A proposition has been made to the mayor by the new sewerage contractors to rent the roller, and a rate has been made to them of \$5 a day for its use, and it is practically settled that they will accept the terms, and that the contract will be drawn at once.

The contractors have decided to keep the streets repaired as they go along and prevent future trouble. To this end they have asked to rent the roller.

Mayor Lang has appointed three delegates to the National Congress of Charities and Corrections, which meets in New York from May 18th to the 25th.

Mrs. Given, of the Howards, Mrs. Nannie Cochran, of the Home of the Friendless, and Mrs. Millie Davis, also prominent in such work, were appointed, and an effort will be made, according to the mayor, to have them attend and their expenses paid by the council, in view of the fact that many good ideas of the work would be obtained at such a convention, and would be of incalculable benefit to them in the home work.

Mr. O. J. Hille, of the Union Commercial T. Co., Nashville is at the Palmer.

Mr. J. W. Rhine, of Mound City, representing the National Pump Co., is at the Palmer.

Mr. Thomas McCoy, of Golconda, was in the city today, en route home from St. Louis.

Dr. P. H. Stewart was called to Wickliffe last night to perform an operation on Attorney J. B. Wickliffe, of that place.

Messrs. John C. Henley and Wm. Jackson, of Golconda, were in the city today, the former on business, and the later en route to the Odd Fellows' celebration at Harrisburg, Ills.

The mayor is in receipt of a letter from the executive committee of the International Mining Congress to be held at Salt Lake City this month. The fare from St. Louis, for the round trip will be about \$40. Several Paducah gentlemen have been appointed to attend, but they will probably be unable to go.

The city has ordered several car loads of Lawton's Bluff gravel to use on the streets, where they need attention most. The gravel is expected to arrive some time this week. It will be put on by the chain gang.

The wife of Crip Wilkins has been admitted to the city hospital. She was refused admission to the poor house by County Judge Tully, who thought the hospital was the best place for her.

The fair association has practically decided to hold the races this year in June, instead of the Fourth of July. This is for the benefit of the street car company, it is understood, which thinks it can make more money on the glorious Fourth by hauling picnic parties and renting the fair grounds to them, than by horse racing. By the new plan, it will get the benefit of both.

The supervisors will in all probability have all their reports made out by tomorrow, and adjourn, instead of today.

Big house furnishing sale at Noah's Ark, Friday and Saturday of this week. Hundreds of bargains will be offered to the citizens of Paducah. This sale will consist of odds and ends in the house furnishing line, and will also include iron goods, woodware, tinware and granite ware.

Send your horse to J. Will Smith at Glauber's stable, if it needs the attention of a veterinary surgeon. You may thus save a valuable horse.

Work is progressing rapidly on the two new boats now under construction at Howard's ship yard at Jeffersonville. Work on them has been greatly delayed owing to the water being too high for the carpenters to work. Pike here is nearing completion and will be out in a short while. They are busy building her wheel at the present.

Errors of refraction of the eyes are daily assuming more importance and are engaging more than ever the attention of opticians. Even the public is becoming interested after discovering how much science is able to improve the visual power and aid the defective eye to enjoy the beauties of nature in the same degree as the perfect eye.

It is the fact now generally known and conceded by all oculists and educated physicians that certain so-called "eye diseases" as well as many cases of chronic headache, neuralgia and nervous prostration are due to irregularities of the refractive media.

# MASSAC ELECTIONS.

The People of Brooklyn and Metropolis Choose City Officers.

Celebrate the Event With Firing of Cannon and Sky Rocket Effects Last Night.

Elections were held in Metropolis and Brooklyn, Ill. yesterday, and were of considerable interest. They passed off quietly, however, until after the result became known, when the event was celebrated with cannon, which made many Paducahans think that the Spaniards were near.

The most important election in Metropolis was that of city marshal. Marshal Gus Crouch was re-elected by a majority of 20. John S. Turbott, alderman in First ward by a majority of 42. John Cummins, alderman for Second ward, over Wm. Wright, J. P. by 19 majority. Geo. Hausman, alderman Third ward, had no opponent. James Jones, alderman Fourth ward, was re-elected by 14 majority.

The boys paraded the streets with colors, cow bells and tin pans last night in honor of the successful candidates and freedom for fun.

AT BROOKLYN.

Mr. Mosely was elected mayor of Brooklyn, over his opponent, Wm. Dugger. Marshal Grimes was defeated for marshal by John Black.

## SCHOOL CENSUS.

It is About Complete—A Big Increase Shown in Four Wards.

It is Thought That the Increase Will Be 500 Over Last Year.

The school census is about complete, but there are two of the wards yet to hear from. The census is to determine the number of school children in Paducah.

The reports as received thus far, show an increase over last year in the 1st, 2d, 3d and 6th wards of over 200.

The probabilities are that the total increase in the 4th and 6th wards will swell the total number over the census of last year somewhere near 500.

The total last year was 4,647, and this year it is thought it will equal, if not exceed 5,000, which will be of great advantage to the school board.

## ONLY THREE MISSING

Five More Bodies Recovered at Shawneetown—Three Are Left.

The City is Being Rebuilt—Damage Great—Loss of Life About Thirty.

There are now but three unrecovered bodies known to be missing at Shawneetown. Five were found before yesterday, and only three people are missing. There may be others unknown, however, but this is thought unlikely.

This places the death list at about 28, much less than at first thought. The city is being rapidly cleaned up, and the people are preparing to rebuild it. They seem very grateful to the people all over the adjacent states who responded so promptly and generously when they were in need.

Work is progressing rapidly on the two new boats now under construction at Howard's ship yard at Jeffersonville. Work on them has been greatly delayed owing to the water being too high for the carpenters to work. The one for the Lee line is expected to make her debut first and the St. Louis and Tennessee river packet will follow her in a few days. The new D. H. # NO MEETING.

The board of education did not meet last night in called session, as was expected, as the city has not made the tax levy, and there seems to be a doubt in the minds of some whether or not the board can legally let the new school contract, for which purpose it was to have met, until the council has made the levy. The bids will therefore be kept until the council formally makes the levy.
