

## BASEBALL NEWS

MORE ABOUT THE NEW SCHEDULE OF K. I. T. LEAGUE.

The schedule arranged for the K. I. T. league has been approved by nearly all cities and will doubtless be adopted finally before the season opens.

The schedule shows that each team plays 120 games, 60 at home and 60 abroad. The season opens May 11 with Cairo, Paducah and Henderson at home, and closes with them abroad September 14. Decoration day, Cairo at Clarksville, Paducah at Henderson and Hopkinsville at Vincennes and Clarksville at Henderson. Labor day September 5, Cairo is at Clarksville, Hopkinsville at Vincennes and Paducah at Henderson. The season closes with Cairo at Vincennes, Hopkinsville at Henderson and Paducah at Clarksville. There are very few open dates in the schedule.

There is some objection offered by several cities, it is understood, but a schedule which will meet with the approval of all cities is an impossibility.

## REPORTS FOR DUTY

MR. FRED HOYER HAS RETURNED FROM BALLARD COUNTY.

Mr. Fred Hoyer, superintendent of buildings of the public schools has returned from Cairo and Wickliffe where he had been superintending buildings, and is again acting in his official capacity.

Mr. Hoyer was taken ill after he left Paducah for the lower end of the state and had to return. He was engaged to oversee the work on buildings at Cairo and Wickliffe and the school board in recognition of his past work, granted him a leave of absence. This morning he reported back for duty and will inspect the local buildings and recommend and make necessary repairs.

This summer improvements will be made to the buildings and when vacation comes the actual work will begin. Mr. Hoyer does not know what the improvements will amount to, but says there will be some important changes made.

## 300 INCREASE

IS SHOWN BY THE WORK OF CENSUS ENUMERATORS.

The city school census takers have completed their work and the reports have been turned over to Prof. Frank May, secretary of the board of education.

The books show about 6,300 school children residing within the city limits, an increase of about 300 over last enumeration. The costs of the canvass to the city will be two and a half cents per name. Prof. May will go over the work of the enumerators and will report to the board at the next regular meeting.

## REPORT CONFIRMED

NEW TIME CARD GOES INTO EFFECT ON THE I. C.

Officials today confirmed the reports that a new time card would go into effect on the I. C. Louisville division Sunday. There will be no change of consequence in the runs of passenger trains. The change is made because of the use of the I. C. tracks by the L. H. & St. L. road from Louisville to West Point.

It is further stated that within the next few weeks great changes will be made after it is seen when the world's fair business will do for the roads.

## TO SETTLE LOSS

PEANUT STOCK WAS A TOTAL LOSS—INSURANCE \$8,500.

Messrs. Ira Welch, St. Louis; Steve French, Louisville, and John Picton, Nashville, have adjusted the loss on the peanut company's stock damaged by fire several nights ago. They decided the stock was a total loss. There was \$8,500 insurance. The adjusters are now going over the machinery.

## WAS ONLY A FIT.

Maud McClure, a small colored girl, fell in an epileptic fit, while on her way to the Lincoln school this morning about 8 o'clock.

It was thought for a time that she was dead and there was considerable excitement, but a physician was called and she was soon restored.

## RIDES 3,000 MILES

A MILWAUKEE BOY TO MAKE LONG TRIP ON A MULE.

Milwaukee, Wis., April 28—Raymond R. Toussaint, a 15 year old Milwaukee boy, who has been spending the winter with his father, Dr. Frank J. Toussaint, in the mining region, of Sonora, Mexico, will make a 3,000 mile trip in the saddle within the next ten weeks.

Starting at the mining camp about May 1 he will ride to Milwaukee on a saddle mule. The road, which will be largely off the beaten track of Mexican travel, will be east and north through Sonora and Chihuahua to El Paso, through Texas by the Dallas road to Texarkana, and to Milwaukee by way of St. Louis and Chicago. He will stop at Coas Grande, Chihuahua, to explore the famous Montezuma ruins. His traveling companion will be a Yaqui Indian.

"Raymond would be on the road now," said Dr. Toussaint today, "but I want him to wait for a shower of rain to lay the dust. When I left Sonora a week ago the country was very dry and hot and the trip could only be made at a disadvantage. General Torres, who is in command of the Mexican army, promises to start him off with a military escort, and at El Paso my friends said they would give him a send off and put him on the Dallas road."

## FAVOR KENTUCKY.

BOATS MAY BE BUILT HERE FOR SOUTH AMERICA.

J. N. Ruffin, the United States Consul at Asuncion, Paraguay, is making an effort to establish commerce in shipbuilding between South America and Kentucky and local shipbuilders may be asked for bids. One boat is to be used in the Plate river, between Asuncion and Montevideo, Uruguay.

