HONOR ROLL IN SEIGE OF PEKIN LEGATIONS

SEVEN AMERICAN MARINES KILLED—ALL THE WOUNDED, SAVE TWO, HAVE REPORTED BACK TO DUTY.

SAV THE ROYAL FAMILY HAS FLED

CAPTURED ALL BUT IMPERIAL CITY—CHINESE STUBBORNLY DEFENDING THE PALACE—BOMBARDMENT OF INNER FORTIFICATIONS GOING ON.

Washington, August 20.—The bureau of navigation this morning received the following cablegram from Admiral Remey:

"Taku, August 19.—Authentic report from Pekin, 15th, from Lieutenant Latimer. Troops moving on Imperial city. Clearing out Tartar city. All Americans who remained in Pekin are well, except one child. Captain Myers recovered from wound, has typhoid, crisis passed and now convalescing. Assistant Surgeon Lippett was wounded, upper left leg bone fractured. Leg saved, now recovering. The following killed during siege in Pekin: Sergt. J. F. Fanning, Privates S. C. King, J. W. Tucker, J. Kennedy, R. E. Thomas, A. Turner and H. Fisher. Wounded: Private J. Schroeder, elbow, severe, now dangerously ill from fever; Seaman J. Mitchell, upper arm, severe, now recovering. All other wounded and sick returned to duty. Casualties in Major Biddle's command, in attack on Tan Pating: First Lieutenant Butler, chest; Private Green, wrist; Private Warren, right temple, all slight. Reports from Chinese sources that the royal family has escaped and are en route to Sian Fu.

(Signed) REMEY.

ARE IN THE PALACE.

Japanese Troops in the Midst of the Imperial Splendors.

Washington, August 20.—The Japanese legation received several important dispatches. One received today from Tokio, dated August 19, says: "After entry into Pekin was effected by the allied troops, the Chinese troops on August 15 betook themselves to and remained in the imperial palace. A body of Japanese troops was told off to guard the palace, and there they met with obstinate resistance by the Chinese troops. Fighting is still going on. The headquarters of the Japanese army is in the legation, and the division is mainly quartered in the villages outside of An Ting Man."

Another telegram, dated the 19th, gives the report of the Japanese consul general at Shanghai, saying: "Sheng reports that the emperor also had left Pekin, as the privy council crossed the Luken bridge on the 15th, bearing the banner of the imperial cortege. Also that Prince Ching is still in Pekin, although Prince Tuan has followed the empress dowager."

CAVALRY IN FULL CHASE.

After Fleeing Empress Dowager and Her Treasure.

London, August 20.—The Japanese cavalry has left Pekin in pursuit of the dowager empress and her court, according to telegrams from the north, received at Shanghai by Chinese officials. These dispatches aver that the empress and her treasure train, protected by 30,000 troops, has already arrived at Wu Tai San, in Shan Si province. The field telegraph north of Yang Tsun is interrupted and nothing under Pekin date appears to have reached Yang Tsun since August 17. Heavy rains have been falling in the province of Pe Chih.

The landing of the British troops at Shanghai is not causing excitement among the natives. A detachment of 100 French marines landed there today. A customs cruiser is reported to have gone to Tien Tsin to take away the foreigners rescued from Pekin.

Many influential Chinese have interested themselves in the fate of a Chinaman sentenced by an English court at Hong Kong to six months' imprisonment at hard labor because he was a member of a Triad society.

MRS. DENBY AT TIEN TSIN.

Praises Russian Bravery—On the Verge of Massacre.

Indianapolis, Ind., August 20.—The following letter was received last night from Mrs. Charles Denby, Jr., dated Tien Tsin, July 20: "On the night of June 15 enormous

WANT PEACE AT ALMOST ANY PRICE

CHINESE APPLY TO WASHINGTON AND ALL OTHER INTERESTED POWERS FOR PEACE COMMISSIONERS.

