He who gets new business advertises persistently.

VOLUME VIII—NUMBER 43

PADUCAH, KY., MONDAY EVENING, AUGUST 19 1901

10 CENTS PER WEEK.39

GOT HIM A MAN

Mr. Eugene Edwards, the Grocer, Kills a Burglar at 12th and Trimble.

ZENO WILLIAMS IS DEAD

The Burglar Heard Mr. Edwards Coming and Threw a Hatchet and Mucilage Bottle at Him.

HE WAS FULLY EXONERATED

Zeno Williams, a notorious thief, met his death Sunday morning about 4 o'clock while burglarizing the grocery store of Mr. Eugene Edwards, at Twelfth and Trimble streets. He was detected in the act by Mr. Edwards and after hurling the hatchet into the cash drawer at Mr. Edwards, was shot in the breast with a 32-calibre pistol, the bullet striking just over the heart.

ARE STILL COMING

The Tennessee and Cumberland Rivers Rising Rapidly.

The Tie Companies Will Lose Many Ties From the Unexpected Rise.

The Tennessee and Cumberland continue to empty a large volume of water into the Ohio, and the river here is rising very rapidly.

There is little rise in the Ohio, however, and no prospect of the big packets Hopkins and Fowler being put back in the trade any time soon. The Fowler is at Mount City undergoing repairs and the Hopkins at Evansville, and the boats could not resume at present if the stage of water was adequate.

The local tie agencies fear they will suffer considerable loss from having their ties floated away by the unexpected rise. Thus far none of them have received any definite reports, however, of their losses.

Each tie is worth about 50 cents, and as there were thousands of them on the banks waiting to be transported, to Brookport, the loss is likely to be quite serious.

POLICE COURT.

Hiram Crawford Held for Malicious Cutting Today.

Judge Sanders Fines Several Small Boys—Other Cases on the Docket.

Hiram Crawford, colored, charged with cutting Dora Perkins, colored, on August eighth, was held in the sum of \$500. The woman returned to Fulton and did not appear at the trial. She was arrested and brought here by marshal Robertson today, and fined \$3 and costage sentenced to jail for three hours for contempt of court.

A fence has been thronged around the property and guards posted to keep out all intruders. The strikers will undoubtedly make an effort to induce the strike breakers to quit, and the fear is expressed that if any demonstration is made against the men or property rising will result. The situation there is regarded as very delicate.

Several small boys who have long been a source of unlimited annoyance to the people as well as police, were arraigned this morning by the police court on the charge of throwing rocks at an old colored man named Henry Hale, near First and Jefferson streets, and with breaking out a glass at the Western District warehouse. Those charged were: Barney and Rodney Fields, Bert, Willis and Arthur Roberts, and George Jones. Jesse Edmonson, Zeb Jim Doolin and Charles Woods. Six of them were before the court. One of the Roberts boys was just released from the chain-gang a few days ago, after serving a term for throwing into the Chinese laundry, and promised Judge Sanders when turned out that he would behave. It was no time until he stole some pop bottles from a wagon, it is alleged, and was chased two or three blocks. The others have also been in trouble before, and one of the Fields boys shot at a relative not long ago.

Judge Sanders said that the trouble these days was that parents spared the rod too much. If the tan were taken off the ones before him they would be better. None of them appears to be over ten years of age.

The court assessed a fine of \$5 and costs against each of them, all before the court pleading guilty to rock-throwing, and said they would have to serve it on the chain gang unless their parents paid it. Furthermore, he declared, parents who allowed such children to run at large and become menaces to the public good must be responsible for them, and he would recognize the parents for the future good behavior of the children, and if the latter were arrested again and proven guilty the parents' recognizance would be forfeited and they would have to pay or go to jail.

Mr. Joe Potter was acquitted on a charge of using insulting language towards Mr. J. C. Preston, and recognized to keep the peace for twelve months. The trouble seems to have been a small family misunderstanding.

Rocky Levin, colored, of Olmstead, Ky., who was found by Watchman Strickman in a box car Saturday night and had a pistol concealed, was fined \$50 and costs and sentenced to jail for twenty days.

John Sweeney was fined \$1 and costs for a plain drunk.

Alice Baker, for using insulting language, was fined \$10 and costs.

