THE LIST OF WOUNDED.
who have been healed by BANNER SALVE, is very large. It heals all wounds or sores and leaves no scar.
S. H. Winstead.

Birmingham, Ala., it appears, is sending coal considerably further than to Newcastle. A letter to "The Chicago Tribune" from Berlin says: "The Birmingham coal agent who, as already related in these cables, has placed an order for 100,000 tons in Germany, has received numerous requests from manufacturers for samples and information. The result of the tour of investigation he is making will undoubtedly be as large as the entire output of the mines of the Rhensish and Westphalian syndicate. Indeed, nearly all the German mines have contracted to deliver their entire output for fixed prices until April, 1901. Until then American coal can find a market far above German prices."

BUMPS OR BRUISES.
Sprains or sores, burns or scalds, wounds or cuts, tetter or eczema, all quickly cured by BANNER SALVE, the most healing medicine in the world.
S. H. Winstead.

Simon Boliver Buckner, who was Gen. Palmer's running mate on the National Democratic ticket in 1896, has come out strong against the nomination of a ticket this year. Gen. Buckner favors adopting a platform denouncing free silver and not nominating a ticket, leaving the gold Democrats free to vote as they choose.

The new steamship Deutschland of the Hamburg-American line beat the maiden steamship records across the Atlantic 53 minutes. The Deutschland is the second largest steamer afloat, being but 19 feet shorter all over than the giant Oceanic. This record is from Plymouth to the Scotland light ship. The trip was made in five days, 17 hours and 13 minutes slower for the same distance.

CURED BRONCHIAL TROUBLE.
Chas. E. Davis, 1071 W. Congress St., Chicago, says: "I suffered for years with bronchial trouble and tried many kinds of medicines without relief, until I began taking FOLEY'S HONEY AND TAR, which cured me. Take no substitute."
S. H. Winstead.

SMUGGLING SIBERIAN GOLD.
A Chinese Drink that Makes You Drunk When You Drink Water.
In spite of the most stringent Russian laws on the subject—the taking away of gold without government consent—there is an enormous business done all over Siberia in gold, both dust and, especially, nuggets stolen from the workings. It is a criminal offense to be found in possession of gold, but so large a proportion of the population of Siberia consists of those sent there for punishment and the other further punishment they have to fear is deportation to some yet more distant region of the same barren and joyless land, the deterrent is by no means so formidable as mere punishment of the awful menaces of the statutes at first sight seems to convey. Moreover, the successful dealer in stolen gold rarely fails to escape the penalties of his offense, even when caught red-handed. The Russian official, even in Russia proper, is seldom altogether unreasonable, and in Siberia, where the pregnant saying of the dishonest "chlinov nik," "It's a long way to Peter" that is, St. Petersburg—is especially significant, the official is good natured in the extreme, and a substitute can always be bought to accept the unpleasant responsibilities. A great part of the gold is conveyed over the China frontier—that is, across the River Amur, which is the sole defense of the frontier against smuggling from both sides—and finds a ready sale at ruinous sacrifices in exchange for a certain very Chinese vodka. The valuable properties of this spirit, much esteemed by Russian and native alike, are that it gives the customer the benefit of intoxication one day and on the next he can attain the same excited state by the cheap expedient of drinking water.

TO ASTHMA SUFFERERS.
Lavon Elvidge, of Barrington, Ill., says he was cured of chronic asthma of long standing by FOLEY'S HONEY AND TAR. It gives positive relief in all cases of asthma, so this disease, when not completely cured, is robbed of all its terrors by this great remedy. Take no substitute.
S. H. Winstead.

A Marriage Which Will be Consummated in Paducah on the 31st.
[Communicated.]
On Tuesday, the 31st day of July, 1900, at a. m., at the First Baptist church in the city of Paducah, Ky., the beautiful ceremony of marriage will be celebrated by Rev. Dr. Penrod, minister of the First Baptist church, uniting in holy and sacred wedlock Mr. Paul G. Ferdinand Carriere, of Bayonne, France, and Miss Emma Calhoun Thompson, of Paducah, Kentucky, daughter of Mr. and Mrs. James W. Thompson and granddaughter of Mr. Wilson Thompson, deceased, a pioneer citizen of Paducah.

This marriage will bind in indissoluble and eternal bonds and fetters of golden happiness a worthy scion of a noble ancestry from historic France, and one of the brightest, sweetest, loveliest and most beautiful daughters of Kentucky—a state famed for its lovely and beautiful women—one possessed of rare charms of mind, heart and person.