Washington, August 20.—The Chinese government, through Li Hung Chang, has made application to the United States for the appointment of Minister Conger or some other American official, with authority to open negotiations for the establishment of peace and for fixing definite terms for the settlement of the present trouble. The application came to the Chinese minister today and was taken by him to the state department. Li Hung Chang's application for the appointment of a peace commissioner expresses a willingness to conduct the nego-

tiations at a point desired by the powers, and it is expected that this will be at Pekin or Tien Tsin. A similar application has been made by Earl Li to all of the powers interested. His suggestion of Minister Conger as the commissioner is based on the idea that as Minister Conger has been rescued he has now the opportunity to proceed to the point where the negotiations will be held and conduct them. The application does not suggest any particular terms, nor does it ask for the withdrawal of troops. It requests that the negotiations shall be for the purpose of bringing about a cessation of hostilities.

fires in the native city were started and the Boxers began their attack on the settlement, so we were all aroused at four o'clock and every one who lived in the extra concession went either to friends on the Victoria road or to the town hall. As it happened, Mrs. Von Hennekin had asked us to come to her in case of alarm, so we escaped to the town hall. There were perhaps one hundred people who remained in their own homes. All the rest were huddled together in Gordon hall for ten days.

"The Chinese troops were everywhere. Two days before the alarm 1,700 Russian troops arrived. They saved our lives. Had it not been for them all of us would have been slaughtered. On that Monday they fought 5,000 Chinese foreign drilled troops for twelve hours. At one time they thought they could not hold them at bay, but in the evening the Russians still maintained their positions. How the Russian fought and suffered—I cannot describe their courage. For three days they lay in the open, exposed to a terrible fire without being able to fight back. The Chinese were behind trenches so the Russians could not afford to waste ammunition.

OFFICIAL FROM GOODNOW.

Delayed Word Assuring the Occupation of Pekin.

Washington, August 20.—The state department has received a cablegram from the Consul General Goodnow, at Shanghai, announcing the occupation of Pekin by the allied troops and stating that it is reported that the dowager empress and emperor left Pekin on August 18.

THINK SHE IS INSIDE.

Dowager Empress May Still Fall Into Hands of Allies.

Berlin, August 20.—The foreign office has received a dispatch from the German consul at Che Foo, under today's date, saying the dowager empress was believed to be inside the palace at Pekin, and that the allies were still bombarding the fortifications.

OUT OF HARM'S WAY.

Bloody Old Empress Tsai An is Going to the Interior.

London, August 20.—The Chinese minister here has received a dispatch from the consul at Shanghai, saying that the empress dowager and the emperor left Pekin a few days before the allies arrived there.

CONGRESS FOR CHINA.

International Body to Solve the Questions at Issue.

New York, August 20.—A dispatch to the Herald from Washington says: President McKinley is considering the advisability of proposing to the powers the organization of an international congress which shall sit in China and recommend to the several governments represented a permanent solution of pending questions. The president recognizes the fact that the duties United States Minister Conger would be called upon to perform would be so exacting and arduous that it would

be unfair to ask him to take the additional burden of discussing a method of settlement of the matter in controversy that Special Commissioner Rockhill will be too busily employed in obtaining information and in communication with high Chinese officials to give time to them, and that direct negotiation between the powers is likely to prove unsatisfactory and give rise to complications which might otherwise be avoided.

ENGLISH MONEY MATTERS.

Stocks of All Kinds Are Fast and Loose.

New York, August 20.—A dispatch to the Times says: Just at the nick of time your gold became available and saved our market from a nasty jar. London stock brokers and others still grumble at the smart money played by the chancellor of the exchequer; but had he left the money market to its own devices, last week must have seen the Bank of England forced to put the rate up to 5 per cent. As it is, thanks to the lending of credit promptly on the shipped gold we have been able to carry through the mid-monthly stock exchange settlement, pay up our major part of our share of the exchequer bond issue, and meet other capital calls, not only without any advance in market rates, but with the rate up to 5 per cent. To further the help and make things comfortable, the treasury paid off £1,000,000 of the floating debt in short bills falling due last Wednesday, and we now find ourselves at the end of an anxious week with the loan rates barely more than 3 per cent, and discount slipping back toward 3 1/2.

