Henrietta, the seven-year old daughter of attorney Oscar Kahn, fell from the fence yesterday and fractured her left arm.

MINSTREL TOMORROW

THE CLERKS WILL NO DOUBT HAVE A LARGE CROWD AT THE PARK.

All arrangements for the Clerks' union monster minstrel are now completed. The costumes have arrived from St. Louis and are the finest ever brought to this city. The costumes of the end men are something out of the ordinary and will no doubt make a big hit. Prof. Harry Gilbert has gotten together a full orchestra and all the music has been well rehearsed and the musicians are ready with their part of the show. The opening chorus of the first part is the avvil chorus from Verdi's Il Trovatore and will be produced with a full avvil chorus. There will be fourteen voices in the opening chorus and with the orchestra and the avvils will make one of the fastest openings ever produced in this city not even excepting the professional minstrels.

The gags and the local hits are all new. Mr. Willie Minnib, the well known singer, will produce one specialty that will be well received. He is down on the program as the "choir boy" but the nature of his part will not be published as the members of the company wish to spring a surprise on the public. The committee has decided not to charge anything extra for reserved seats but all children occupying seats will have to pay as the house will be packed and all the seats available will be taken up. The minstrels will be a big success and will reflect much credit on the local talent.

RAILROAD NEWS

Mr. J. T. Harahan, second vice president of the Illinois Central, is to be elected a director in that company at a meeting to be held in New York, July 8. Mr. Harahan has been connected with the company since November, 1890, and has been so successful as general manager and second vice president that he is to be given a place in the directory. Mr. Harahan's great success is attributed to the fact that he has held almost every position on a railroad from switchman to vice president. He is the father of former Supt. W. J. Harahan, of the Louisville division.

The recent increase in the business of the C. and E. I. has caused somewhat of a demand for engines and for the first time since last winter student firemen are being pressed into the service. In addition to the picking up of the general freight business of the road the arrival of the six new engines and the putting off of four work trains has caused a scarcity of men.

Mr. Hardy Bryant is working extra in the yardmaster's office in the place of Mr. Jerry Corbett who has gone to Frankfort.

The engine damaged in the Kuttawa wreck is about finished and will be out of the shop inside of one week.

There are several changes reported to take place on July 1 on the Illinois Central between Louisville and Memphis, but nothing official has been given out.

Claim Agent John C. Gates, of Princeton, was in the city today.

The removal of Fulton of Supt. W. S. King, of Jackson, Trainmasters E. P. Russell and J. J. Flynn, Roadmaster P. Loden, Bridge Supervisor G. M. Hubbard, the dozen dispatchers and other employes that must necessarily come with them, will bring about thirty families to Fulton, and they are of a superior class of citizens.

M. L. Whitesides has been appointed mail transfer agent at Fulton, vice John Erwing, who takes a postal run from Cordobale to Memphis.

Operator J. B. Thomas, of the train dispatcher's office is ill and off duty today. Mr. R. Boswell, of Princeton, is acting as substitute in his absence.

Chief Engineer W. J. Harahan, of the E. C. I., will arrive in the city today from Louisville.

Although the change has not been officially announced, Mr. L. A. Down's transfer to the Mississippi division of the I. C. is generally considered as permanent. This is probably one of the changes that has been rumored for the past several weeks. There has been no appointment to the office vacated by Mr. Down made yet, but rumors indicate Supervisor P. Galvin his successor.

Master Mechanic Barton is in Louisville today on business.

Master Car Builder Sessions is in Jeffersonville today on business.

Mr. H. W. McKnight, of Louisville, who has been in the office of Master Car Builder Sessions on trial, did not accept the position, but has returned to Louisville.

Mr. Charlie Kramer, the well known stenographer and clerk in the cap department, will leave the first of the month for the south to accept a position under Superintendent Morgan, of the Gulf and Ship Island road.

It has been announced but not officially that the successor of Mr. P. Galvin who is now road master on the Louisville division, will be Mr. Martin Crahen, now a supervisor on the St. Louis division of the Illinois Central. Mr. Crahen was stationed here several years ago and his friends will be glad to welcome him back.

SHORT VISIT

Louisville Men to Pay Paducah a Call on July 3rd—Mayor Notified.

BE HERE THREE HOURS

The Council Tonight Will Probably Outline a Plan for the Entertainment of the Guests.

NEARLY ONE HUNDRED IN THE PARTY

Mayor James M. Lang this morning received the following letter which means that Paducah is soon to be visited by a body of prominent Kentucky business men. It reads:

Louisville, June 24. The Honorable Mayor, Paducah, Ky.

Dear Sir: I am directed by the transportation committee of this board of trade to notify you that a number of merchants, manufacturers and jobbers of the city, accompanied by his honor, Mayor Weaver, contemplate visiting your city on July 3, prox., for the purpose of meeting your merchants and paying them a short social visit.

