OUR NEW INSTITUTIONS.

The new market house is beginning to be a great joke with the butchers and marketers, as well as the general public. The former have no idea when they will get into the new building, and have stopped trying to guess.

It has been a year and three months since the people voted the bonds for the new market house. The building could have been built in a few weeks, had it been started during favorable weather, but various things have occurred to delay work and postpone the opening, until there is now no definite assurance about anything connected with it.

The butchers and marketers have been told one thing one time and something else the next. One day it is said there will be steam heat, and the next that there will not. The main trouble seems to be that the city officials lose sight of the fact that the market house was built for the people, and not for those who are to pay the city for the privilege of transacting business there.

Sunday School Address. Sunday afternoon at 3:30 a special illustrated Sunday school address will be given by Rev. Geo. O. Bachman at the Broadway Methodist church.

One controversy is now over putting steam heat in the building. Steam heat in cold weather, is what the public wants, and the public owns the house. The butchers complain that the heat would spoil their meat, but they might avoid this by keeping it in their ice boxes, or keeping as much of it there as they can.

The butchers and others were first told they would have to provide certain kinds of furnishings for their stalls, but they have now been told they can move their old traps in and keep them there until March 1st. It is not known what kind of orders will develop by March 1st. By that time the various boards, with characteristic indecision and slowness, may decide that the new market house is too pretty to use, and order everything moved back into the temporary market down in the warehouse, which will be cooler in summer.

WINS HIGH HONORS THAT ARE DESERVED

Hon. Sam. H. Piles Elected United States Senator.

A Former Paducahan and a Self-Made Man—Struck Seattle Without a Dollar.

MARRIED A KENTUCKY GIRL.

Mr. Samuel H. Piles, as forecast in yesterday's Sun, was elected United States senator for the state of Washington yesterday afternoon late, at Olympia, winning on the thirteenth ballot.

Another thing that might be predicted is a row of some description before the new city hospital is thrown open. We don't like to be pessimistic, but nothing fills the bill in dealing with the present administration like pessimism.

He was employed for several weeks on a bridge, often having to work around in water up to his waist, before he raised money enough to obtain a license and hang out his shingle. His perseverance, intelligence and courage, however, enabled him to win his way, and good fortune has since smiled on him until he has not only accumulated a fortune, being one of the richest men in Seattle, but is as well elected to one of the highest honors a man can get.

His struggle with adversity was very hard, and that he has won shows that he is made of the right stuff. Needless to say, he is a staunch republican.

Mr. Piles is 46 years old, and first was in partnership in Seattle with Mr. Rollins, who has since been elected mayor of the city. He now has two partners, Messrs. Donwell and Howe.

Several years ago Mr. Piles came back to Kentucky and carried away as his wife, one of Henderson's fairest young ladies, Miss Barnard, and they have five children. His career has been almost phenomenal, and he can truthfully claim that he is a self-made man.—one who started in without a dollar and now has all the wealth a man could desire, and one of the highest offices in the nation.

Mr. Piles had previously been urged to run for governor of Washington, but did not desire to enter politics and declined. He was later imprompted to make the race for United States senator, but declined for a time, until he could no longer resist the pleadings of his friends. He finally consented to run and as assured several months ago, was elected.

Mr. Piles is a son of Col. S. H. Piles, Sr., who died in September at Smithland. Col. Piles was very ambitious for his son, and while he at first opposed his running for the office, believing that it would injure his splendid law practice, he became reconciled when he realized that the pressure on his son was too strong to resist, and after that his one wish was to live long enough to see his son chosen for the honor. Unfortunately death struck down the father before his hopes for his son were realized, and this is the only thing that mars his son's great triumph in the far western world.

The new senator's step-mother, Mrs. Cornelia Piles, resides in Paducah, at Mrs. J. K. Greer's, at 1012 West Jefferson street. Mrs. Piles stated today to a reporter that she was very proud of her son, and knows he will do honor to his state in congress.

Mr. Matt Piles, formerly in the commission business here, and Miss Ruby Piles, recently married in Seattle, are brother and sister respectively of Senator-elect Piles.

Senator Piles is a second cousin of Judge D. L. Sanders, of the Paducah police court. He was son by Mr. Piles' first wife, who was a niece of Judge Sanders' mother.

MARSHAL M'NUTT

SHREWD MAYFIELD OFFICER HERE INVESTIGATING.

Thinks the Body Found Near Mayfield Was of the Painter Oswell.

Marshal Charles McNutt, of Mayfield, who in conjunction with Patrol Driver John Austin, of the city, is working up a solution to the mystery surrounding the identity of the man found with his throat cut in a hay stack on a farm near Mayfield, arrived in the city at noon to further investigate his case.

He has a photograph of the man taken soon after the body was found. Both officers are positive the man is a painter named Oswell who formerly lived in Mayfield but who had been in Paducah for several weeks prior to his disappearance.

"I am satisfied that it was Oswell who was found," Marshall McNutt declared, "and we are getting out facts connected and will have a chain of evidence so complete as to insure the issuance of warrants with safety."

He stated that he did not want to give out anything as to the theory of the murder but is sure it was murder and for a purpose.

GOT THREE YEARS. Col. Zach Mulhall was a Disappointed Man at St. Louis.

Col. Zach Mulhall, a well-known wild west character who had a show on The Pike at the world's fair, was yesterday convicted at St. Louis of shooting a boy, and was given three years in the penitentiary.

Col. Mulhall is the man Attorney Hal Corbett, of Paducah, went to St. Louis to defend. Last summer he ran amok and fired into a crowd, shooting two or three people, only one of whom showed up to prosecute Col. Mulhall attempted to prove that the bullet which wounded Ernest Morgan was not from his, Col. Mulhall's pistol, and expected to be acquitted. The verdict, according to the St. Louis papers, was a great surprise to him.

Attorney Corbett went to Uniontown, Pa., from St. Louis, to argue the motion for a new trial in the case of Jas. Ezell, formerly of Mayfield, convicted of murder.

HAPPY AND HEALTHY.

A Beautiful Canadian Girl Saved From Catarrh of the Lungs by Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 411 Maria street, Ottawa, Ont., writes: "A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently. I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since."

"I now have the greatest faith in Peruna." F. E. KENAH. WOMEN should beware of contracting catarrh. The cold wind and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape. Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh. The following letter gives one young woman's experience with Peruna: Miss Rose Gerbing is a popular society woman of Crown Point, Ind., and she writes the following: "Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I ASK YOUR DRUGGIST FOR FREE PERUNA ALMANAC FOR 1905."
