THEY WILL RESIDE HERE

Marriage of Miss Carrie Grace and Mr. Arthur Sugars Announced for October 2nd.

OTHER MARRIAGE NOTES

First Clerk W. A. Bishop, of the steamer Dick Fowler, and Miss Catherine Reed, of Nashville, were married at the Presbyterian church at Cairo, Ill., Saturday afternoon in the presence of a few friends, Rev. Dr. Knox officiating. The wedding was a pleasant surprise to the boat officers, and to the many friends here of Mr. Bishop.

It was the culmination of a long courtship. Miss Reed had been visiting friends at St. Louis, and was on her way home. She came up from Cairo on the Dick Fowler to catch a Cumberland river boat, and the marriage was arranged. Mr. Bishop is a native of Louisville, and is one of the best known and most popular young men on the river. He is a well and favorably known on the Ohio, Cumberland and Tennessee rivers, having been formerly on the H. W. Butterfield, and other boats and is a young man of many excellent qualities, and one who is liked by all who know him. His bride is a popular young lady of Nashville, and a most attractive one, with many admirers. She and Mr. Bishop have the best wishes of a large circle of friends. They will reside in Paducah, now having rooms at the Palmer house.

The marriage of Miss Carrie Grace, youngest daughter of Mr. Augustus Grace, of North Fifth street, to Mr. Arthur Sugars, of Needles, Cal., is announced to take place at the home of the bride in Paducah on the morning of October 2, at 10 o'clock. Rev. W. E. Cave, of the First Presbyterian church, officiating. It is to be a quiet home wedding, only a few intimate friends and relatives being invited, and immediately after the ceremony the couple will leave for their future home in California.

Miss Grace is a pretty and popular young lady with many admirers, and is a graduate of the Paducah public schools, class of 1900. She has resided in Paducah all her life, and is one of the most attractive of the younger set. Mr. Sugars is a nephew of Conductor Sam Sugars, and formerly resided in Paducah. The attachment came from a long friendship, and resulted in an engagement while here last winter on a visit.

Mr. Sugars is a conductor on the Santa Fe Road, and one of the best, as well as youngest, with the company. His home was formerly in Michigan, but he has not lived there for several years. He is a young man of sterling worth, and he and his pretty bride will have the best wishes of many friends.

Miss Nell Turk, daughter of contractor Joe Turk, of Trimble street, and Mr. Clair C. Dohls, of Terra Haute, Ind., will marry at ten o'clock Wednesday morning at the home of the bride, Rev. J. Witt Iron, of the Trimble street Methodist church, officiating. The bride is a popular young lady and the groom a furniture dealer of Terra Haute. The couple will go to Buffalo on a bridal tour.

Mr. George L. Wurth and Miss Mary Kaufman, of the St. John's neighborhood, highly respected young people, will marry Wednesday. Howard P. Smith left Saturday for Mayfield, Ky., where he will lead to the altar Mrs. Ida E. McCourt, a very popular lady of that place, says today's Memphis Commercial Appeal. Mr. and Mrs. Smith will spend their honeymoon in the east and later make their permanent home in this city.

GOES TO MAYFIELD. MISS MARTHA GREEN, THE ELOCUTIONIST, IN THE COLLEGE THERE.

Miss Martha Green, the well known elocutionist, arrived yesterday on a visit to Mr. Will Green, her brother, of South Sixth street. Miss Green, who has many admirers here, has accepted the position of teacher of elocution in the West Kentucky college, at Mayfield, and will reside there. Miss Green's many friends here will regret that she is not to be in Paducah this year, but will wish her a full measure of success in Mayfield.

Milk and Meat Inspector Hestig this morning received a new milk tester.

YESTERDAY'S SERVICES

Churches Well Attended Throughout the City

Eloquent Sermons Preached By Various Ministers to Attentive Congregations.

Yesterday was a beautiful day and the churches were all well attended. The local ministers were in their pulpits and preached strong sermons both morning and night to attentive audiences.