How long will this cheapening tendency last? Probably some weeks, but it is a case without comfort, because we have not yet received nearly enough gold to enable us to meet the demands which are sure to arise in October and November. Presently, therefore, the market must begin to harden again. But from day to day, money, as usual, controls the discount market, and as other centers of credit are equally without their own in slack times, the stickler for firm rates stands without leverage to aid him in enforcing his ideas.

No further advance has taken place in the German market. The Bank of France continues to hold the gold until now it possesses \$2,000,000 more than at the end of last year. All this signifies that if we had no war outlays to provide for we would face the prospect of a surplus of gold. Even our stock markets begin to pick up heart and talk of business. All else is languid enough, and railway stock continues to wobble on the hints that the war has begun to decline. But we have got consols once more on the up grade and this week jobbers tell me discount on "Chakki" will be obliterated. All this is quite cheerful, but the operators on your side need not count just yet on a brisk market here for American railroad stocks.

WILL BE GREAT REUNION.

Grand Chorus at G. A. R. National Encampment.

Chicago, August 20.—Although there is much to do within the auditorium of the new Coliseum before it will be ready for the listening thousands who will be there next Sunday for the opening exercises of the national G. A. R. encampment, the work was sufficiently advanced yesterday to allow Professor Katzenbach to give his chorus the first rehearsal. This chorus will be something for the vision. Grand Army men are to sing as well as the five. It will be composed of 507 women, selected from the best singers of the city, in addition to a number of soloists of the various national commands, and other officers will be held on the second day of the encampment, or that of Wednesday. There is but one candidate for the honor of singing for the office of the honor. He might have accepted it by appointment at the death of Mr. Sexton, but he, with many others, believe that Illinois has not right to ask for the office the second time.

FIX PRICES FOR SALMON.

Catch of 1900 Is Priced Ready for Market.

New York, August 20.—Representatives of the Alaskan Packers' association have fixed prices on the 1900 pack of Alaska salmon as follows: Horseshoe—A trial brand of \$1.20, and on other labels \$1.12 1/2. Against these figures, however, a concession amounting to 2 1/2 cents per dozen is made on all strains of lots of 500 cases or over of one brand which can be shipped immediately upon arrival at San Francisco, and on which the expense of hauling until the arrival of other brands will be spared the association. The buyer is to be given the full benefit of this saving, as all salmon in the quantity named will be billed at \$1.17 for horseshoe and \$1.10 for other brands. No prices have been named on sockeye, medium red and pink salmon. It is said, with reference to the reports as to the pack made from the various canneries. Estimates as to the probable shortage on the entire coast vary considerably, ranging from 60,000 cases to 1,000,000 cases below the pack of last year. As to the actual shortage, figures are of course not available, the returns from the various canneries not being completed.

TOOK THE WHOLE CURRENT.

Electrical Engineer Gets Charge of 7,500 Volts.

San Diego, Cal., August 20.—W. E. McCurdy, an engineer of the electric plant here, was found dead in the power house. He had received a shock of about 7,500 volts. His hat was lying by the dynamo and his body was twenty feet away. A burn on his hand showed where he had touched the pole, the shock throwing him over another machine standing near. In his flight through the air he apparently disarranged the gearing for the engine run away and burned out the dynamo. As a result the city is without street lights temporarily.

SHOT BY HOLD-UPS.

Denver, Colo., August 20.—A special to the News from Florence, Colorado, says: George Ronah and Joe Juhasz, miners, were shot by hold-ups at Brookside, a coal mining town, five miles from here, Juhasz being instantly killed and Juhasz fatally wounded. S. A. Havens and Jos. Graham have been arrested on suspicion.

TRIAL OF YOUTSEY HAS ZEY HAS GUN

SECOND TRIAL FOR CONSPIRACY IS INTO COURT

MANY WITNESSES FOR DEFENSE NOT ON HAND.

Powers' Conviction Has Bad Effect on Prisoner—Prosecution in High Feather.

Georgetown, Ky., August 20.—The case against Henry E. Youtsey, charged with complicity in the murder of Wm. Goebel, was called for trial in Judge Cantrell's court this morning. The defendant, looking pale and weak, took a seat by his wife and just behind his counsel. When the list of witnesses was called, ex-State Treasurer Walter Day failed to respond and on motion of Commonwealth his recognition bond was forfeited and a forthwith attachment issued.

The prosecution announced it was ready for trial. The defense asked for time to hold a conference before announcing whether they were ready for trial and the court adjourned until 2:30. When the witnesses for the defense were called, W. S. Taylor and Charles Finley and Assistant Secretary of State J. Davidson, who is in Washington state, failed to respond. Ex-Gov. W. O. Bradley, who failed to appear in the Powers case, likewise failed to answer today.

MORE PRISONERS

LAST STORY OF BOER VICTORY WAS A CANARD—LOSE HEAVILY TO BRITISH.

London, August 20.—The war office has received the following dispatch from Lord Roberts: "Ivan Hamilton captured two Krupp guns at Orlambi's Nek on August 17. Three British were wounded. "Hamilton engaged the Boers all day August 19 at Rooodekopjes and Crocodile river. There were few casualties. "Runde reports that 684 Boers surrendered in the Harrismith district on August 19."

KIDNAPPERS FOR MONEY.

Ready to Carry Wealthy Patient Off to Asylum.

Albany, N. Y., August 20.—Henry W. Heist, of Elmira, and a woman named Mrs. Sigel, of this city, have been arrested on a charge of kidnaping. It is claimed that Heist induced ex-Alderman Ebel, a wealthy man, to go to a hotel here and preparations were being made to remove him to a sanitarium at Elmira. The woman is said to have been a former employe of Mr. Ebel. Heist finally informed the police and the arrests followed.

WATER IS WORTH MONEY.

Arizona Irrigators Rejoice Over a Great Flood.

Phoenix, Arizona, August 20.—An extraordinarily heavy flood of water continues to come down from Northern Central Arizona and the Salt River is still rising. There is a foot of water running over the great dams at the Arizona canal head and all irrigation canals are full. The rise is worth many hundreds of thousands of dollars in the Verde and Salt valleys.

A BOON TO MANKIND.

May Have a Remedy for Fatal Bright's Disease.

London, August 20.—The Pall Mall Gazette publishes a dispatch from Rome which declares that an important discovery concerning the cause of Bright's disease has been made by Dr. Ovid Brown, formerly of New York and now of Rome.

INDIANA WHEAT A FAILURE.

Not Enough for Seeding for Next Year.

Chicago, August 20.—A special to the Times-Herald from Wabash Ind., says: Reliable grain dealers from all parts of the state have collected statistics showing a total yield of wheat in Indiana for the present year is the smallest for many years and not exceeding 8,000,000 bushels, against from 25,000,000 to 40,000,000 for several years in succession prior to 1899. The crop is a practical failure, there being but little more than enough grain raised for seeding, and leaving a shortage of 1,000,000 bushels.

SLUGGERS' CARNIVAL.

World's Congress of Amateur Boxers and Pugilists.

San Francisco, August 20.—The Olympia Club intends to bring off one of the greatest boxing tournaments ever held in America some time this winter. It has decided to bring together, if possible, the champion amateur boxers of Australia, England and America, to decide the world's amateur championships in the bantam, featherweight, lightweight, welterweight, middle and heavyweight classes. Communications will be sent to the bona fide amateur athletic associations of Australia and England, asking them if they will send their best representatives to compete in the tournament. The men selected will have their expenses defrayed.

CONDENSED TELEGRAMS.

Cuba succeeded in winning 140 prizes for her exhibits at the Paris exposition and is congratulating herself on all sides.

The report that a second attempt had been made on the life of the shah of Persia, in France, turned out to be a fake.

John Davidson, a stockman of Glendive, was drugged and robbed of \$800 at St. Paul, where he had been with sheep.

J. D. Bester, general superintendent of the C. B. & Q. road, was severely burned at Chicago by an explosion of escaping gas.

Two of the Canadian mounted police at Skagway were drowned in Lake Tagish, August 14. No particulars are given, more than the bare fact.

