Hickman Has Patterson Club.

A number of Hickman citizens are taking an interest in the re-election of M. R. Patterson as governor of Tennessee. And as an endorsement of his administration a Patterson Club was organized in Hickman Tuesday.

C. L. Walker was elected president; Jas. T. Seat, 1st V-Pres; F. S. Moore, 2d V-Pres; T. T. Swayne, 3d V-Pres; R. M. Isler, 4th V-Pres; Arch DeBow, Secretary, and some of the most prominent men in this vicinity were enrolled as members.

It was resolved by the club to attend the joint debate in Union City today (Thursday) between Patterson and Carmack in a body, each member to wear a white badge.

It is proposed to charter a special train and engage a brass band for the occasion.

There are Few

people who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Sinkin, Alton, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is good for children as it is for grownup people, and I recommend it. It is fine for Gripe."

The State Journal says the friends of the 19 men indicted at Shelbyville for night riding "are confident a serious mistake has been made and the grand jury imposed upon by some zealous Law and Order League" because of the fact that they are "among the most substantial and respected citizenship of the county." There are still other surprises in store before the State and Federal courts bring out all of the hidden secrets of the night riders.

Card of Thanks.

We take this means of expressing our appreciation of the courtesies and hospitality on the part of our citizens in entertaining the visitors and delegates who attended conference here last week. We are especially grateful to the livermen for their kindness.

The clothing store of Jones & Chambers, at Fulton, was entered by burglars Saturday night and \$100 worth of wearing apparel was stolen.

Wilson is Honored.

Geo. W. Wilson is the new president of the St. Louis Typographical Union. He was elected Wednesday in one of the most closely contested races in the history of the local organization. Mr. Wilson won by 8 votes. He will hold office one year.

Mr. Wilson joined the union in 1885 at Omaha, Neb., and has been active in union affairs since. He represented the St. Louis union at Colorado Springs in 1906. This was the only office he held until elected to the presidency.

The union has a membership of nearly 1100, and is one of the oldest labor organizations in the West. It was chartered July 4, 1856.—St. Louis Post Dispatch.

Mr. Wilson is well known in Hickman, having had charge of the Courier about four years ago when the paper belonged to Mrs. Geo. Warren. When Wilson left Hickman he accepted a position on one of the St. Louis papers at which place he has been since that time.

Money to Loan.

I can make farm loans in Fulton county, Ky., at the rate of 5 1-2 per cent per annum on first class improved farming lands. Not more than half the cash value of a farm will be loaned. Loans made for five years with privilege to borrower of paying same after two years in full or making any size partial payment desired at intervals of six months after the expiration of two years from date of loan. 49-7p

After being out over a day, the jury in the case of the Commonwealth against the American Tobacco Company brought in a verdict fining the corporation \$500 for violation of the State anti-trust law. Judge W. H. Holt, of Louisville, sat as special Judge in the case, which was one of the most bitterly contested in the Shelby Circuit Court.

Who Likes Ice Cream Soda ?

Put that question to any crowd of girls in Hickman and you won't hear a dissenting voice if you say Helm & Ellison's. The fair sex are particularly fond of our Ice Creams and Plain Soda—because they are delicious and temptingly served and you get good heaped up measure in every glass.

Our Fountain is now in full blast for the summer trade with all the popular old time flavors and many new and dainty drinks for those who like things quite fancy.

In everything about the fountain we guarantee absolute purity in ingredients and absolute cleanliness in manufacture.

Yet our soda costs no more than the common kind.

THE VENEZUELAN SITUATION

(By McCutcheon, in Chicago Daily Tribune.)

It is more than likely that Cairo will get the new shoe factory to be located in this section of the country by Mr. Osner, as that nearby city is hustling to capture the commercial enterprise. Mr. Osner was in Paducah last week conferring with business men regarding putting the plant there, but Cairo has gone ahead to subscribe stock and take the factory.

Several folks have asked us why we could not have about three or four arc lamps on Clinton street. Nothing to hinder us just lack of energy. Why not, gentlemen of the Council? Fulton has a lawn mower club; Hickman needs a more lawn club.

Dyersburg, Tenn., Herald tells of a confidence game, played by a negro, who enters a store with a check for \$12.00, purporting to be signed by the one who has authority to pay for street work and buys something and gets the change. He worked the merchants of that city out of fully \$50 in that way.

Sad Affair.

Fulton was thrown into a spasmodic state of excitement Sunday morning when the news flashed over the city that the Hon. W. P. Taylor had drunk an ounce of carbolic acid. Physicians were hurriedly summoned and the entire Taylor household assisted by friends worked earnestly and faithfully with the unfortunate victim until he was revived. Some months ago Mr. Taylor suffered a stroke of paralysis which ended his active business career, and in his helpless condition he had brooded over matters until life seemed unbearable.