Rev. G. W. Perryman's night theme was "The Young Man Is Safe," which was a continuation or answer to the sermon of the Sunday night before on "Is the Young Man Safe?" He was heard by a large audience and much interest was manifested. The young man Samson and his successful fight with the lion in his path was the subject of the discourse. Lessons for the young men of today on how to successfully cope with the lions that beset their paths on every hand, were deduced from that. Unless prepared beforehand men will be overcome by the surprise of the attack, for the lions rise up suddenly. He urged the necessity of taking Christ for a companion as a safeguard. To go nowhere that Christ cannot go, to engage in no pursuit that Christ does not approve. He gave some excellent advice and warning and closed with a strong appeal for Christian manhood, purity and honor.

Rev. J. C. Reid, of the Cumberland Presbyterian church, preached an especial sermon to young men last night. His subject was "A Plea for our Young Men." Mr. Reid always gives some strong and forcible thoughts, and is always heard with interest.

Rev. W. H. Pinkerton preached two able sermons yesterday on "Anointing for Burial" and "Principles of Anarchy in Modern Civil Government," and presented some fine thoughts.

Dr. Briggs at the Broadway Methodist church was heard by good crowds both morning and night. His morning sermon on "One Cent Versus Four Million Dollars," was a strong argument on the beauty and duty of giving in the church. His evening subject was a theme of general interest, "Czolgosz, or God and His Lost Souls," and attracted many. He held that if we lived more nearly the teachings of Christ such characters as Czolgosz and other Anarchists would not be, and such tragedies as our recent one would not happen. Their environments made them what they were, and so they must be judged and will be by God.

There was service at Temple Israel last evening, celebrating the beginning of "Yom Kippur," the memorial for the dead. It was a very solemn and impressive occasion.

As a result of temperance meetings held here recently, the various congregations have passed resolutions or taken formal action calling the attention of the mayor to the fact, and the committee will present these resolutions to Mayor Lang.

THE GALLERY ONE OF THE BEST LOCATIONS IN "THE KENTUCKY."

In connection with the opening of the Kentucky little or nothing has been said relative to the gallery tickets. The first three rows, on both the sides allotted to the whites and colored, are to be reserved on all occasions, but the others are to be filled upon the first come first served order on the opening evening the general admission to the gallery is to be one dollar and there is no reason why there should be an empty seat. The gallery is one of the finest views in the beautiful house and accessible in a way the public must declare convenient. The entrance is from the alley, near Fifth street and just north of the Palmer house, to which a nice and clean brick walk leads. For the sale of tickets to the gallery the box office will be opened Tuesday evening at 7 o'clock and tickets will be sold from the side of the box office at the foot of the gallery steps and just in front of the entrance door. Here at all times the first to come will be the first served. There are comfortable seats in the gallery, the public should understand.

CIRCUIT COURT

Suits Being Filed for the Civil Term of Court.

MANY ON THE DOCKET

Two Divorce Suits Filed Today—One Divorce Granted Saturday.

WIND UP OF CRIMINAL TERM

The civil term of circuit court will begin the third Monday in October. Clerk Hobson will shortly begin to make out the docket which will close all the suits for this term. Ten days before the time of convening is the last day allowed the lawyers to file suits and after that time no more suits for this term will be filed.

The suits for the term just finished amounted to over two hundred, and it is thought that the November term will not reach this number. The following suits were filed with the clerk this morning:

Mry E. Nichols filed a suit against her husband, W. R. Nichols, for divorce and the restoration of her maiden name, Mary E. Hughes. She cites the cruel treatment of the defendant and also the threatening of her life, and these she gives as grounds for the action.

John Ray filed a suit against his wife, Malissa Ray, asking for an absolute divorce and the custody of their child. He says the defendant has been associating with bad characters, and these he gives as grounds for the suit.

