TUESDAY, MAY 15.

CIRCULATION STATEMENT.

Table with columns for dates and circulation numbers. April 2...3893, April 16...3982, etc.

Total...100,450 Average for April, 1906...4018

Personally appeared before me, this May 1, 1906, E. J. Paxton, general manager of The Sun...

PETER PURYEAR, Notary Public.

My commission expires January 22, 1908.

Daily Thought.

"The success of the man who began at the bottom and worked up is due to his knowledge of the whole business."

CARL SCHURZ, REVOLUTIONIST.

A born revolutionist, Carl Schurz proved true to that calling during his whole European career. Nor did he cease to be a revolutionist, under other forms, of course, in his American life.

Establishing a revolutionary paper at Bonn was his first step. Then came participation in revolutionary movements in 1848-49, for which he had to fly to Switzerland.

Defeated for that office, he took prominent part in the Republican national convention of 1860. Taking active part in the war, he fought at Bull Run, Chancellorsville and Gettysburg.

His revolutionary bent asserted itself in 1872, when he repudiated the leadership of Gen. Grant for that of the great editor, Horace Greeley.

strenuously opposed Theodore Roosevelt. With all his revolutionary disregard for party discipline Mr. Schurz must be, however, set down as a statesman, of ability, initiative and estimable leadership.

The Island Creek bridge was brought again to the attention of the board of aldermen last night by petition. The people of Mechanicsburg need the street car service, and it is to be hoped the city and the street railway company can agree in the near future on their proportionate shares of the expense of constructing the bridge.

Those farmers who hesitated to join in the movement to raise a certain acreage of garden truck, inaugurated by the county institute, can read their answer in the statement of Mr. Saunders A. Fowler, who has found an unlimited market for strawberries in Chicago.

A man named Goodpaster was acquitted of murder in Kentucky yesterday. Had the charge been assault and battery, the burden probably would have been on Goodpaster to prove there is nothing in a name.

John D. Rockefeller has taken the trouble to deny that the late Dr. Livingston was his father. Now, there's a bit of muck some fellow raked up. We'll be sympathizing with John D. first thing we know.

If the proposed soap fat rendering factory is established in connection with the incinerating plant for indigent canines, it will enable many reputed masters to literally wash their hands of their children's pets.

Over the head of Carl Schurz's grave can be graven this inscription: "Here lies an honest thinker."

While Americans take great pride and pleasure in being called "a strenuous people," it is perhaps not generally appreciated that a great many injure themselves physically—wreck nervous systems, invite premature wrinkles, gray hairs and infirmities by the hurry, worry way in which they live, neglecting in many instances proper care of the body and letting the real pleasures of life escape as a forfeit.

Neurasthenia is nerve-exhaustion and that means inefficiency of the body to carry on vital functioning. Nerve centres lag; debility ensues; listlessness and fatigue reign. Pain may be felt in the back; fullness or pressure at the top of the head; sleep is broken and without refreshment; digestion notably is weak and loss of appetite, constipation and distress after eating are the rule.

Now, drugs do not help neurasthenia; that is admitted; and physicians have long been accustomed to send their neurasthenics away from the cities to the mountains, seashore, abroad or anywhere to find new scenes and enjoy tranquil restoration. But that is expensive and there is a surer, quicker and better as well as less costly way—Osteopathy.

Osteopathy cures neurasthenia, which is but another name for nervousness, by stimulation to the nerves and the circulation.

I can show you to your satisfaction in a very few minutes why osteopathy is the sane rational cure for ALL diseases of the nerves.

Come to see me at any time between the hours of 9 and 12 in the forenoon and 2 and 5 in the afternoon. Dr. G. B. Froage, 516 Broadway. Phone 1407.

Treasurer's Injuries Not Serious. Paris, Ky., May 15.—State Treasurer Henry M. Bosworth, who was injured in a fall caused by his horse running away Saturday night, is much improved.

BARGAINS IN MEDICINE.