L. AND N. BUYS NEW ROAD. Louisville, August 19.—The L. and N. railroad today purchased the Shelbyville, Bloomfield and Ohio railroad for \$150,000.

LOOKS BETTER

For Steel Combine—Three More Mills Have Started.

OTHERS ARE TO FOLLOW

Sixty Perish in the Sinking of a Steamship—Jim Howard's Attorney.

GIRL IS ACCIDENTALLY KILLED

THE STRIKE SITUATION.

Pittsburg, August 19.—The steel managers made important gains this morning when three more mills here started up. They are preparing to start the Monessen plants tonight.

The excitement over the importation of Southern workers is intense. A party of strike breakers brought up from the south by special train were safely landed in the steel mills at Monessen early yesterday, and the United States Steel corporation expects to start that plant to running partly or in full with non-union men within the next 24 hours.

The Carnegie properties also restarted last night without the union forces operating them and that fact, joined with a promise of an early start at Monessen, leads the steel officials here to take a very hopeful view of the situation.

The strikers claim that men enough to start the Monessen mills cannot be obtained and that they have not shown their hand at Duquesne and other Carnegie plants. They promise that developments will indicate their strength to better advantage.

It was anticipated that there would be trouble when the non-union men reached Monessen. The men were brought by special train and were landed in Monessen. The mills are guarded and the men will be kept on the premises until all danger subsides.

A fence has been thronged around the property and guards posted to keep out all intruders. The strikers will undoubtedly make an effort to induce the strike breakers to quit, and the fear is expressed that if any demonstration is made against the men or property rising will result. The situation there is regarded as very delicate.

SIXTY PERISHED. Victoria, B. C., August 19.—Additional news shows that 66 perished by the sinking of the big Alaskan line steamer Islander, off Douglas Island. The survivors had an awful experience.

The steamer which was the crack passenger steamer of the Alaskan route, operated by the Canadian Pacific Navigation company of this city, struck an iceberg off Douglas Island at 9 o'clock on the morning of Thursday last, and went to pieces.

Some of the survivors arrived here this morning by the steamer Queen. They report that as the vessel went down her boiler exploded, causing the death of many who might have escaped. Captain Foote was on the bridge when the vessel struck and stayed there and went down with his steamer.

Among the passengers lost on the Islander were: MRS. ROSS, wife of the governor of the Yukon territory, her child and niece.

ER. JOHN DUNCAN, of this city. W. G. PRESTON and wife, Seattle, Wash.

F. MILLS Victoria. MRS. J. C. HENDERSON, Victoria.

W. H. KEATING and two sons, Los Angeles, Cal. J. Y. DOUGLAS, Vancouver.

MRS. PHILLIPS AND CHILD, Seattle. MR. FALL, Victoria.

MRS. NICHOLSON, wife of Captain Nicholson.

The members of the crew lost are: Captain Foote, George Allan, third engineer; Horace Smith, second steward; S. J. Pitts, cook; two Chinamen; Buck Hooper and Burke, oilers; two firemen; Night Saloon Watchman Kendall; John Bard, second pantryman; two waiters; G. Miller, barber; N. Law, M. P. Jock, porter, and Moran, coal passer.

TO DEFEND HOWARD. Frankfort, Aug. 19.—It is said to be almost a certainty that James Andrew Scott, the well known lawyer, will be retained to defend Jim Howard in the September trial.

McNAMARA REPORTED KILLED. Lexington, Aug. 19.—King McNamara, who murdered Jacob Keller last year and fled, is reported to have been shot to death at Denver, Colo., last night by the sheriff, but there are no details.

—Mrs. J. R. Lemon has about recovered from her recent illness.

ATTEMPTED BURGLARIES

Mr. George Jackson's House Entered Once and Visited Again.

Mr. S. G. Givens Receives a Call, Also Mr. E. W. Bockman, at Seventh and Court.

One of the boldest attempted burglaries on record was prevented Saturday at noon by Mr. George Jackson, of North Sixth street.

He was returning home at noon and when he arrived found the house had been entered and several trunks had been ransacked.

In one of the trunks were several rings and fine pistols but the thief had not come to them when he was frightened away.

Entrance was gained through a back window and the burglar had gotten a shovel from the coal house and pried the screens out of the windows. The burglar was a negro and was seen sneaking away by one of the neighbors.