Our stay with you will of necessity be short as we will be compelled to visit some two or three other points on that date, but we have selected your city as one of those to be visited in order to show our appreciation of the very kindly feeling that has always been shown by your people for us. We intend to be in Paducah between the hours of 12 o'clock noon, and 3 p. m. and will dine there if hotel arrangements can be made. We have our own special train and only heads of houses and members of firms will be with us.

Your depot ticket agent will be notified by wire in advance of our coming. In order that proper arrangements may be made by me will you kindly advise me upon receipt of this what, if any, arrangements your citizens will make for our reception at the depot and elsewhere.

Our party will comprise between eighty and one hundred merchants, a band of about 25 pieces and probably ten or twelve newspaper correspondents. If it is not too far we should like you to appoint a reception committee to meet us at the depot and take us to some hall where you might wish to deliver us a short address of welcome, and where we in turn could make our replies, stating the object of our visit, and meet and shake hands with the gentlemen of Paducah present.

I may add that we will have a baggage car attached to our special train of Pullmans and before we leave Paducah we will wish the good people to pay us a visit to that car.

If there is anything further that you would like to know regarding our visit, please write me and I will supply it.

I wish you would communicate, immediately, the contents of this letter to all the newspapers in your town, at the same time telling them that we will have a corps of newspaper correspondents with us who will be supplied with full detailed information regarding the trip, written for them in a form that will be ready to print. This will include a full list of the excursionists, and other matters relative to the trip. Yours sincerely,

Signed JOHN J. TELFORD, Sec. Mayor Lang stated in regard to the letter, that the gentlemen would be well looked after, although no arrangements have yet been made, and no plan outlined.

The council meets tonight and will consider the matter and appoint the proper committees to co-operate with the Commercial club.

FORAKER'S TRIBUTE TO MCKINLEY

"Whatever else we may be, let us be Americans, and worthy of the events with which we are associated. This is a great history-making epoch. Except only Washington and Lincoln, no President has had such opportunities as have fallen to McKinley. No one has escaped him. All have been improved to the honor and glory of the republic. No emergency has arisen that he has not triumphantly met, and no duty of war, peace or diplomacy has been so delicate or so difficult that he has not performed it grandly and successfully. All his achievements are the nation's. His fame is ours. It fills the earth. All races honor and applaud him. The single note of discord is here, at home, among ourselves under our own flag. It misrepresents the American people. It misrepresents the people of Ohio. Their verdict in November will so declare."

Ice cream and ice will be served by the ladies of the Catholic church at Yeiser park tonight.

JUDGE DYCUS

WELL KNOWN MAN OF MARSHALL COUNTY DIES AFTER A LONG ILLNESS.

Judge J. W. Dycus, who suffered a stroke of paralysis May 17th, died yesterday at his home in Benton. It was his third attack, and he never rallied. The deceased was 71 years old and had served the people as county clerk, judge and attorney, and represented the district in the legislature. He was president of the Bank of Benton from its organization until a few months ago, and was a good Christian man who had done much good, especially in the cause of temperance. One brother, Rev. Jack Dycus, died a short time ago at Palma. The first wife of Judge Dycus died many years ago, leaving one child, Mr. W. G. Dycus. No funeral arrangements have been made.

POLICE COURT

THE MECHANICSBURG TOUGHS STILL HAVE THE CENTER OF THE STAGE.

The John Bulger, Frank Eich, John Gaylor and others case was resumed this morning in the police court, and after hearing more of the evidence, left open until 2 o'clock this afternoon in order to get a witness from the county. County Attorney Grates has a winning card up his sleeve, according to reports, and may play it this afternoon.

The case against J. R. Brown, charged with cutting a woman on lower Court street a week ago, was continued until this afternoon.

Louis Bonright, charged with complicity in the theft of a tarpaulin, for which Roy Mason was held to answer a few days ago, was held over and recognized for his appearance at the September term of court.

John Kolley, for a plain drunk, was fined \$1 and costs.

WANTS AN END

Russia Wants a Settlement of the Tariff Differences With Us.

HITCHCOCK IS SUGGESTED

To Formulate a Plan of Agreement—Thought He Can Smooth Things Over.

AN ADJUSTMENT IS PROBABLE

St. Petersburg, June 25.—A statesman occupying the highest position here suggests that the advice of General E. A. Hitchcock, secretary of the interior for the United States, should be taken as to the tariff differences between Russia and the United States. He formed a high estimate of Gen. Hitchcock's intelligence and of his rapid grasp of Russian matters while that gentleman was here as diplomatic representative of the United States.

He is confident that Hitchcock will promptly present the sugar question in its true light, and will also fully appreciate the seriousness of the present situation, in view of the relations existing between Russia and the United States.

—Chief Engineer Harahan, Supt. H. U. Wallace and Roadmaster Pat Galvin came in this afternoon about 1:45 on a special train.

—The funeral of Mrs. Padgett will be conducted at the poor farm tomorrow at 9 a. m. by Rev. R. W. Ohles, after which the corpse will be removed to the boat for transportation to the burial ground in Tennessee.