A woman once wrote us that she was not going to buy Scott's Emulsion any more because it cost too much. Said she could get some other emulsion for less money. Penny wise and pound foolish. Scott's Emulsion costs more because it is worth more—costs more to make. We could make Scott's Emulsion cost less by using less oil. Could take less care in making it, too. If we did, however, Scott's Emulsion wouldn't be the standard preparation of cod liver oil as it is to-day.

SCOTT & BOWNE, 409 Pearl Street, New York.

QUIET DAY

JUDGE REED ADJOURNS CIRCUIT COURT EARLY IN MORNING.

News and Notes Gathered in the Public Offices At County Court House.

There was little business before Judge Reed in circuit court today. He finished the day's session by 9 o'clock this morning. In the case of the Mechanics' and Farmers' Savings bank against J. L. Friedman and others, a verdict for the defendant was returned on peremptory instructions.

The case of Wm. Powley against the Paducah Coopers company was continued. Powley sues for damages for personal injuries.

Roy McKinney, Joe Klein and C. A. Torrence were excused as petit jurors.

Gus G. Singleton, W. B. Walters and Robert Graham were substituted.

Circuit Court.

In the case of Charles C. Parker against the Paducah Traction company a judgment for \$51 was filed. Parker's wagon was struck by a street car on South Sixth street and damaged.

Bankruptcy Court.

This morning checks were mailed to creditors in the H. T. Hessig bankruptcy case, the first dividend made in one of the most interesting cases ever in this court.

The Hessig troubles began several years back and finally landed in the bankruptcy court. After much litigation the case was brought to a head and this is the first definite action towards a settlement. The dividend amounts to 10 per cent, and the case is just one year old this week.

County Court.

A final settlement was made this morning in county court by the estate of John L. Powell, deceased. The wife, Mrs. Katie Powell, was executrix, and the estate was provided for in the will. The settlement this morning was a formality and closes the case as far as legal proceedings in court is concerned.

The report of the "Viewers" in a road petition was filed in county court today. The report deals with a road proposed between Pines gravel road and the Blandville road. The viewers state that it will be of great convenience, making a road clear across the county by building this one little piece. The court has not acted but from indications will order it established and worked.

Suit Against Officer.

W. A. Mundy and others, officers in the Fitzhugh Lee lodge No. 536, Brotherhood of Railway Trainmen, today filed suit against J. S. Taylor in county court for \$177.50 claimed to be due because of an alleged shortage in accounts when the defendant was acting as treasurer for the lodge. The petition states that Taylor was at one time financier for the lodge and was short over a hundred dollars. He gave his note for the amount but has failed to settle. The suit is for the original shortage and interest.

Articles of Incorporation.

Amended articles of incorporation of the Paducah Brewery company were filed this afternoon. The amendments increase the capital stock from \$60,000 to \$100,000, divided into 100 shares and also give the board of directors power to issue bonds not exceeding \$100,000.

In Bankruptcy.

William W. Ayers, of Faxon, Calloway county, this afternoon filed a petition in bankruptcy, scheduling liabilities amounting to \$5,195 with no assets. Several Paducah firms are creditors. Among the heaviest are Weeks Bros. & Co., \$648; Hecht Bros. & Co., \$856; S. Fels & Co., \$1,059 and Geo. O. Hart, Sons Co., \$120. W. C. O'Bryan deeds to J. B. Sedberry, for \$65, property in the O'Bryan addition.

Lots of men have Heaven to thank for a wife who is generous enough to let them eat with the rest of the boarders.

THIRTEEN FREIGHT CARS BROKEN UP

Costly Wreck Near Heath Caused by Defective Flange.

Merchandise and Oil Scattered Over Tracks and Right of Way Blocked to Traffic.

WRECKING CREW IS AT WORK

One of the most disastrous freight wrecks of the year occurred on the Cairo extension of the Illinois Central road this morning between 6 and 7 o'clock. Freight train No. 952, a fast through freight, was wrecked, and the track blocked for hours. The accident proved damaging to the road in both loss of freight, damage to rolling stock and delay in passenger traffic.

