PIONEER PRINTER SELLS BUSINESS TO HICKMAN MAN

Announcement was made today of the purchase of the printing business of Ben F. Briggs, by H. M. Crain, who will take charge on August 1st. Mr. Crain is a young man and a practical printer and experienced business man. Mr. Briggs is one of the oldest and best known printers and newspaper men in Western Kentucky. He has been in the printing business since the year 1860, in this city, and has thoroughly established himself in the minds and hearts of all. He retires from business on account of his health, which has not been of the best for the past few months.

The printing profession as well as the business concerns of the city, will be sorry to lose from their ranks a man they hold in such high esteem. —Mayfield Messenger.

HOUSES NOW SHOT FROM GUN

Concrete Construction Surely May Be Said to Have Reached the Limit in This Idea.

"Shooting" houses out of a "gun" is the latest wrinkle in concrete construction, writes Cleveland Gaines in Popular Mechanics Magazine. The gun consists of a nozzle-like affair at the end of a 3-inch hose. Dry concrete is put into a container and water forced through it. The mixture is thus made at the last moment before it is applied.

In building the first of the houses in this fashion a one-sided framework of tar paper and chicken wire was erected. Iron reinforcing rods were placed against this and the concrete shot against it with the use of a gun. A wall two inches thick was "shot" in this way, allowed to dry, and the tar paper and chicken wire peeled off. The result was a solid concrete wall. Doors, windows and plumbing were put in place and the wall shot around them.

In similar fashion ceilings, floor, a fence around the yard and other parts of the house and yard were shot. Seats were shot into the wall at one place, decorative designs in another, and so on. The resulting house and yard was a complete home in one piece—a monolith.

The second house built with the gun employed wallboard in place of tar paper and chicken wire, with even better results.

LODGE DIRECTORY

Fulton Lodge No. 83, I. O. O. F., meets each Thursday evening at 8:00 o'clock in the Odd Fellows building. A cordial invitation extended to all Odd Fellows and visitors are welcome.—Virgil Hall, Noble Grand; Joe Morris, Secretary.

Hickman Chapter No. 280, Order of the Eastern Star, meets the second and fourth Thursday evenings of each month at 8 o'clock at the new Masonic Hall. Visiting sisters and brothers are cordially invited.—Mrs. Annie Hale, Worthy Matron; Mrs. Bertha Crutchfield, Secretary.

American Legion—Business meeting first Thursday night in each month, 8 p. m. in rooms in Ledford Bldg. Ex-service men urged to meet with us. Present discharge petition and be balloted on same night.—Deo Reid, Post Commander; Charles Fethe, Adjutant.

Hickman Lodge No. 1294, B. P. O. Elks, meets first and third Wednesdays at Elks' Home. A. W. Hale, Exalted Ruler. D. J. Oliver, Secretary.

Hickman Lodge No. 761, F. & A. M., meets in stated communication on the second and fourth Monday nights in each month in the new Masonic Hall. Visiting brothers are always welcome.—W. J. McMurry, Master. W. F. Renneberg, Secretary.

Hickman Chapter No. 49, R. A. M., meets in stated convocation on the 3d Monday night of each month. Visiting companions are extended a cordial welcome.—W. F. Renneberg, High Priest; Stanley D. Stembrieger, Secretary.

Baltimore plans to spend \$50,000,000 in the development of its port facilities.

HEALTH NOTES.

The following letter was received by Dr. Hubbard from the State Board of Health Saturday:

Dear Doctor:

Acting upon the authority conferred upon it by law, the State Board of Health calls your attention to a widespread epidemic of rabies in dogs in the state. From counties in almost every section of the state, men, women and children have been bitten by mad dogs and large live stock has been similarly infected and destroyed.

In order to prevent a widespread epidemic of this very dangerous disease, this Board requests you to immediately issue such instructions to your subordinates as will cause them to destroy, as painlessly as possible all stray dogs found running at large in any part of your jurisdiction. There are now more than sixty individuals taking the treatment for bites from rabid animals at the office of this Board in Louisville and more than twice as many other persons are being treated by their physicians at home. This is a wholly unnecessary expense and burden to our people and prompt action in ridding every section of the state of stray dogs will immediately reduce the danger.

All dogs should be considered stray dogs which are at large unmuzzled for the next sixty days after publication of this notice in local papers.

Given under our hands and the seal of the Board at Louisville, this July 14, 1922.

