With Each Boys' Suit.  
Outfit Consists of  
BAT, BALL,  
CAP and BELT.

THE PLACE  
TO BUY  
CLOTHES  
THAT  
FIT AND WEAR.

## PADUCAH: Concerning News of a Local Nature for Past Week.

From Friday's Sun

Paducah is, in all probability, to have a new financial institution, a trust company. The movement has been on foot only a short time, but the organization is almost a sure thing. At a meeting this week of the directors and some of the stockholders of the Paducah Banking company it was unanimously decided to increase the capital stock of the concern and have the charter changed to permit of it and add a trust feature to the business. The stockholders and all were much in favor of the change. The cashier, Mr. William Hughes, is in Mexico and won't return until the first part of next month. The plan will be suggested to him and it only awaits the decision of him and a few other stockholders to make the new concern a sure go. Paducah is a splendid opening for just such an institution as the one proposed, and

there is no doubt that it will be a success from the start. The gentlemen having the matter in charge are the most prominent men in the city and will put the life in the enterprise essential to success. The capital stock of the new company has not been decided on, but will, in all probability, be \$150,000 or \$200,000.

Second Clerk Hart Kelley, of the steamer Tennessee, which arrived from Tennessee river last night, had a close call from being murdered at Riverton, Ala., Tuesday.

He had a difficulty with a negro named Payne, and the latter came out second best.

Clerk Kelly had forgotten about the trouble when another negro stepped up behind him on the forward part of the boat, and exclaiming, "you—of a b— you hit my brother," began stabbing at him. It was John

Payne, who did not work on the boat.

The clerk had nothing but a club, but he did such good work with it the negro was forced to retreat. He had succeeded, however, in stabbing the clerk three times in the left side, one wound almost penetrating the hollow.

The negro was caught and committed to jail at Tuscombina, Ala. Clerk Kelley's wounds were dressed, only one having to be sewed up, and he is again at his work, little the worse for an experience that might have cost him his life.

The mail box at the union depot is beginning to cause trouble. It is "robbed" by only the railway mail clerks, and as they find in it letters for people residing in the city or residing in places reached only by boat, there is great delay sometimes in properly delivering and distributing the mail. People who mail letters at the depot should bear in mind that all letters dropped there are placed on trains, not taken up by mail carrier for the city or the packets.

Engineer Joe Borschein, who was injured a week ago today in the wreck at Clay Switch, was taken to his home near Broadway and Seventh, yester-

day afternoon and is improving rapidly.

Fulton thinks the Illinois Central railroad ought to build a hospital at Fulton. Since December 1 forty persons have been hurt in or near Fulton, seven being killed or died in a short time.

Deputy Sheriff Lampkin, of Clinton, passed through the city yesterday with Mrs. Jeff Lampkin, of near that place, en route to the Hopkinsville asylum. The young woman is unusually pretty, and became suddenly insane last Friday. She is so violent at times that she had to be handcuffed. She is the wife of Henry Lampkin, and has three children.

U. S. Commissioner Puryear will in a few days have ready the docket for federal court, which convenes April 1. About the most important suits are those of the estates of John T. Blythe and Hi Tendell against the Illinois Central railroad company each for \$40,000. The attorneys for both plaintiffs are R. T. Tyler, Hendrick and Miller, and Herschel T. Smith. It is said that an offer of compromise to the Tindell estate by the railroad was refused.

### PRESIDENT'S TRIP.

Washington, March 22.—The president will leave April 30 for a trip to San Francisco, and he is being overwhelmed with invitations to stop at southern and western cities en route.

He will go probably direct to New Orleans, where he will be entertained, going thence to Galveston, Houston and El Paso, where President Diaz will meet President McKinley.

At San Francisco the party will stop a week in connection with the events attending the launching of the battleship Ohio. On the return trip over a northern route the party will visit Yellowstone park, and thence probably take a run down to Denver. A sail by steamer down the great lakes from Duluth to Buffalo also probably will be included in the trip.

Washington, March 22.—In view of the embarrassments surrounding the selection of a federal judge for Kentucky some prominent Kentuckians suggested Commissioner of Internal Revenue John W. Yerkes be appointed, but as soon as he heard of the movement Mr. Yerkes stopped it. Private Secretary Giovannoli will assume his duties in Commissioner Yerkes' office April 1.