Freight train No. 852, engine No. 5, in charge of Engineer Robert Bean, Fireman Harper and Conductor Burkham, was derailed at Heath, Ky., a small station a few miles west of Grahamville, 16 miles from Paducah. The accident was due to a broken flange. It is thought, or a bad piece of track. The engine remained on the rails, but thirteen cars left the tracks and merchandise was scattered to the four winds.

One tank filled with oil was relieved of its contents. A large hole was knocked in the bottom and the oil spilled out and spread over the ground for many yards. A car of oats was broken to pieces, and also a car of wheat. One or two cars of miscellaneous merchandise were broken up and the contents scattered along the track for some distance. The rails also were torn up.

The local wrecker was dispatched to the scene and began working on the wreck before 8 o'clock. It was impossible to clear the tracks before noon and passengers were transferred from one passenger train to the other. The delay occasioned no little inconvenience to many passengers en route to the city to catch the early Louisville accommodation.

It is impossible to estimate the exact damage done in the accident, but the loss in rolling stock, the smashing up of thirteen freight cars, will amount to several thousand dollars. The loss of merchandise and oil also will bring the figures up into the thousands.

This afternoon the wrecking crew was still working and by night the tracks will be clear and traffic resumed.

An investigation of the cause will be held in Paducah this week. No one was injured in the accident.

NOT HIS FATHER.

John D. Rockefeller Denies Any Relationship to Dr. Livingston

New York, May 15.—John D. Rockefeller tonight authorized the unequivocal statement that Dr. William Livingston, who died, aged 96, on Friday night at Freeport, Ill., was not his father.

"Mr. Rockefeller," said the butler to the reporter, "authorizes me to state that his father William Rockefeller, died before John D. Rockefeller, Jr., was born. Mr. Rockefeller also says that he never knew the Illinois doctor and never heard the name mentioned until the papers came out with stories to the effect that he was Mr. Rockefeller's father."

Sanitation Hints.

Good sanitation for 1906 should be your motto. Clean your premises, keep them clean and sprinkle with lime. Screen your doors and windows and keep out the housefly, the most dangerous of pests. It carries disease and infection. The most effective money spent in advertising Paducah will be that spent in cleaning and draining it. Every citizen can help to do this, in their own way. No mosquitoes, no malaria. A clean city no danger of yellow fever and typhoid. A Central Park for a good morning breath.

Advertisement for LITHOLIN. "I Don't Need You Any More, John!" "Mellon man no like my washes?" "No, that isn't it, John. You see I wear LITHOLIN Waterproofed Linen Collars and Cuffs now and wash them myself with a sponge and a little soap and water."

Old Coughs. New coughs are bad enough. Old coughs are worse, much worse. They always make one think of bronchitis, consumption. Ayer's Cherry Pectoral quickly cures new coughs. And it cures old ones, too.

Guthrie's Silk Clearing Sale. COMMENCING Wednesday morning at 9 o'clock we will put on sale on a center counter in the back of our store, 322-324 Broadway, all of our Fancy Silk of all qualities at unheard of prices.

TIME FOR Low Quarters.... Easter has come and gone and it's up to you to put yourself in tune for spring. A swell pair of Oxfords will help as much as any one thing. With our Stacy Adams, Nettleton and Barry Shoes we are equipped to do the needful—well equipped, too; in fact we were never better prepared to serve the shoe trade of Paducah.

WE wish to announce the arrival of the daintiest assortment of summer footwear for the ladies ever shown in Paducah. If there's anything new or dainty in Oxfords or Slippers we have it. White ones are bound to be more popular than ever this season.

WOMAN APPLIES. Mrs. Sallie Marshall Hardy Seeks Louisville Postoffice. Sleeth's Syrup of Sarsa parilla Compound will purify your blood. SLEETH'S DRUG STORE. YOU DON'T HAVE TO WAIT. Every dose makes you feel better. Lax-Poo keeps your whole system right.