In 1873 Mr. Taylor moved to Fulton from Duketown, Tenn., and for a number of years enjoyed an excellent business in the mercantile affairs of the city, when he was elected County Court Clerk and moved his family to Hickman, where they resided until he was elected to the presidency of the First National Bank of Fulton, and removed to Fulton, where he has been engaged until recently in the mercantile business, being the senior member of the firm of Taylor & Royster. Mr. Taylor is one of our most prominent citizens and great hopes are now entertained for his recovery.—Fulton Leader.

The motion being put to a vote of the Council by Mayor Dillon, the amendment was adopted by an affirmative vote of each of the six councilmen present. Then the ordinance as amended was read, and being then put upon its final passage was passed, each of the six members of the Council voting in favor of same, and was ordered signed by the Mayor and attested by the Clerk and published at least once in the Hickman Courier, a newspaper published in the City of Hickman, Ky., and spread upon the record book of the City Council of the City of Hickman, Ky., and to be in force from and after the publication thereof.

Council Proceedings

Hickman, Ky., June 1st, 1908. Council met in regular session. Present Mayor Dillon, Councilmen Swayne, Schlenker, Dodds, C. Bettersworth and Ledford.

A motion was made and second that the ordinance heretofore introduced on May 15th, 1908, to amend the Nashville, Chattanooga & St. Louis Railway a right of way through Broadway Street, and across streets and alleys in West Hickman, Ky., be amended so as to read as follows:

The City Council of the City of Hickman do ordain as follows:

That, whereas, the tracks of the Nashville, Chattanooga & St. Louis Railway, approaching the city of Hickman, Ky., from the east, are in serious danger of undermining the Mississippi River, and

WHEREAS, in order to maintain connection with its terminal in Hickman, Ky., the said Railway desires to make a new location of line, running south of the City of Hickman, Ky., and reaching its terminals over a part of Broadway Street, and

WHEREAS, the City of Hickman, Ky., desires to aid the said Railway in maintaining said connection.

NOW THEREFORE in consideration of the premises and the benefits which will accrue to the City of Hickman, Ky., and the citizens thereof by reason of the improvement of said connecting Railway and the maintenance of undisturbed communication to the depot of the Railway and the industries located in West Hickman, Ky. The City of Hickman, Ky., does hereby grant and convey to the said Nashville, Chattanooga & St. Louis Railway the right of way for a single track down Broadway Street described as follows:

Entering Broadway Street on the west side thereof and south of Main Street and continuing down said street about the center to the alley between Catlett and Brooklyn Streets, then in a curve to the right, entering private property at the North end of Brooklyn Street and continuing thence on private property to a connection with the main line of the Railway leading to the depot, crossing Marr, Catlett, Brooklyns, Market, Main and Hall Streets and alleys included between Marr and Catlett Streets and Catlett and Brooklyns Streets.

Provided that the grade of the Railway is established in such manner as not to interfere, detrimentally, with the present grade of Broadway Street or any of the intersecting streets or alleys.

Provided also that the Railway will make the grade of Broadway Street for its entire width to conform to the top of the rail of the track on Broadway Street and grade of Broadway Street and plant trees on each side of said street for the entire length occupied by said tracks.

Provided also that subject to the approval of the Railroad Commission of the State of Kentucky no other railroad may cross said tracks on said streets.

Be it further resolved that Tom Dillon, Mayor of the City of Hickman, Ky., is hereby authorized to execute and deliver to the Nashville, Chattanooga & St. Louis Railway a deed of grant and conveyance of the part of the City of Hickman, Ky., to the said right of way in said streets and alleys in accordance with the terms of this ordinance.

The motion being put to a vote of the Council by Mayor Dillon, the amendment was adopted by an affirmative vote of each of the six councilmen present. Then the ordinance as amended was read, and being then put upon its final passage was passed, each of the six members of the Council voting in favor of same, and was ordered signed by the Mayor and attested by the Clerk and published at least once in the Hickman Courier, a newspaper published in the City of Hickman, Ky., and spread upon the record book of the City Council of the City of Hickman, Ky., and to be in force from and after the publication thereof.

Mrs. Alice Bumpus, of Hickman, Ky., writes the editor for information as to the unknown floater found at Thompson's Landing, thinking it might be her husband, who has been missing since April 12th, leaving her in a destitute condition. We feel sure the body found there was not that of the husband of Mrs. Bumpus.—Charleston (Mo.) Courier.

A New York paper asks, "Can a woman dress on \$20,000 a year?" and to this the Bernard (Kans) Bee replies: "Ours does." From this we conclude that the newspaper business is a good thing in Kansas.

Do you know that the best class of laundry wearers are giving their work to the O. K. Steam Laundry, of Fulton?

Why? Simply because the cost is no more than you would pay to some other laundries, who turn out saw-edge collars and yellow, dirty looking garments. The laundries I represent gives your work that pearly white color so much appreciated by the genteel dresser. It costs no more—why not have it?

I deliver laundry in city; also call for it. The agency is at the store of Smith & Amberg.
