BUTTE EAGLES ATTEND ANNUAL INSTALLATION

This Fraternal Order Enjoys Merry Round of Good Fellowship.

Anaconda, Jan. 2.—The Anaconda Lodge of Eagles held installation ceremonies last evening that were attended by a large delegation of prominent officials of the order from Butte. The travelers, who made the trip in autos, encountered deep snow drifts and heavy fog, but being Eagles they surmounted all difficulties and arrived in safety. After the ceremonies of the installation a social session was held and there was a merry round of good fellowship. The guests of the evening were District Deputy John S. Murphy, who was the installing officer; Past Presidents Abe B. Cohen, William M. Malloy, John Powers; Past Vice Presidents Dennis Shea, Mike Cleary, Chub Smith, Dan Lynch and M. J. Walsh, and others.

UNCONSCIOUS 48 HOURS FROM A FALL ON STEPS

Slip on Icy Step Comes Near Resulting Fatally for Dave Levessey.

Anaconda, Jan. 2.—Dave Levessey met with a strange experience on New Year's day. A slippery spot on a step at his home caused him to fall and, striking on his head, he received what he thought was only a bad bump. Three hours later he lapsed into unconsciousness, and remained in that condition for 48 hours. Yesterday he revived. Last evening he was feeling fine again and able to be about the house.

GEORGE TURNER DIES IN CAMP AT FRENCH GULCH

Well Known in This Section. Had Worked in Big Hole for Years.

Anaconda, Jan. 2.—George Turner, employed in one of the Nes Pearson camps in French gulch, died today at the age of 62 years. He had been a railroad engineer in the old days with the Erie railway in New York state, and came to Montana from Middletown, N. Y. He and his wife had worked on the Wellcome & Peckover ranch for some time and they once had a lease on the Mule ranch. Mr. Turner was well known here and in the Big Hole country. Undertaker Mahoney is taking the body to Butte this evening. His wife and a brother-in-law are the only surviving relatives.

SMELTER CLUB IS TO STAGE TOURNAMENT

POLICEMEN ARE GIVEN INCREASE IN SALARY

Rotarians Suggest That Committee Be Named on Beautifying the City.

Anaconda, Jan. 2.—Salaries of local police officers were increased from \$110 to \$120 a month at the meeting of the city council last evening. A petition from 45 citizens asking that eight years be given instead of four for paving on assessments in the Hickory street improvement section was referred to a committee. Charles F. Murphy, H. G. Cox and others representing the Rotary club suggested that the mayor appoint a committee of five to bring in a report in six months' time on further needed improvements in the city. The visitors were thanked by the mayor and city fathers for their interest. City officers made their annual reports. City Engineer Vestal reports that the improvements in the city during the past year totalled \$221,777.51. All reports were adopted.

MEXICAN CONSUL GENERAL IS ARRESTED IN NEW YORK

(Continued from Page One.) have been negotiating for the 3,000-ton vessel Katchira, which recently was chartered by the newly formed Kwatsuda Shipping company. The Katchira cleared from Yokohama yesterday with Salina Cruz, Mexico, as her destination. The manifest lists her cargo as machinery and merchandise. A confirmed report is current that the steamer carries 2,500 rifles purchased from various Japanese brokers from stock discarded as unusable by representatives of the entente powers.

CARRANZA REFUSED TO RESUME CONFERENCE

Querretaro, Jan. 3.—Felix Palavicini, former secretary of public instruction, who often has spoken for General Carranza, declared before the constitutional assembly late last night that the international situation was grave. General Carranza, said the speaker, had refused to resume conferences with the United States representatives until the American troops were withdrawn from Mexico unconditionally, and he declared that the assembly must rush the work on the constitution and proclaim the rights of the people while General Carranza and the constitutional forces were battling against a dangerous enemy to save the national honor and integrity.

SAYS PRESIDENT KNOWS THE PEACE TERMS OF BERLIN

London, Jan. 3.—(Bulletin.)—President Wilson now knows the peace conditions of the Teutonic allies and the entente powers can learn what they are from him. Count Julius Andressy, formerly premier of Hungary, is quoted as asserting in a dispatch from Budapest forwarded to the Central News agency by way of Amsterdam. The production of copper in the United States in 1916 surpassed all previous records, according to the United States geological survey, department of the interior. Predicted by B. S. Butler, who has received reports from all plants known to produce blister copper from domestic ores and refined blisters, the output for 1916 has a value of \$520,000,000, compared with \$424,000,000 for the output for 1915 and with \$189,750,000 in 1913.

NEW HIGH MARK FOR RED METAL

Output for 1916 in This Country Had a Value of \$520,000,000.

The production of copper in the United States in 1916 surpassed all previous records, according to the United States geological survey, department of the interior. Predicted by B. S. Butler, who has received reports from all plants known to produce blister copper from domestic ores and refined blisters, the output for 1916 has a value of \$520,000,000, compared with \$424,000,000 for the output for 1915 and with \$189,750,000 in 1913. The figures showing smaller production from domestic ores represent the actual production of most of the companies for eleven months and an estimate of the output for December. The figures of a few companies in Nevada were not available. The 1909-1910 companies furnished estimates for the last two months of the year.

Foreign Trade.

According to the bureau of foreign and domestic commerce the imports of all forms of unmanufactured copper for the first ten months of 1916 amounted to \$207,500,000. This compares with an import of \$267,000,000 for the first ten months of 1915. The imports for the twelve months of 1916 were \$219,492,442 pounds. The exports of pigs, ingots, bars, plates, sheets, rods, wire, etc., for the first ten months of 1916 amounted to \$55,472,000 pounds, compared with an export of \$58,000,000 for the first ten months of 1915. The exports for the twelve months of 1916 were \$81,917,000 pounds.

Record by States.

Arizona made a record production. The total may reach \$75,000,000 pounds, compared with \$42,000,000 pounds in 1915. This exceeds the total output of the United States as late as 1912. Montana, with more than \$30,000,000 pounds, exceeded its previous record production of \$14,000,000 pounds in 1912. This compares with \$12,000,000 pounds in 1915. The output from Alaska, estimated at over \$20,000,000 pounds, compares with \$9,000,000 pounds for 1915. The production from Nevada will nearly reach \$10,000,000 pounds, which compares with the previous largest production of \$5,200,000 pounds.

Higher Prices in 1916.

The average price of copper for 1916 showed a marked increase over that of the preceding year, being slightly above 27 cents a pound, compared with 27 1/2 cents in 1915. Much of the copper was sold several weeks or months in advance of delivery, and it is therefore determined by the actual average price received differs somewhat from the average of the daily quotations for immediate delivery. The price for the first ten months of 1916 was 27 1/2 cents a pound, which indicates that the actual price received may be below that indicated by the average of quotations.

Smith Approves Action.

Senator Hoke Smith, democrat, also urged immediate consideration of the resolution. "It only approves and strongly endorses the president's action in sending the note asking that terms be stated by the belligerents," said he. "There can be no step toward peace without such a statement from either side. The door seemed a little ajar looking toward peace and the door swung hard and fast. Neutral nations have the right to express themselves. We have protested, but we have not contemplated becoming a party to the war, I feel sure."

What Good Can it Do?

Senator Borah, republican, interrupted to say that Germany has replied to the president's note and the allies' reply is probably on the way. "What possible good can be accomplished by the senate's resolution?" he asked. "It would not accelerate a reply and neither would it change it." "It would be an expression by the senate of the United States of an earnest desire that negotiations for peace continue and that peace be brought about," replied Senator Smith. "Failure to pass the resolution would seem to me to indicate a lack of interest."

How Roosevelt Acted.

Senator Hitchcock replied that Russia's first response to President Roosevelt's overtures was adverse and the president then made a personal appeal to the czar. "We cannot expect the warring nations to rush into this opening," Senator Hitchcock declared. "We have got to expect a slow start toward peace."

Answers Not Final.

"These answers have not all been completed," resumed Senator Smith. "None of these are final. The whole subject is still left open. If it is really

SENATOR LODGE OPPOSES ENDORSEMENT OF NOTE

(Continued from Page One.) be two opinions on a simple proposition that in the interest of humanity and civilization this country has appealed to nations at war to state the terms upon which peace might be made. Senator Hitchcock said there was recent precedent for the president's action and referred to former President Roosevelt's peace overtures to end the Russo-Japan war. "If it was important for humanity and civilization that Russia and Japan state their terms," said Senator Hitchcock, "how much more important for humanity and civilization to seek the end of the present war. How much greater, at the present time, when all civilization is in danger and when the existence of neutral nations is becoming difficult and almost impossible. The senate is charged with great responsibility. It is the one great legislative body in the world charged with the right to speak on international affairs with the president."

Believe Wilson Factor in Peace Situation

London, Jan. 3.—Commenting on Washington dispatches to the effect that President Wilson is determined to press his efforts to bring about peace, the Westminster Gazette says: "The notion that the American president is a purely academic person who launches literary essays on a world without preparation—the hand or consideration of the next step if probable consequences follow, is dangerous delusion which may seriously lead us astray if it is not abandoned. For good or evil, we have realized the president's position of power and if he has the American people behind him we are bound to trust him as a very serious factor at the stage of the war. If, as suggested, he is taking steps to get his action notified by a resolution of the senate, should have to take that as a definite intimation that he means to go to the spite of our reply."

GERMAN PRESS AGREES THE WAR MUST GO ON

(Continued from Page One.) continued until the allies themselves sue for peace. Only a few newspapers see even faint hope that peace still may be attainable within a reasonable time. "If the war continues, our rights as neutrals will continue to be disregarded. Bitter as they are we cannot expect nor hope for the belligerents to regard the rights of neutrals in accordance with international law. I think we have done right to protest but so far nothing has occurred for which I will be willing that the United States should enter the war. I think that the neutral nations of the world ought to say to the belligerents: 'Your awful slaughter has gone far enough; your disregard of our rights has gone far enough; we beg you to stop and state your causes of grievance against one another and the terms upon which you will be willing to end the war.'"