The groom is a full graduate from the Jesuit Brothers college of Chartres, France, and from the Prot. Gymnasium at Leipzig, Saxony, and has been the trusted general agent representing the French sardine packing house of R. Bezier, of Douarnenez, and also the olive oil refinery of Salon, France, for seven years traveling and soliciting business throughout Europe, South America and the United States of America, a position of great responsibility and trust forso young a man.

Mr. Carriere is a son of Mr. Leon Carriere Fils, manufacturer and broker with offices all over the European continent, and a nephew of the famous and renowned French painter, Eugene Carriere.

The bride, so well known in Paducah, can trace her lineage on the maternal side back through an unbroken chain to the grand and god-like John C. Calhoun and the great and noble ex-Governor Pickens of the "Old South State"—names honored by their state and nation and history.

After the marriage ceremony shall have been concluded the happy young people will drive immediately to the depot and will take the east bound train going to Greater New York City and then taking steamer they sail for Europe, visiting many historic points, and during their absence they will spend a part of their time looking through the Paris Exposition, returning to the United States about the 15th of September next. They will be at home to their friends at the Palmer House in the city of Chicago.

The best wishes of and hopes of the hearts of hundreds will follow them.
A FRIEND.

State of Ohio, City of Toledo, ss.
I, FRANK J. CHERNEY, Justice of the Peace, do hereby certify that the above is a true and correct copy of the record of the marriage of Paul G. Ferdinand Carriere and Emma Calhoun Thompson, as the same appears from the records of said city of Toledo, Ohio, and as the same is a true and correct copy of the record of the marriage of Paul G. Ferdinand Carriere and Emma Calhoun Thompson, as the same appears from the records of said city of Toledo, Ohio, and as the same is a true and correct copy of the record of the marriage of Paul G. Judge Baker in the Federal court at Fort Wayne decided that the B. and O. railroad was liable for damages to the amount of 7,500 for the death of an employe named Ray, who was killed through the negligence of a fellow employe. This is the first time the federal court in Indiana has construed the law in that way, and the decision is regarded as an important one.

The Misses Bell

Complexion and Hair Specialists.
The brilliant complexions of women in the more exclusive circles of New York society are not explained by the theory that associates beauty and idleness. In fact, many leaders of the world of fashion are hard workers. Yet they keep their good looks even when they are old. How do they manage it? THE MISSES BELL, of 75 Fifth Avenue, New York, themselves connected with some of the most noted and honored families in the metropolis, have answered the question. They have prepared for the use of women in general, five preparations for improving the complexion and the hair.

Five Toilet Treasures.

The Misses BELL'S COMPLEXION TONIC
Is an external application, the essence of which on the face causes no irritation. It is perfectly harmless even to the most delicate of skins. It is a natural and quick cure for all roughness and eruptions. It acts on the skin as a tonic, producing a naturally pure complexion, correcting merely hidden blemishes. The Tonic is sold in bottles.
It removes pimples, freckles, blackheads, moth patches, liver spots, eczema, redness, oiliness and all discolorations and imperfections of the skin. Price, \$1 a bottle.

The Misses BELL'S COMPLEXION SOAP
Is made from the pure oil of lavender. It is perfectly harmless to the skin, keeping it all the time in a clean and healthy state. This soap is infinitely soiled, and is a most welcome aid to the toilet of fastidious women. The most careful care is taken in selecting materials and scrupulous cleanliness in the laboratory insures the purity of the product. Price, 25 cents per cake, large four-ounce cake.

The Misses BELL'S HAIR TONIC
Cures dandruff and prevents any return of it; stops that matting of the hair which makes the hair so difficult to comb and dress. It is especially helpful to persons whose hair is thin, dry and liable to fall out. The Tonic cleanses the scalp, and the roots of the hair will soon cover bald spots with a handsome growth. Price, \$1 a bottle.

The Misses BELL'S OPIALLA-RENOVA
For restoring prematurely gray locks to their original color. It is not a dye nor a stain. It has a coloring effect on the hair, and the coloring of the hair and leaves no untellable signs on the scalp or forehead. Neither does it change the color of the hair all at once. Only dyes do that, and they wash off. But Opialla-Renova will not wash off. Price, \$1.50 per bottle.

The Misses BELL'S SKIN FOOD
Is a soft, creamy, exquisitely perfumed ointment, which helps the action of the Tonic, and, in mild cases of roughness, redness, pimples, etc., is a cure in itself. It clears the surface of the skin of all impurities and feeds it by building up the texture and making the flesh beneath it solid and firm. Price, 25 cents per jar.
