### I. C. PAY CAR.

It Is Due to Arrive Friday, March 16, at 9:30 a. m.

The I. C. pay car will arrive in Paducah from East Cairo at 9:30 o'clock on the morning of the 16th. The notice which is usually sent out the first few days of the month did not reach Paducah until this morning, and the railroad employes were getting anxious about the arrival of the car, thinking a delay of the announcement meant a delay of the car. The pay car will go East to Louisville from here.

### MISSING RIG

CAUSED YOUNG MAN OF GRAVES CO. TO SWEAR OUT WARRANT

His Step Father Claims the Horse and Buggy Are At Slater, Graves County.

J. S. Woodson of Graves county, son of Mrs. M. Y. Woodson, the wife of Sam House of Graves county, appeared before Justice Charles Emery last evening at 7 o'clock and took out a warrant against his step-father, charging him with converting a horse and buggy belonging to his mother to his (House's) own use.

House married the widow, Mrs. Woodson, but had had a little misunderstanding it seems. He took the horse and buggy more than a week ago, it is alleged, and came to Paducah. His wife became uneasy as to the safety of the horse and vehicle and sent her son here to investigate. The son claims to have found House but no horse and buggy and had the warrant issued.

House was arrested at the I. C. depot while preparing to return home last night and brought before the magistrate. He stated he had left the rig at Slater, Graves county, and would go back to get it. He deposited \$125 bond for his appearance with the horse and buggy and in company with Woodson left this morning on that mission. They are due back at 4 o'clock this afternoon.

### RIVER NEWS

The river is still falling here. Today at 7 o'clock it was 21.6 feet on the gauge. The weather is cloudy and unpleasant, with occasional rain.

The Dick Fowler left at 8 a. m. for Cairo on her regular trip.

The John S. Hopkins left at 10 a. m. for Evansville, light repairs having been made to her since Saturday.

The Royal arrived from Golconda today and returned this afternoon.

The Clyde arrived from Waterloo last night with a good trip, and is unloading below. She returns Wednesday evening.

The showboats are making for the headquarters of the rivers to get a good start south.

The shanty boats are not so anxious to move at present. The touch of winter was rather unexpected.

The light house tender Lily, in command of Capt. Egan, is preparing to return to St. Louis. She always spends the winter at Duck's Nest.

The big towboats are on their way down with coal having started on the last rise. The Sprague will bring an immense tow down.

The Fulton left last night for Louisville, Ky. She will bring down a tow of coke, steel, nails, etc., which the Pacific No 2 will take to New Orleans.

The Ryman Packet company is having the steamer Dunbar put in excellent condition, the intention being to enter the boat in the excursion trade between Evansville and Nashville. It takes just a week to make the round trip and it is the intention of the company to try and popularize the excursion business between the two cities.

Capt. John M. Hamilton, a retired river captain and a former wheelmate of Mark Twain, was held up by a negro near 15th and Liberty streets in Alton Saturday night, who, at the point of a revolver, demanded his money. Capt. Hamilton informed the negro that he only had 5 cents, and that he would get it out of his pocket if permitted. Consent was given, and when Capt. Hamilton handed the coin to the negro the latter returned it, saying: "I guess you need it worse than I do." Capt. Hamilton was a pilot on the Mississippi river for over 40 years.—Globe-Democrat.

### Schwab's Condition Uncertain.

New York, March 13.—Charles M. Schwab, since his return, has remained in home, guarded from his most intimate friends. Servants give contradictory accounts of his condition. "I do not care if there are a dozen panics," said Mrs. Schwab, "the public must be content with my statement that he is in good health."

### Former Resident of Fulton and Paducah is Now Doing Well in Waco, Texas

The Waco, Tex., Times-Herald of March 7th contains the following item about a former Paducahan that will interest his friends:

Mr. Smith Fields, a prominent citizen, bank president and capitalist of Fulton, Ky., is spending a few days in Waco, and is being shown about the city by Mr. S. F. Kirksey, president of the woolen mills, and his son, Frank Kirksey.

In addition to his connection with the Fulton City bank as president, Mr. Fields is at the head of a wholesale grocery company at Cairo, Ill., is a leading man in the tobacco line, representing the government in that way at Fulton. He is a man of exceptionally pleasing personality, quiet and yet genial in manner, unobtrusive and modest, yet bright and well informed on general subjects as well as being an astute business man.

He does not enjoy the best of health, like many of the busy men of the present day, and feels constrained to come to Texas and locate, though this move would involve a sacrifice in some ways, besides leaving friends and relatives. But of course health considerations out-

weigh everything else, and Mr. Fields said this morning that he thought it was almost a foregone conclusion that he would come to this section of Texas, and that he felt very favorably inclined towards Waco. He would be a valuable acquisition to the city, with his excellent family, adding still further to the desirability of this place as a residence center, a claim on which Waco is pre-eminent.

### JEWISH WORKINGMEN

Are All to Be Dismissed From Russian Government Works.

St. Petersburg, March 13.—Minister of the Interior Dournovoe has ordered all the government works to dismiss Jewish workingmen, on the ground that the Jews constitute an unsafe element.

Arrangements are being made by the Paducah Gun club for its regular season's practice, and it will have a shoot at Wallace park Thursday if the weather permits. It will probably be a live bird event.