Mr. Ruffin states that the boat on which the bids are solicited will be the first to come from America and others will doubtless follow as soon as the South Americans learn the nature of North American shipbuilding.

The Paraguayan Government is thinking of letting the contracts for a number of vessels, and Mr. Ruffin is very anxious to have the work done in this country. Mr. Ruffin is a Tennessean, and as Kentucky is the nearest State where there is a shipbuilding industry, he is working to have the contracts landed in Kentucky.

Mr. Jas. F. Buckner, Consul for Honduras in Louisville, is working with Mr. Ruffin, and hopes to establish the international commerce in shipbuilding.

## THREE MEETINGS

CENTRAL LABOR UNION MET LAST NIGHT.

Central Labor union and the leatherworkers and shipcaulkers held separate meetings last night. The business transacted was private.

The Central body met in an ante-room leaving the two larger rooms to the ship caulkers and leatherworkers. The leatherworkers agreed to take no action in the matter of Rehkopf running an open shop until the damage suit has been settled.

The ship caulkers reported prospects for a steady season very good. There is a lot of work under contract now and as soon as the spring is here and the work is gotten to the ways and docks the season will be on in earnest and there will be work for everybody.

## FATALLY INJURED

BROTHER OF MR. THOMAS WILHOYTE HURT IN OWENSBORO.

Owensboro, Ky., April 28—Clay Wilhoite, a prominent contractor, was fatally injured in a runaway here yesterday. The horse was going very fast and Mr. Wilhoite jumped out, falling on his head and crushing his skull at the back. He has been unconscious since the accident and there is no hope for his recovery.

Mr. Wilhoite is a brother of Mr. Thomas Wilhoite who is connected with Ell Guthrie's dry goods establishment in this city.

The Missionary society of the First Presbyterian church will meet tomorrow afternoon at 3 o'clock with Mrs. Louis Rieke, Seventh and Jefferson streets.

## JURY SECURED

HARRY M'KELLAR CASE GOES TO TRIAL AT WICKLIFFE.

The murder case against William McKellar at Wickliffe went to trial this morning and it will probably require several days to complete the case.

McKellar is charged with the murder of Harry Berry near Bandana over a year ago and had been in Meigs county jail for safe keeping until Tuesday when he was taken to Wickliffe for trial. There are many witnesses in the case. It took quite a while to get a jury.

## THE SICK.

Mr. Louis Moore, superintendent of the Alden Knitting mills, has been taken to the I. C. hospital suffering from typhoid fever.

## HOBO DOGS

L. C. WATCHMAN TOLBERT A MAN OF MANY TROUBLES.

Mr. Dick Tolbert, watchman in the local I. C. shops, has a job which he had not counted on becoming so serious. Before the month is out he will have to "take to the woods," he says.

Several days ago Mr. Tolbert informed a reporter of his plans for ridding the city of dogs. He takes the canines and locks them in an outgoing empty box car. At some remote station when the train is on a siding, the trainmen open the door and let the dogs out. They never find their way back, and since Mr. Tolbert's plan has been made public he has been persistently besieged by dog owners who do not want to pay taxes or kill their dogs. They want him to take their pets and ship them away and usually bring the dog along. He

## DIED IN INDIANA

FORMER RESIDENT OF PADUCAH DIED AT MADISON.

Relatives here have received news of the death at Madison, Ind., recently of Mr. Sydney Johnson, formerly of Paducah, and a brother of the late Capt. J. H. Johnson, former mayor, and of Capt. Wm. H. Johnson, and an uncle of Messrs. Mendel and Charles Johnson. The deceased had lived in Madison, Chicago and Indianapolis since leaving Paducah many years ago, but he was at one time interested in the Johnson foundry here, and was well known by most of the older Paducahans.

handles all the way from one to a dozen dogs a day and most all of the trains now have many canine, hobo passengers.

## BACK TO PADUCAH

WALTER WATKINS ON A BRIEF VISIT TO FRIENDS HERE.

Walter Watkins, better known as "Baldy," is back in Paducah on a brief visit to his friends. For the past two or three years he has been at work to secure possession of valuable property in Philadelphia which would give him a fortune. His ancestors leased the land for 99 years, and the lease has expired. Baldy says he will come into his money June 1st. He spent most of his time about New York and Philadelphia, and came here from New York.

—Handsome new billiard tables for the Chess club have been received from Cincinnati and are at the wharf ready to be unloaded and put in the club's handsome rooms over Oehl-schlaeger's drug store at Sixth and Broadway.