The police have a good description of the man and will soon have him landed in jail if he does not leave town.

The man again attempted to gain entrance to the house about 10 o'clock Saturday night but was again frightened away. Mr. Jackson's family is away.

The residence of Mr. Sam Givens, on Trimble street, near Sixth, was visited by thieves Saturday night about 11:30 o'clock. Mr. Sam Givens was returning home from work and heard a noise in the rear of the residence. He went around the house and saw a man jump the back fence.

The screens were cut and the burglar would have accomplished his purpose had it not been for the timely arrival of Mr. Givens.

The grocery of Mr. E. W. Bockman was also "touched" for a small amount of goods Saturday night.

The driver of one of the wagons was putting up the horses for the night when he heard some one in the left of the stable. He asked who it was but received no reply.

At first the boy supposed one of the other drivers was in the left but when he heard the man take a pitch fork from the rack he called a policeman. The officer came and made a search but the man had fled leaving behind him a pair of pants soaking wet and a coat. The pockets of both garments were stuffed full of sausage and other eatables. It is supposed he had stolen a suit of clothes somewhere and was changing when detected.

The saloon of Mr. Charlie Graham, corner Ninth and Court streets, was entered this morning between two and four o'clock and two pistols and some wine, liquor and cigars taken. The thief made his entrance through the front door and it is thought he either had a skeleton key or picked the lock. So far the pistols and a small amount of wine and liquors are all that have been missed. There is no clue to the identity of the burglar.

COUNTY COURT.

SMALL MATTERS ONLY COME BEFORE THIS TRIBUNAL TODAY.

License to marry were issued Tillmon Branch, age 26, of Greenfield, Tenn., and Annie Belle West, of Paducah, age 21, Saturday.

James Powers, age 23, of Rockport, Ind., and Pearl Smallman, age 18, of the county, were licensed to wed yesterday.

Mr. James M. Lang qualified as the administrator of the estate of W. E. Allen this morning in the county clerk's office.

Mary E. Elizabeth A., Ella, Alice, Agnes and Isabel Mohan deed to Herman and N. J. Friedman, for \$225, property near Harris and Tenth streets.

Mollie O. Allen was this morning appointed the guardian of R. Maynard, Irene and Archer Allen, minors.

Mollie O. Allen was this morning appointed the guardian of Waddie Lee and Wyndham Allen, minors.

Squire Emery had one case before him this afternoon, the trial of Jim Fletcher, colored, who is charged with having stolen about 200 pounds of lead from B. T. Davis the contractor. The case was first tried in the police court and transferred to the higher courts. At present time the case had not been finished.

GIRL FATAALLY WOUNDED. Danville, Ky., Aug. 19.—At Liberty, Casey county, on the fair grounds Saturday evening, Bill Vandiver, colored, in a difficulty, shot twice at Ollie Paul, white, and one bullet struck Miss Addie Brown, who was in the crowd, in the neck, and she is dying. A mob came near lynching Vandiver, and the only thing that prevented it was the strong resistance of the armed officers.

ONE CHANGE

Mr. E. N. Staten, the Operator, Gets a Good Promotion Here.

IS NIGHT TICKET AGENT

Trainmaster Jack Flynn is Here Examining His Men in the New Rules Adopted.

RAILROAD NOTES OF INTEREST

There has been a change made in the local I. C. ticket office effective tonight. Mr. E. N. Staten, the night operator, in the train dispatcher's office, has been promoted to night man in the ticket office at the passenger depot to succeed Mr. H. L. Wallace, resigned.

Mr. Staten has been with the I. C. for some time and is one of the most popular employees. His many friends will offer congratulations. Mr. Wallace will return to Greenville, Ky., his old home. Operator Martin, of the L. and N. railroad at Nortonville, has been engaged and will take the night watch at the dispatcher's office. The change has been on for some time but was somewhat delayed by the man to succeed Mr. Staten. Mr. Staten will go into the depot office tonight.

Train Master Jack Flynn, of the Memphis division, of the I. C., is in the city examining the train men of the Fulton district. There are about 250 all told to be examined and the work was commenced this morning. The greater part of the work will be consumed in the examinations. This is the first visit of any length that Mr. Flynn has made to Paducah in some time and his many friends were glad to see him back if only for a few days.

