WHICH WAY WILL YOU VOTE?

The WILSON WAY Means Peace

The Wilson Way

Around 20,000,000 happy firesides the fathers of America will gather this night with their unbroken family circle, with their children upon their knees and their wives by their side, happy and prosperous. Contrast this with the fathers, husbands and brothers of the Old World dying in the ditches, with the gloom and mourning in broken family circles, where hunger crouches and disease treads. If this be "evil and vacillating," God prosper it and teach it to the rulers of the old World.

—Hon. Ollie M. James, at St. Louis Convention.

PARRISH MOVES OFFICE.

Manager C. B. Parrish, of the Cumberland Tele. Co., has moved his business office to the second floor of the new Hickman Bank & Trust Co. building. This company expected to move their exchange into the new building this fall, but will be unable to move until about May, owing to the fact they cannot get a new switchboard, which is to be installed when they do move.

A movement on a wholesale scale to pad registrations and colonize voters in Indiana, Ohio and Illinois is believed to be in progress. The Indiana investigation concerns six cities in particular. They are Indianapolis, Evansville, Muncie, Greensburg, Richmond and Gary. The frauds uncovered concerned both schemes for the wholesale colonization of negroes and the illegal registration of voters that it is said to run into the thousands.

John Sloan and Walter Edmiston, two good citizens of the Cayce section were in town Monday. Mr. Sloan is making his arrangements to move to Northwest Arkansas and Mr. Edmiston will hold a sale Saturday, preparatory to going to Los Angeles, Cal. Sorry to lose these gentlemen and their families as citizens of Fulton county.

Mrs. Charlie Vance received a telegram on Friday informing her of the death of her mother at Hot Springs, Ark., where she was in a hospital.

CALLED TO NEW YORK.

Dr. Dave Prather, of the U. S. Health service, was the guest of Dr. H. E. Prather and family last Friday. Dr. Dave has been stationed in Obion county this year, where the government has been conducting an experimental campaign. He has received orders to report at Ellis Island, N. Y., on Nov. 1st. The government maintains a fine hospital on this island and provides the physicians and surgeons in charge with elegantly furnished residences, autos, etc. Dr. Prather and his wife are a fine young couple and we are glad to see an old "home boy" making good and enjoying an easy berth.

The Mayfield fair ground buildings were sold to the highest bidder Saturday and they will be torn down this week and there will probably not be another fair unless a new grandstand, stables, floral halls, etc., are built. The lease has expired and the owners of the land will manage it in the future.

According to the Commercial Appeal, Mrs. Bessie Glasscock McNeil, now of Chicago, and well known here, is seeking a divorce from her husband, charging that he stays out four and five nights out of a week and has also slapped and mistreated her. They were married Jan. 28, 1913.

The Dodds cotton gin, which has managed by working almost night and day to handle their ginning with only the electrically driven side of the gin, was forced to fire up their steam engine Saturday and operate the whole equipment to full capacity to take care of the business.

Ever time a married man looks at the little knot on the back of his wife's head he wonders who started that stuff about Woman's Crowning Beauty.

Flour went to \$10.50 per barrel wholesale Monday, and some of the local wholesale houses restricted sales to not over five barrels to a customer. A representative of one of these houses tells us that he will not be surprised if flour sells at \$20 a barrel before another wheat crop is grown in Fulton county.

FIRE MINOR IMPORTANCE.

The fire alarm, with West Hickman signal, was turned in shortly after noon Sunday, but the blaze proved to be only the burning of a pile of lumber on the railroad right-of-way, near where the old grain elevator was dismantled. The fire department responded and stopped the fire, as it endangered a lot of cotton and other near-by property. A passing train probably ignited the dry grass, which in turn set the lumber afire.

WHEAT \$2 A BUSHEL.

No. 2 hard wheat sold on the St. Louis Merchants' Exchange Saturday for \$2 a bushel, a new high-record price since the European war started and the highest level reached since April 1877, when it sold at \$2.22.