L. T. McMurry, President.
A. T. McCormack, Sec'y.

Who Remembers "Butter Daisies"?

A government clerk was heard bemoaning those lost dainties of his youth.

"I have eaten all the modern candies," he said. "Yes, sir, all the chocolates, and the milk chocolate, and the fudge, and the nut candies, and the sort with a cherry to jump out at you and all that."

"They are very nice, but none of them approaches the delicious flavor of the old butter daisies. I remember how I used to get a nickel, run to the corner store and invest in a bag of butter daisies."

"Small yellow cones they were, that melted in your mouth, much as the fabled nectar of the gods was supposed to do. No, sir, I haven't tasted a butter daisy in 20 years."—Washington Star.

The first machine for sewing mechanically was invented in 1790.

ANGLERS TAKE NOTICE.

For several mornings the elements at Hickman near the river have been filled with millions of insects. Those who have been complaining on account of the scarcity of fish bait should read the following and cease to worry.

River men say these insects are willow-flies. In a dictionary we find these definitions:

Perilid: Any insect of the Perlidae family. A family of insects having aquatic larvae; the stone-fly.

Stone-fly: A pseudonemopteran insect of the genus Perla, used by anglers as bait.

FIRST BAPTIST CHURCH.

Sunday School 9:45, J. W. Roney, Supt.

Preaching by the pastor at 11 a. m. and 7:45 p. m.

The pastor has returned from his vacation quite well and frisky and will be greatly pleased to see the members and friends of the church in the worship at the appointed hours.

Theme of morning sermon, "Importance of Attendance in the Services of the Church."

A. S. Pettie, Pastor.

Mrs. Henry Bristow and son, Weldon, are visiting relatives in Owensboro.

CALOMEL GOOD BUT NEXT DOSE MAY SALIVATE

It Is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick, and cannot salivate.

Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tonic better than treacherous calomel your money is waiting for you.

Dr. and Mrs. A. S. Pettie returned Monday from a ten days' stay at Dawson Springs. Mrs. Pettie, who has been ill the past week is much improved and was able to make the trip home. Dr. Pettie is much improved in health.

Mother Goose was all right in her time, but the modern who would have a pocket full of eye must sing a song of considerably more than sixpence.—Baltimore Sun.

"Can we get a better Congress?" asks a paper. Sure; all that's necessary is to get a better electorate.—Greenville, S. C., Piedmont.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Miss Hazel Jones, of Jackson, Tenn., arrived Friday for a week's visit with Mrs. Harry Crain.

The new Goodyear Cross-Rib Tread Cord

A Remarkable New Cord Tire at a Popular Price

Here is a big, sturdy, long-wearing new tire built to satisfy the buyer on every point of mileage, quality and price.

It is designed especially for the man who wants the essential advantages of cord tire performance at the lowest possible price.

It is designed to offer the buyer a quality product at a price even lower than he has formerly paid for a "long discount" tire. It has a different tread from the famous Goodyear All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and its selling price ranges from 20 to 25% less.

This new tire is the Goodyear Cross-Rib Tread Cord.

Like the All-Weather Tread Cord it is liberally oversize in all straight-side sizes, the

4 1/2-inch tire, for example, actually measuring nearly 5 inches. Like the All-Weather Tread Cord, its foundation is genuine high-grade long-staple cotton. Like the All-Weather Tread Cord, it embodies the efficient group-ply construction, a Goodyear patent.

Like the All-Weather Tread Cord, it is the product of an experienced company which has a world-wide reputation to safeguard.

Look at the prices of the new Goodyear Cross-Rib Tread Cord, listed below. Compare these prices with net prices you are asked to pay for "long-discount" tires of unknown reputation and value. Why take a chance on such tires?—you know it doesn't pay.

Compare these prices with NET prices you are asked to pay for "long discount" tires

30 x 3 1/2 Clincher . . . \$13.50	31 x 4 Straight Side \$23.50	34 x 4 Straight Side \$27.35	34 x 4 1/2 Straight Side \$32.95
30 x 3 1/2 Straight Side \$15.85	32 x 4 Straight Side \$25.45	32 x 4 1/2 Straight Side \$31.45	33 x 5 Straight Side \$39.10
32 x 3 1/2 Straight Side \$19.75	33 x 4 Straight Side \$26.80	33 x 4 1/2 Straight Side \$32.15	35 x 5 Straight Side \$41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks
