NEW REGIME FOR TRADES COUNCIL

"Administration" Forces Defeated in Election of Central Labor Body.

In the closest contest for office that has developed within the organization in many years "administration" forces in the Silver Bow Trades and Labor Council were completely routed last night at the annual election of officers and an anti-administration ticket was elected. J. W. Cornwall of the Building Trades Council, the "administration" candidate for president, was defeated by one vote by A. M. Scott of the Plumbers' union and Oscar Partelow, for many years secretary-treasurer of the council, was defeated for re-election by Fred E. Dawson of the "carpenters" union by seven votes. The latter position is the only salaried one in the organization.

Party Lines Closely Drawn.

The election was a friendly contest, yet party lines were closely drawn. Opposition to the so-called "administration" candidates, representing a party of prominent labor leaders who have been a power in the council for a considerable period, has been developing for several months and it was well organized last night that it took the "administration" forces, none of whom anticipated opposition of any consequence, completely off their guard.

Differences of Opinion.

Opposition to the "administration" forces in the council is the outcome of many differences of opinion with respect to conduct of affairs of the organization. There was dissatisfaction at the handling of the strike against the last year for one thing. Political activity of some of the men representing the "administration" forces in the "base" and "top" campaign last fall was another factor. And then there were many of the "base" who believed that new blood would inject new life into the body and spur it to greater activity in fields incidental to the cause of labor itself.

Rally Forces.

Being of forces started Monday when delegates of various labor bodies affiliated with the council were urged by both sides to be present. The election brought out an unusually large attendance.

With 64 delegates voting Scott received 32 votes for president, Cornwall 31 and a man named Travis 1 on the first ballot. No candidate receiving a majority, a second ballot was taken and it resulted, Scott 32, Cornwall 31, not voting 1. Sixty-five votes were cast for the office of secretary-treasurer. Dawson received 35 and Partelow 29.

Other officers elected were: Vice president, Vincent Snyder of the Plumbers' union; statistician, Miss Lena Antonowicz; sergeant-at-arms, Mrs. Kate Mahan.

To Probe Short Weights.

Delegates to the council from the Butte Typographical union urged that a committee be appointed to investigate allegations of short weighing by coal dealers. A committee was named to act in conjunction with members of the city council to investigate the matter and urge such municipal legislation as will correct shortweighing if it is found that it exists.

BUTTE IN BRIEF

Lewis Lemons of Helena and E. S. FEBRUARY COSMOPOLITAN

Described by the publishers as the most remarkable and costly magazine ever published. Never before have so many gifted authors and illustrators been represented in one book. Never such a lavish table of contents. The February Cosmopolitan contains more material than the average dollar-and-a-half bound book, and far better. The slight increase in price, to 20 cents a copy, does not begin to represent its added cost of production. The Cosmopolitan goes on sale tomorrow morning. Dealers supplied at The P. O. News Stand, wholesale distributors.

Alkali in Soap Bad for the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulished coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoons will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulished coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

DINNER FOR MR. WEIRICK AT THE COUNTRY CLUB

Associates in Bank Present Him With a Handsome Gold Watch.

Officers and employes of the First National bank tendered a dinner last evening at the Country club to E. B. Weirick, who resigned recently as vice president of the bank.

At the conclusion of the dinner, J. Fred Cundy of the bank, acting as spokesman for the entire force, presented the guest of honor with a handsome gold watch, suitably engraved with the recipient's monogram. In his presentation speech Mr. Cundy referred to the long service of Mr. Weirick in the bank and the high regard in which he was held by his associates. Mr. Weirick replied in a happy talk, in which he spoke of the regret he had in leaving his friends in the bank. At the same time, he added, he had been so long engaged in office work that he was determined to retire while his health was still good. He had long considered the step he had taken and he felt that there was no mistake about it.

Mr. Weirick and family will leave next week for Los Angeles, where they will make their home. Yesterday afternoon Mr. Weirick was re-elected a director in the First National bank.
