Dornan, Miss Irene Furis and Guy Hale, Miss Myrtle Walker and Cowgill Rogers, Marie Brevard and C. M. Blackford, Miss Virginia Prather and Ferd Mad-dox and Mr. and Mrs. A. E. Kennedy.

It is relactd that a Pulton county woman said to her husband: "I no-tice a lot of old bald-headed married fools are falling in love with other women and running off and leaving their wives. Now let me tell you something. If you find any woman that thinks you'd make her happy don't you go to the trouble of run-ning off. Just bring her here and I will be tickled to death to let her in to my shoes. I just want to get a good look at the woman who claims she can fall in love with a baldheaded, bowlegged, grouchy, stingy old bear like you that's always snapping and snariing and finding fault and gruntin' with the rheumatism."—Luzelle Weekly Squirt.

MULES!

1910 will be a year of very high prices. Flour, Meal, Bacon, Lard and a few other things will be too high to use. However, if you should use any of these you will find ours of the very best quality and at prices 5 per cent lower than elsewhere.

226 BUSHELS TO ACRE.

The North Carolina man who pro luced last season 226 bushels of corn on an acre of land had been preparing for the crop for seven years. Seed selection was an important factor. He selected seed that produced four cars to the stalk. He broke the land fifteen inches deep and fertilized it well, and planted three seeds in a hill, the hills being eight inches farmer believes in fewer acres, well fertilized, and care in selecting seed. He has successfully demonstrated his

THE HIGH PRICES

Secretary Wilson has made a good point in mentioning one of the troubles afflicting the country. It is the cost of high living. Intelligent observers have noted for several years the rising tide of individual extravagance throughout the country. Never before in the history of the United States have the people been so prof ligate. In the matter of dress, travel, amusements, sports and luxuries they bave been spending money like wa-Individual thrift is at the lowest obb in our history. It is impossible remain at bottom for necessities to levels when inflation curses every-thing else.—Houston Post,

MAY WASH AWAY.

The river bank at Point Pleasant has caved so far that the old grave yards on the Maulsby and Martin farms, are in danger of being swept away this spring. Many of the prominent families in LeSieur township have relatives buried there and some of them are now removing the ashes of their folks to graveyards distant from the river. The work of removel should be attended to at once, before the spring flood comes.—New Madrid

WHAT WE EAT.

An eminent statistican estimates during the course of an ordinary life the average man will eat seven fourloads of food more than is good for him. Not so with an editor; we just figured it out that since we have been in the business we have eaten two 4-horse wagon loads less than we should have eaten. the life of the country editor is hard.

than this. Well improved and will result. bear close inspection. Part time .-Hickman Courier Realty Co.

BURIED HERE SATURDAY.

The remains of Mrs. John Adams ere brought to Bardwell from Hickman Saturday morning and interred in the cometery Sunday afternoon. The deceased, with her husband and daughter, Miss Iva, formerly lived here, but during the past several years the family has been living at Hickman. Mrs. Adams had for many years been in poor health, but on Saturday morning she told her huaband and daughter that she was feelled and the state of the feeling much better. Mr. Adams and his daughter left home Saturday morning to attend to their regular duties, and about ten o'clock a ne-gro woman went to the Adams home and found her lying on the floor in an unconscious condition, and she on-ly lived a short time after being found. Before her marriage she was Miss Allora Burrow, a sister of Dr. R. C. Burrow, of Cunningham, and the late Thos. Burrow, of this place. -News, Bardwell.

A QUESTION.

The cost of living's gone so high We cannot live and so must die.

And say, We've got to do it right away, We've got to do it right away.
Because unless we're p. d. q.
In what it's up to us to do,
The undertakers will combine
Along the whole darn funeral line
And make that cost prohibitive
As now we find it is to live.
Thus we can neither live nor die,
No matter by what means we try. No matter by what means we try, And this condition being true, Say, what in thunder shall we do?

BUY FROM CARRIER.

By order of the postoffice departnent rural carriers are no longer required to pick up pennies in the rural route boxes and affix stamps to letters. If the money is placed in an envelope or coin carrier the route man will leave stamps for the amount but patrons are urged to buy and keep. keep 2 supply of stamps at home. You should buy from the carrier if practical, as he is credited with the amount of stamps sold, and if less than 50 cents a day average, the route may be discontinued.

HERE'S THE LIMIT.

We don't mind hooking her waist, We don't mind hooking her waist, looking to see if her white skirts show, and if her hat is on straight; we don't mind pinning up a veil now and then and cleaning mud off her rubbers, but when it comes to holding one end of a store switch while she braids it, we think the limit has been reached, and it's time for us to assert our independence.—Ex assert our independence.—Ex.

4,500 POUND STEER.

Perhaps without an equal is a black Shorthorn steer owned by Elias Mitchell, near Fountain City, Ills., The steer weighs 4500 pounds, is six feet in height and 5 feet, 2 inches across the back. Mr. Mitchell says he has refused \$1200 for the steer. This steer is in a class with Fulton county mules.

CONCRETE BARRELS

A young farmer recently invented an ingenious device for making con-crete water barrels. He took two We have for sale in West Hickman wooden barrels. He took two wooden barrels of different sizes, knocked the heads out of both, put residence property. Owner has good the smaller inside the larger and fillreasons for selling. It will take \$1,- ed the space between them with con-800 to trade. Property cost more crete, and a concrete barrel was the

\$65,000.00 Making a total of which stands, not as the total security, but as the mar-

Every dollar of this must be lost before any depositor can lose a penny.

This is a STATE bank, operated under the strict

banking laws of Kentucky. At least four sworn reports are made each year. Its funds are protected by a modern Burglar Proof Steel Safe and Vault, and are insured against burglary

and sneak thieves. Its officers and employees are under bond for the faithful discharge of their duties.

All of these things, coupled with careful, conservative management, assure the patrons of that supreme safety which is the prime essential of a good bank.
