NEW DUTIES FOR T. R. MARSHALL

Now Chief Dispenser of Federal Patronage for Indiana.

The Post's Washington Bureau. Washington, Jan. 13.—Vice President Thomas R. Marshall is receiving his initiation as a patronage dispenser. He is finding his new patronage a sort of bucking broncho and the initiation promises to be a bit rough.

The vice president's first dip into patronage is in connection with the organization of the federal farm loan system. The people of Indiana decided at the recent election to empty the Hoosier state house of its large quota of democratic office holders and to install in their places republicans from cellar to garret. The officials and subordinates who are losing out would now be pleased if the vice president would see that they are happily bestowed in comfortable berths under the farm loan system.

Inasmuch as the applicants number about 100 the vice president is finding that he would be taking on a very large contract to try to transfer them from jobs in the Indiana state house to jobs under the protecting wing of Uncle Sam, for there are almost enough Hoosier applicants to man the entire farm loan system from Maine to California. Coupled with the embarrassment incident to a plethora of applicants and a paucity of jobs comes the very independent and peppery announcement from the federal farm loan board that political pull won't count for anything, anyway, and friends of the vice president fall to see how he will be able to deliver the goods to the waiting Hoosiers. In addition to the state house contingent many democratic county officials and job-holders who lost out at the recent election are looking to the vice president of the United States as the agent to bring the "manless job and the jobless man" together.

The recent election, when both Indiana democratic senators and nine of the thirteen Indiana democratic candidates for the lower branch of congress were defeated, made Vice President Marshall one of the most important patronage dispensers in the country, for he will take charge not only of the patronage at large for Indiana but also of the local federal patronage of the nine congressional districts. He will have rare opportunities to build up a political organization in Indiana but there are some things he cannot do, one of which is to cop off federal farm loan jobs where there are none.

FIRST-AID MEN IN PLEASANT EVENING

Upwards of 200 first aid men enjoyed the program given last evening at the Meaderville gymnasium by the safety bureau of the Anaconda Copper Mining company. The program consisted of boxing and wrestling matches, a basketball game and an address by Dr. A. J. Lanza of the United States public health service.

Rob Toy and Tom Davis went a fast three-round bout. A wrestling bout was staged by Ray Bosquet and F. E. Ryan. "Battling" Jones and "One Punch" Connors sparred for three rounds. Teams captained by J. L. McCarthy and J. T. Roda gave a good exhibition of basketball. A "return engagement" of the evening's fun is being talked of by the boys.

APPOINT POPE MANAGER OF THE ELKHORN MINES

The company is engaged in extensive development work in the Elkhorn and French Gulch districts. It is stated that at the annual meeting of the company in February Mr. Pope will be elected a director.

CHARGES WITHDRAWN.

Mr. and Mrs. Robert Golubin have been received back by the young bride's mother, Mrs. Ellis, who had objected to the marriage at the last moment and had filed kidnaping charges against the husband when she discovered that the two had eluded her and been married in Anaconda. Mrs. Ellis has withdrawn the charges.

BUSINESS COLLEGE IS GREAT HELP TO BUTTE

Local Institution is a Shining Light for Young People's Success.

In these days of progress, in which employers seek only the trained man and woman, the importance of such an institution as the Butte Business college cannot be overestimated. To the boy or girl for whom time is money and who can afford only a limited period for adequate preparation for the great business of life, the business college provides an opportunity that cannot be found elsewhere. It takes the rough mold and makes it the finished product. It saves the business man the trouble of training a new hand. It helps the student and the business man.

But let it not be supposed that the business college, of which Rice and May are the proprietors, is designed merely to give a smattering of office training so that the applicant for work can qualify. Far from that. The Butte Business college has converted the theoretical into the practical. In fact the student who has received a good liberal education previous to entering the business college is the one who obtains the most value.