I. C. Civil Engineer Driscoll was in the city this morning and left for Cumberland river to do some surveying there. The improvements at the Cumberland river bridge are progressing rapidly and will soon be completed.

Mr. Fritz Pruess, the engineer, met with a painful but not serious accident last evening while preparing to take out a run. He was going to the round house when he slipped and fell to the ground badly spraining his right arm. He was unable to take his engine out and will be laid up for several weeks by the sprain.

Engines No. 517 and 12 were turned out of the shops this morning new. The former was in a south end wreck and was burned all over very badly. There is a remarkable coincidence in connection with the engine. Engineer O. Stevens, who was running No. 517, was injured in the wreck and today, just as his engine was turned out of the shops, he too was discharged from the hospital and reported for duty. He will take the engine out on its first run since repaired and it will also be his first run since he recovered.

Engine No. 13 was in for a general overhauling and looks like a new engine. Both engines are freights.

There are at present only three pits vacant in the machine shops and these will be occupied before the week is out.

Vice President Harahan, of the Illinois Central, who is now in England, has made arrangements for the establishment of a direct line of steamers between New Orleans and Rotterdam, under the joint management of the Illinois Central and the Radcliffe steamship line. Mr. Harahan, a cable dispatch states, says the boats will make three trips a month, and the scheme will greatly help the farmers of Indiana, Illinois and the south to export their grain and meats. New Orleans is getting a large share of Chicago's export business, which formerly went via New York.

Syitch engine No. 199, in charge of Engineer Steens and Fireman Fred West jumped the track again this morning about 10 o'clock. The engine was going towards the freight depot pulling one box car and when the curve, leading into the freight depot yards, was reached the engine left the track and ploughed its way half way down the side of the embankment of the hill. The accident happened just off the big river front trestle and luckily no one was injured to any extent.

The engine jumped the track several days ago near Ninth and Clay but no one was injured. No. 199 was in charge of Foreman John Brantley, the regular foreman, Mr. Carney having gone to Princeton on business. It will take some little time to get the engine on the track again but the damage is slight.

HE WAS DISBARRED

Squire John S. Ganster Cannot Practice Before Department

Bureau—Said to Have Filed a Fraudulent Claim in His Own Behalf for Pension.

Squire John S. Ganster, the well known pension agent of South Third street, has taken down his sign. A Washington dispatch announced yesterday that he had been disbarred from practice, but gave no details.

Squire Ganster was seen by a reporter this morning, but professed to know nothing about the case. He is also a notary public, with an office near Third and Tennessee streets.

A Washington dispatch states today, however: "John S. Ganster, Paducah, disbarred from further practice before all interior department bureaus by order of secretary, on the charge of having deliberately filed false and fraudulent application for pension in his own behalf."

ED WARD.

Fugitive Saloon Keeper in the Toils at Last.

Owes the Commonwealth Five Hundred Dollars—Was in Business at Memphis.

Ed Ward's smiling face may now be seen behind the bars at the county jail. Ed used to keep a saloon on Washington street near Ninth, but it got to be so tough the police decided to break it up. Ed was indicted for keeping a disorderly house, and when the case was tried last April was dumfounded to hear a verdict of \$500 and costs. He was so overwhelmed that he absconded, leaving the city before he paid the fine. He kept going, having gotten such a good start, and at the same time his saloon was closed, and became a thing of the past.

Since then his whereabouts have been a mystery, but three weeks ago Commonwealth's Attorney Bradshaw learned that he was in business in Memphis, having a saloon and grocery there, and quietly secured a requisition for him.

The requisition came, and Officer J. R. Gray was sent to Memphis with it Saturday, and came in yesterday morning with the recaptured Ward, who was lodged in jail to await developments. It is not known what he will do, pay his fine or lay it out in jail. In the latter event he is liable to be there for quite a while.

MEET TONIGHT.

COUNCIL CONVENES REGULAR AND SCHOOL BOARD IN CALLED SESSION.

The council meets tonight in regular session, but there is likely to come up no important business. Mayor Lang has been engaged for the last few days in giving his deposition in the brick street suit, and may be on the stand the remainder of this week, and has no time to prepare any special reports or important ordinances. City Tax Collector Kraus will tonight report the collection since last report of \$1,591.14.

