### Park Association Formed.

On last Tuesday evening, at one of the homes on West End Heights, the Riverside Park Association came into being.

The meeting was attended by the residents of Catlett St. on the Heights, and was enthusiastic from start to finish.

The immediate object of the Association is the protection, improvement and beautifying of the hillside leading to the most beautiful sunsets in the world.

Mrs. P. F. Herring was unanimously chosen president, which, of course, insures the success of the object in view. Each and every member fall up and overflowing with enthusiasm and determined to do everything possible to make Riverside Park and surrounding the most beautiful spot in Hickman. Every member is obligated to do everything in their power to beautify the yards and grounds of each one's home.

The spirit of improvement is in the air and it is to be hoped that the neighborhoods will be imbued with the same spirit and form other associations for the beautifying of their plots in the city, vying with each other as to which shall be made the most beautiful. Hickman is surrounded with plots of ground, the beautifying of which would make it the most talked of city in this section and the envy of sister cities. The Court House yard, the grounds in front of the Court House and C. Holcomb's residence, Carnegie Library Park, Lovers' Leap, and in the brow of the entire hill from east to west, all could be made beautiful spots at slight expense.

May it not be that Riverside Park Association is but the nucleus of an organization of the entire town into a Civic Improvement League, all working with enthusiasm and with one common object in view, to make of Hickman the most beautiful city in the world? Let its slogan be:  
More trees,  
More grass,  
More flowers and shrubbery,  
No more old tin cans and rubbish strewn about the streets, and with concrete walks all over the city, Hickman will soon be indeed, and in fact, "The City Beautiful."

May 4, 5, 6 and 7 should be red letter days not only in the history of the Christian church but also of the citizens of our community. We do guttering of every description. Let us figure with you—Cot Adams, over Ellison Bros.

# SUITS THAT LOOK "DIFFERENT"

Our specialty is of making Suits that have an air which is characteristic of them alone. So many clothes look alike. 'Anderson' Clothes look "different," but the difference is all in our favor. You'd scarcely expect one of my age, in merchandising to engage and hope to get a paying trade without the local paper's ad. And yet I did that very thing; I opened up a store last spring—this month the sheriff took my stock and sold it at the auction block. Don't view me with a scornful eye, but simply say as I pass by: "There goes a fool who seemed to think he had no use for printer's ink." There is a truth as broad as earth and business men should know its worth, 'tis simply this: The public buys its goods from those who advertise.
