BALTZER & DODDS

### Huntingdon's Independent Telephone Co., Raises Rates 33 1-3 Per Ct.

Huntingdon, July 7.—The Stockholders of the Carroll County Telephone Company met yesterday for the annual election of directors. J. McNeill Wright tendered his resignation as Secretary-Treasurer, and is succeeded by J. Fred Walters, superintendent of the water and light plant. The directors were elected as follows: L. E. Brevard, President, A. M. Lee, J. McNeill, Wright, J. P. Clark. The rates have been raised from \$1.50 to \$2 on business houses and from \$1.25 to \$1.40 on residences.

### PRONOUNCED FALSE.

Louisville Commercial.

Mr. McEvoy, said to be a Manila merchant, has furnished evidence that a European white man can lie on occasion as well as any yellow Asiatic or Polynesian. Mr. McEvoy assumes to have been in the confidence of Gen. MacArthur to the extent that he knows that Gen. MacArthur, with the consent of President McKinley, paid Aguinaldo a million dollars to surrender. He ought to have found out under what clause of the appropriation bills this money was provided. Mr. McEvoy is far on the inside of things that he knows that Funston and all the ran of his party made up the lie about capturing Aguinaldo in order to cover up the purchase.

### HORNBEAK.

Hornbeak, Tenn July 10.—Prof. Wingham, wife and little daughter left last Sunday for Kentucky, where they will remain several weeks visiting relatives and friends. Little Misses Ina and Bernice Royer and Master Henry Royer of Kentucky, are visiting at Hornbeak. Miss Julia White returned from Martin Thursday where she has been for several weeks. A number of young people went to the lake Tuesday remaining over until after the Fourth to attend a barbecue and brand dance. A team ran away with Mr. Henry Forbes, Saturday. Sion Williams received an order for a casket seven feet long Saturday for a man named Lyons living on Reelfoot Lake. "MADAM GRUNDY."

### THREADING NEEDLES.

A little machine which threads 1,000 needles a minute, is in Minneapolis, says the Chicago Journal. It was seen by L. S. Donaldson, of Minneapolis, in St. Gall, Switzerland, on a recent visit, and he had it sent to his place of business merely as an exhibit. The purpose of the machine is to thread needles that are placed afterward in an embroidery loom for making the Swiss or Hamburg lace. The device is almost entirely automatic. It takes the thread from a hopper, carries it along, and threads, ties the knot, cuts the thread of a uniform length then carries the needle across an open space and sticks it in a rack. The work of threading these needles was formerly done by hand and the advance from what may be done by hand to 1,000 a minute by machinery is an index of the progress of the Swiss republic.

### Heartburn.

When the quantity of food taken is too large or the quantity too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by Cowgill & Cowgill, druggists.

### LET'S GO TO HICKMAN.

The Merchants' and business men of Hickman have determined to give an old fashioned, old time free burgene at Hickman on Wednesday, July 17th, for the sole purpose of good will, mutual enjoyment, and genuine hospitality. A bountiful dinner will be supplied, free, and an abundance of good things for the thousands who are expected to attend. The invitation is to every man, woman and child in this section of the country. Kentucky, Tennessee and Missouri. Good music, baseball games, and many different kinds of innocent amusements will be provided. —Columbus Critic.

### SHOULD BE STOPPED.

It would be a good thing to read the bird law occasionally to the boys who find so much pleasure in killing them with their sling shots. It is a five dollar fine for killing any kind of bird at certain seasons of the year and the informer is entitled to one half the fine for making the complaint. Boys might unconsciously furnish some one a good job by having in their possession a negro flipper. One man in Caldwell county was fined \$150 two years ago for killing thirty birds, which made his sport quite expensive. No parent should tolerate the action of his child in the wanton disposition of killing innocent birds. It cultivates a habit of viciousness on the part of the child that might develop into a disposition that would be anything from commendable in his future.

### FROGS STOPPED TRAIN.

Ithaca, N. Y., July 7.—All Ithaca is suffering from a frog pest after the recent heavy rains. The frogs have appeared in great numbers. The ground in the vicinity of Renwick Park is covered with them. A train which left for Auburn late last night had difficulty in working its way through the myriads, which appeared on the tracks. The tracks became so slippery from the ones killed that the wheels would not take hold of the rails. Traffic on a branch of the Ithaca street railway running in Stewart avenue has been impeded and thousands of frogs appeared in the vacant lots south of the Fiske McGraw mansion. The little animals have invaded houses and destroyed many gardens in the lower part of the city. It is difficult to proceed on the walks in that vicinity.

### HAVE YOU SEEN THE LATEST in Photographs? If not call at Rosedale's Photo Gallery.

### SIZE OF CITIES.

It is not generally known that, excepting New York, and that only since it has become Greater New York, New Orleans is territorially the largest city in the world. On the contrary, old London is one of the smallest, and in area not so great as many of our pretentious little American villages. The city of London proper contains but thirty one acres more than a square mile. The territory, however, which is comprehended in the county of that name. Even this vast area, containing the immense population of 4,500,000 souls, is only three-fifths the size of New Orleans. Chicagoans think their city very great and very large, but the difference in size is in favor of New Orleans which is large enough to contain five and one-fourth cities as large as London proper.

### \$2.50 SCHOOL PER CAPITA FOR 1901.

Frankfort, Ky., July 6.—The school per capita for the 1901 school year will be \$2.50. Auditor Coulter has completed the calculation which shows that this amount will be paid for each child of school age in the state. The per capita last year was \$2.45. It was believed for quite a while that in view of the fact that the Court of Appeals decided that the big deficit of last year, left over from the preceding year, and amounting to something over \$130,000 had to be paid out of the funds of the last year, that a deficit would be greatly reduced. According to the figures taken from the books in the office of Superintendent McChesney there are now 738,799 pupils, that is children between the ages of six and twenty years.

Last year there were reported to the office of Superintendent of Public Instruction 737,531 pupils, only 1,268 less than this year.

### AGUINALDO SOLD OUT TO GEN. MCARTHUR FOR \$1,000,000 IN COLD CASH.

London, July 5.—The Daily Express to-morrow will print an interview with Edward Macevay, a merchant at Manila, who has just arrived here, and is staying at the Hotel Carlton. Mr. Macevay declares that Aguinaldo sold out to Gen. McArthur, and says it is understood in Manila that the deal was made with the consent of President McKinley. He says that Aguinaldo received \$1,000,000 for his participation in the farce and that he intends to later invest this in United States property. "Funston's capture of Aguinaldo," Mr. Macevay will say in the interview, is the vilest rot. The Americans could never defeat the Filipinos and they had begun to realize it. They therefore adopted the old exploit of bribery, well knowing that they would find Aguinaldo receptive. He has been a bribe taker and a country seller more than once in his life."