The board of education meets tonight in adjourned session to further consider the school improvements.

MARRIED AT MORGANFIELD. Mr. John S. Berry, who was an operator for the Postal Telegraph company here, about a year ago, was married Saturday at Morganfield to Miss Hallie McCarty, of the latter place. Mr. Berry is now Illinois Central agent at Corydon, Ky.

Winstead's Laxative Phosphate cures chronic constipation.

WENT TO SHILOH

Indiana Shiloh Commission Pays Paducah a Brief Visit.

LOCATED THE POSITIONS

They Left Yesterday for Home With the Exception of Capt. Wood.

MONUMENTS TO BE ERECTED

A delegation of very distinguished gentlemen was in the city yesterday en route home from a visit to the Shiloh battlefield and national park. They were all from Indiana and composed the Indiana Shiloh commission. Their visit to the battlefield was for the purpose of locating the positions of the Indiana troops for the monuments to be erected there for them by the state.

The commission is composed of: Captain Thomas B. Wood, of Franklin, Ind.; Major John F. Willman, of Muncie, Col. James S. Wright, of Rockport; Edmund Nicer, South Bend, secretary of the Oliver Chubb Plow Co.; Captain Nicholas Enslay, of Indianapolis; Mr. George E. Gardner, of Bluffton, and Mr. B. M. Hutchinson, of Columbus.

They encountered no difficulty in finding the exact locations of the Indiana troops. The trenches that were dug around some of the tents to drain off water are still imprinted in the soil, and the graves of the Confederate dead assist in finding locations. Many of the old soldiers are enabled to find the exact spot their tent was pitched.

The Indiana monuments are shortly to be erected, but the exact date is unknown.

The delegation came in yesterday on the City of Clifton, and all proceeded to Louisville except Captain Wood, who is an uncle of Dr. C. E. Whitesides, of the city, and spent the day with him, returning home today.

This was not Captain Wood's first visit to Paducah. He was here forty years ago in November in Gen. Low Wallace's command, and his company was stationed near Sixth and Clark streets, opposite where the county jail now stands.

The business part of town was then all on "Front street," and coming to Paducah at this time was similar to going to a new city to Captain Wood, owing to the vast changes that have taken place since that time.

Captain Wood is an excellent fellow, a good talker, and a gentleman of unusual culture and refinement. It is regretted that he could not make his stay in Paducah more extended.

THE WEATHER.

FORECAST SAYS IT WILL BE CLOUDY—THE RAINFALL ONE INCH.

The weather predictions for tonight and tomorrow are partly cloudy to night, with showers in the central and eastern portion. Tuesday partly cloudy.

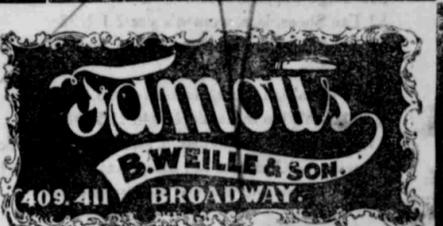

The rainfall here yesterday was .020. The rain was not steady but passed through the central part of the city only. There was little rain at the park and none to speak of at the I. C. passenger depot. In the business portion of the city the rain came down in torrents for about five minutes. The total rainfall during the two or three days it rained was one inch.

PAINFUL ACCIDENT. Master John Calloway, son of Mr. Jack Calloway, of South Ninth street, stepped on a piece of glass Saturday night and painfully cut his foot, averting the main artery and nearly bleeding to death before the physician arrived. He is better today.

Why Suffer In Those Hot Clothes? When You Can Buy A Nice, Cool Flannel Suit So Cheap. 25 per cent 1-4 Off on all Flannel Suits.

OUR \$7.50 Flannel Suits cut to \$4.78. See Them in Clothing Window.

Geo. Rock & Son 321 BROADWAY.

OLD GRUDGE CAUSES MURDER.

Morehead, August 19.—Harvey Moore, the ex-town marshal, shot and killed Finn Tolliver at noon today as a result of an old grudge. Tolliver was a member of the famous fighting family.

HAVE ALL GONE.

The members of the Murray Comedy Company, who have been stopping here for the past several days, left Sunday morning for Jackson, Tenn., to open up a two weeks' rehearsal in the park there. They will then make a jump to Owensboro and open regularly on the second of September.