Mammie Dew was given a judgment for divorce against her husband, Tom Dew, and also the custody of their child.

Pete Richards and Kid Snow, the two white men charged with stealing Mr. H. C. Allison's diamond stud during the Elks' carnival, were convicted in the circuit court Saturday and given three years each.

Richards is a noted St. Louis crook. His wife has been here during the trial, and took his conviction very hard. Snow's alias is Willard Anderson and he comes of a prominent Texas family. His grandfather, who is county clerk of Dallas, was here a few weeks ago to employ counsel for him. The attorneys made a motion for a new trial, which was over-ruled, and an appeal was taken.

Mrs. Myrtle Mallory was granted a divorce from Lucien Mallory, and restored to her maiden name, Myrtle Clover.

The grand jury returned eighteen indictments Saturday, and ignored the indictments against Oscar Hynes, for obtaining money under false pretenses, and Jack Casey, for malicious cutting.

PLEADED "GUILTY."

His Lawyers Withdrew the Plea—Seven Jurors Have Been Secured.

It Is Thought There May Have Been a Plot. The Bullets Had No Poison on Them.

Buffalo, Sept. 23.—Leon Czolgosz, the assassin, was taken from prison this morning placed on trial for murder. At first he pleaded guilty, but his attorneys then withdrew this plea and pleaded not guilty. Up to the recess hour, seven jurors had been secured.

Yesterday's most important development in the Czolgosz case was that no poison had been found on the bullets or the revolver with which the anarchist assassinated President McKinley. Chemical and bacteriological examinations were made, and both revealed the fact that no poison was used.

Another examination to determine the exact mental condition of the prisoner was made in the county jail by Dr. Carlos F. McDonald of New York, the alienist who was brought here for the defense by the Erie County Bar Association, and Dr. A. W. Hurd, superintendent of the Buffalo state hospital.

The alienists were with the assassin for one hour and a half, and when they left both declined to discuss the case.

A Cleveland dispatch says that investigations by police detectives reveal the startling possibility that a plot to assassinate President McKinley was laid a year or more ago, before he was elected for his second term, and that it may have been laid in the peaceful

precincts of Orange township, where the Czolgosz family lived. A remittance made to the assassin by his brother, Waldeck Czolgosz, about a month ago led to the investigation that may have the important bearing on the case. From the first the Buffalo police and the secret service agents of the federal government have been strong in their belief that there was a plot, although the Cleveland police have been inclined to doubt the theory. One of the strong elements in the belief of the Buffalo and secret service detectives has been the fact that the handkerchief with which the assassin concealed the hand in which he held the revolver, was a woman's handkerchief. What is more important is that the handkerchief was tied about the hand in a way that he, it is claimed, would not have been able to tie it himself, no matter how skillful he might have been with the other hand, or how much time he might have taken to tie it. The fact that Czolgosz had money impelled the detectives to try and learn where he got it. Today his brother, Waldeck Czolgosz, confessed having sent it to Leon under the name of Frank Snyder, of West Seneca, N. Y. In his search for clues Detective Schunck learned that the Czolgosz boys, Leon and Waldeck, have been readers of socialist papers for five years.

Shortly before 3 o'clock a jury was secured in the Czolgosz case.

MAN MANGLED

Foreman Brewer Found on the Track Near Kuttawa.

WAS KILLED BY A TRAIN

Remains Buried at Hennings, Tenn.—Dispatcher Jorgensen in Louisville on Business.

LATE NEWS OF THE RAILROADS

Frank Brewer, white, foreman at the works at Iron Ore Switch, near Kuttawa, was run over supposedly by train No. 154, in charge of Conductor Mulhall, last night and instantly killed. His body was cut and horribly mangled and was found this morning by a colored man employed at the workings. The coroner of Kuttawa was summoned and the remains removed temporarily to that place.