Mattie Matthews and Rube Ferns are to meet at Detroit to battle for the world's championship welter-weight belt. They will fight at 142 pounds.

A fine new comet has been discovered, and on August 22 it will be only seven degrees below Polaris, the north star. A good chance for sharp eyes.

A package containing \$25,000 was lost between Chicago and Burlington, and the defrauder is busy night and day to find just what has become of it.

Sergeant "Buck" Taylor, one of the best known of Roosevelt's Rough Riders, died at one of the Washington hospitals of consumption, contracted in the Cuban campaign.

It is reported from Kansas City that the western roads are going to advance their rates on hauling coal, on the announcement of the plan of the eastern roads to advance the rate 10 per cent.

A great strike is on in Porto Rico, and the labor leaders, some 20 of whom have been arrested, have sent to New York for contributions, which are to be sent to them.

The New York letter carriers and firemen and other postal employees are preparing to leave the Knights of Labor and affiliate with the American Federation of Labor. They have nearly 3,000 members in all.

It is reported from Spokane that the Thomas Cruise Banking company of Helena has bought 1,000 acres of coal land in the Crow's Nesting Pass mining region of Washington and will put up coke furnaces to handle the product.

The new republican campaign book is out, and will soon be ready for general distribution. It treats largely of the conditions in the island dependencies of the country and of the so-called bugaboo of imperialism.

Germany exported 8,150,000 marks' worth of war material to China last year, as compared with 3,430,000 for the year previous. That is what the Chinese are getting their fighting stuff.

The entire plant of the Kelly Axe company at Alexandria, Va., was destroyed by fire, with a loss of \$80,000. It was the greatest factory of the kind in the world and employed 900 men.

The new morning paper at Helena, the Montana Daily Record, makes its appearance today. It is a morning paper, seven columns in length, and promises to be a stalwart republican.

The 1,400 Cuban school teachers, who were at Washington for instruction, have gone to New York and Philadelphia, from where they will sail for home. They were much impressed by their visit to this country.

At the Providence track, Nelson, the bicyclist, defeated Burns Pierce in the 15-mile motor-paced race, and lowered the world's records, which had been held by Pierce. He made the distance in 25:45, the previous record being 27:04 1/2.

P. C. Knox of Allegheny, Pa., has broken the world's record for double troying team, making a mile in 2:30 1/2 with his team West and Dr. Leek. The best previous record was 2:32 1/2, made by Geers, driving Justina and Lady Mack.

The memorial services at Washington for the late King Humbert on Sunday were elaborate and imposing. The representatives of all the consular legations attended, as did President McKinley and those of his cabinet who were in Washington.

M. Pichon, the French minister at Pekin, who went through the long siege of the legations, has been decorated by the government with the cross of the Legion of Honor. The decoration was given to his mother to keep until his return from the east.

Lord Roberts is going to adopt stern measures in South Africa in dealing with the Boers. All who do not take the oath of allegiance are to be treated as soldiers of the enemy, and are deported, while those who do take the oath and are found to break it, are liable to heavy fine, imprisonment or death.

St. Louis is making great plans for her exposition in 1904, and promises one of the finest shows ever given in this or any other country. The traveling men, who are taking the lead in the matter, have asked for the privilege of locating their special building first of all.

James N. Burnham, publisher of the Wymore (Nebr.) Wymonian, was assaulted by his father, and in self-defense was obliged to shoot his father dead. The old gentleman, who had been a captain in the civil war, had been drinking, and was a raving maniac from the effects of the drink.

A significant announcement is that made by the Russian despatches that the Russian army has conquered the whole of the territory immediately along the right bank of the Amur river, heretofore Chinese territory. Now it is part of the domain of the czar, and in all probability they will hold it at the point of the bayonet, in the settlement with China.

The board of inquiry which sat in the case of the French torpedo boat destroyer, in which the Fratee was run down by the battleship Brennus and sunk, with 42 of its crew, first that it was caused by an excusable misunderstanding of signals by the helmsman of the Fratee. He turned the helm the wrong way, and the ram of the Brennus cut the fragile net clean in two, the ship sinking almost instantly.