The highest price ever recorded in the St. Louis market was in April 1867, when No. 2 red wheat sold for \$3.85 a bushel.

The season for shooting ducks on the lake opened yesterday.

What's become of the ordinance prohibiting roller skating and the riding of bicycles on the sidewalks?

The HUGHES WAY Means War

The Hughes-Roosevelt Way

What Roosevelt Would Do As Secretary of War and Dictator to Hughes

"I have been asked what I would have done if I had been President when the Lusitania was torpedoed," shouted the speaker. "I would instantly have taken possession of every German ship interned in this country, and then I would have said: 'Now, we will discuss, not what you will give, but what we will give back.'"—Theodore Roosevelt in a speech at Battle Creek, October 2, 1916.

With Hughes as President, and Roosevelt as Secretary of War, we would today be taking part in the European war and sacrificing hundreds of thousands of our fathers and sons and piling up billions of dollars of debt, and all to accomplish less than Wilson got by diplomacy.

HONOR SENATOR FROST.

The Baptists of Graves county so much appreciated the stand of Senator Frost as State Senator and as a private citizen on all great moral issues that they did the unusual thing Wednesday in session at Little Bethel church by electing a layman moderator. A minister has always held this position, but the record has been broken. Senator Frost was elected and makes a splendid presiding officer. He now has the hearty support of the five thousand Baptists in Graves county.

"ORIGIN OF SPECIES."

The Republican elephant and the Democratic donkey were both originated by Thomas Nast in his cartoons in Harper's Weekly in 1874. Their conception grew out of a hoax in the New York Herald to the effect that the animals of the Central Park menagerie had broken and loose and were wandering about the city. Soon after Nast labelled the two political parties as well as the Tammany tiger.

If any one is due the thanks of their party in this end of Fulton county, we are sure they are Judge Elvis Stahr, Judge B. T. Davis, Judge F. S. Moore, City Attorney T. R. Powell, Attys. W. J. McMurry, M. B. Shaw and Dee McNeil, the principal speakers and workers in a persistent Democratic campaign which has been waged in this end of the county for the past two weeks. They have spent both their time and money preaching the gospel of Democracy.

The Dahnke-Walker Milling Co. is erecting a corn shed in the N. C. & St. L. Ry. "Y" for handling surplus corn—that is to say corn is coming in faster than cars can be had for shipping.

A WORD ABOUT SAMBURG.

The little city of Samburg, down on Keelfoot Lake, was well represented by Hickman folks Sunday, who were out motoring, enjoying the balmy October days. Among those from Hickman we noticed Esq. A. M. Shaw and party, W. M. Shaw and party, Henry Sanger and wife, B. G. Hale and wife, B. G. Hale, Jr. and wife, Dr. H. E. Prather and wife, Richard Prather, Miss Hettie Williams and mother, W. E. Lynch and wife, N. B. Holcombe, Misses Frankye and Lite Reid, Miss Newbill, Mrs. Dee Reid, Miss Homer Green, Miss Kate Hackett, A. Minitree, Mack Reid, Leslie Hackett, Wiley Tummins, J. C. Sexton and wife, W. C. Speer and wife and others whose names we failed to get. Samburg seems to be forging right ahead, even if the oil boom did die a natural death. The boring for oil has ceased and the machinery has all been moved away. Residents of that section seem to know little or nothing of the results of the drilling, except that the casing has been pulled out and the "hole plugged up with mud." If oil was found, the matter is a secret. Mrs. W. J. Logan, formerly of this city, runs the principal hotel of Samburg and is doing nicely with the business. The jolly bunch that meets at Samburg for hunting, fishing and outing, find it an ideal spot for the purpose, although this village was once famed as the cradle of "Nightriderism." Even some of the members of the once famous organization—Sam Applewhite and others who were sentenced to be hung uptil dead—are there to greet the visitors—very much alive and apparently the best of fellows. The little town, unique in a way, is maintained by the fishing industry and enjoys a good income as a sportsman's resort.

Win with Wilson.