The remains were at first unidentified, but later on the employes at the switch identified him and his remains were taken to Hennings, Tenn., his former home, for interment. He had been at the workings only a short time, and nothing of the man and his habits were known, but it is supposed that he had been drinking, and that he could not get out of the way of the train. The conductor and engineer on train No. 154 telegraphed that they knew nothing of the accident and had not seen anything of the man. The remains were found about one-quarter of a mile south of the switch.

Mr. C. O. Griffin, the operator in the Yardmaster's office, is slightly improved today, but still unable to resume his duties. He went to the I. C. hospital this morning. He will probably be able to be at his post again before the expiration of the week.

Chief dispatcher A. J. Jorgensen went to Louisville this morning but will return again tonight. He will then leave for the east on a thirty days' leave of absence. Second dispatcher J. B. Alvey is now acting as chief dispatcher.

Mr. G. H. Durst, of the night watch at the oil house, has been transferred to the Master Mechanic's office and Mr. John Trent was sent to fill the position of Mr. Durst. Mr. Trent has been in the Master Mechanic's office for the past several weeks.

Trainmaster Jack Flynn is in the city today examining all the employes of his division who have not been heretofore examined in the new book of rules. Several were sick during the holding of the examinations, and were unable to undergo the questions and several who will be examined have been taken into the service since the first of the month, when the new rules went into effect.

Mr. Tom Hacker, of the car repairing department, has resigned his position and will leave shortly for his home near Vienna, Ill. He was employed under foreman Swanson.

Superintendent W. J. Hills, of the N. C. & St. L. R. R., went out on a tour of inspection this morning.

Passenger train No. 104 was three hours and fifteen minutes late this morning as a result of bad connections with the southern trains. The traffic on that end of the line is very heavy and the night trains are often delayed. The travel through to Buffalo is also heavy and much more than it has been in some time. The close of the exposition is drawing near and the travel of delinquent pleasure seekers is now having its run.

Hugh French, a young man of Jackson, Tenn., bookkeeper for G. H. Robertson & Co., has accepted the position of stenographer for Trainmasters Flynn and Russell at Fulton, succeeding Mr. Ed Whittaker, who goes to Memphis.

Trainmaster T. A. Banks, of the Central City district, has returned from Springfield, Tenn., where he attended the funeral of his father.

Mr. William A. Love, formerly foreman of the water works of the St. Louis division of the I. C., was in the city today at noon enroute to Louisville. Mr. T. A. Banks, Trainmaster of the Paducah division of the I. C., went to Kuttawa this morning and

ROYAL HOSPITALITY

Visitors Well Pleas'd With the Gun Club Tournament.

Club Has an Important Project on Foot—The Starr Brothers Tie.

Mayor James M. Lang, president of the Paducah Gun club, is in receipt of a letter from Messrs. Praggoff and Watson, of Louisville, who were at the Paducah Gun Club's tournament last week, saying that they were just recovering from the royal hospitality that was accorded them, and the other sportsmen who were here. He said that none of the large cities can touch Paducah in true hospitality, and that none of the visitors ever spent a more delightful time. There is nothing equal to the hospitality of Paducah, they declare, and they are anxious at some time in the near future to show how much it was appreciated.

The letter was most gratifying to the Paducah club.

There is now a project on foot among the members of the club for establishing a sportsmen park here. It is their intention to have a park for the exclusive use of the Gun club, and it is believed that it can be secured without any trouble. The members are very enthusiastic and hope that something definite will be done in the near future.

There have been no arrangements yet made for shooting off the tie between Ben and Mose Starr for the cup championship. They are the crack shots of the club, and a great deal of interest is being taken in the winner. A match will probably be arranged between Messrs. Beyer and Bronaugh and the Starr brothers some time in the near future. If it is not Beyer and Bronaugh, it will be Bronaugh and some one else.

Eight or ten members of the Paducah club intend to go to Metropolis the latter part of the week and participate in the live bird shoot there. They will shoot at swallows, it being against the law there to shoot pigeons.
