INCORPORATED

Fulton county will be entitled to nine delegates in the State Democratic Convention, which meets on the 25th of this month. When our county convention meets and there is a majority for any candidate, the nine delegates should be given full instructions how to vote in the State convention for a Democratic candidate for the presidency. They should also be instructed to vote for our Congressman, Ollie M. James, as one of the State delegates at large and other good men. It would also be well to remember our past experience in county conventions, and, by extraordinary effort, we should succeed in getting, at least, a half vote in the interest of the masses. -But it requires a full house to do this, according to past experience. If the farmers and business men do not take time from their business to attend this convention, it is probable that one man will name the delegates instruct them and carry the thing to the best interests of the M. A. Order of Political Hot-Carriers of Fulton County.

.....A Bushel Selected.....

Owing to the backward season, and the further delay caused by the flood, crops will be planted late. In view of this fact an *Early Maturing Corn* should be planted to insure a crop, and St. Charles is the earliest corn I know of. The supply is limited, so get busy if you want it.