The staff of teachers at the Butte Business college is highly qualified in every way. The day and night classes afford everyone an opportunity and these days, when the untrained mind runs a very poor chance of advancement, every boy and girl owes it to himself or herself to receive as good an education as possible. For the great majority of the young people of the city the Butte Business college stands as a shining light on the road to success.

SWISS POPULATION IS DECREASING AS RESULT OF WAR

Lausanne, Switzerland, Jan. 12 (via Paris).—The Gazette says that the population of Switzerland has decreased as a result of the war. According to the paper, both marriages and births are much fewer, a fact which is attributed to the increased cost of living.

WARNER BROUGHT BACK.

George Warner, who has failed to provide for his wife and children and who left the city and was arrested in Glasgow, was brought back last evening by Deputy Sheriff Joe Christ and placed in the county jail. He will be given a hearing before a justice court.

THE PRAISE CONTINUES

Everywhere We Hear Good Reports of Doan's Kidney Pills.

Butte is no exception. Every section of the United States resounds with praise of Doan's Kidney Pills. Thirty thousand persons are giving testimony in their home newspapers that the sincerity of these witnesses, the fact that they live so near, is the best proof of the merit of Doan's. Here's a Butte case:

Mrs. John Seymour, 227 Boardman street, Butte, says: "For years I had pain through my kidneys, which was more severe when I stooped. These twinges were always the starting of an attack of backache and for quite awhile my back was lame and weak. I have taken Doan's Kidney Pills for these spells and they have always given relief."

STEADFAST CONFIDENCE.

Three years later Mrs. Seymour said: "I am glad to again recommend Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Seymour has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

SKIING TOMORROW NORTH OF GARDENS

Exciting Rivalry Between Norwegian Experts and Members of Club.

For the first time in the history of Montana a skiing tournament will be staged tomorrow. While no elaborate preparations have been made, in view of the fact that the contests will be in the nature of an experiment, it is understood that there will be 25 or 30 fairly expert skiers in the games, recruited from the ranks of the local Norwegian society and the Rocky Mountain Ski club, composed of young men of this city who have been spending every Sunday during the winter in the hills.

A temporary jump will be built in "Hog Ranch" canyon to the north of the gardens, a distance of about half a mile from the northeast corner of the Columbia Gardens. The skiers will be early at work, it being understood that they will leave town about 10 o'clock in the morning. The temporary jump will be built in the morning. There will be keen competition between the Norwegian organization and the local Rocky Mountain club.

It is quite probable that another skiing tournament will be held later on.

HIGHEST PRICES SINCE CIVIL WAR

Wheat and Corn Both Have Soared to New Record Levels During the Week.

Chicago, Jan. 12.—Highest prices for wheat in more than half a century have been brought about this week largely by announcements from both groups of beneficiaries, indicating that despite peace efforts the European war would go on. Net gains in wheat values for the week were 1 1/2c to 1 3/4c a bushel on active options. The September delivery, however, showed a setback of 2 1/2c.

Corn hardened 1/4c to 1/2c, oats 1/4c and provisions 7/8c to 1 1/2c.

Emperor William's message to his troops telling them to steel themselves for new endeavors gave the opening advantage to the wheat bulls and led to an extreme rise of 1 1/2c in prices here.

A big shrinkage in the United States visible supply total on Monday was promptly followed by the hoisting of spot wheat quotations to 12, the highest level since the American civil war. Tuesday and Wednesday witnessed a reaction due to profit-taking by holders.

Shrewd anticipations of the reply of the entente allies to President Wilson lifted the wheat market anew on Thursday. Additional gains were scored at the outset on Friday, but the market later underwent a decided sag owing largely to assertions that export buying had come to halt and that Great Britain had obtained sufficient supplies to last until the end of March.

Corn, like wheat, rose to the highest prices since the civil war, going above 1 1/2 a bushel in response to European buying.

Oats merely kept pace with other cereals.

Advances in provisions were sacrificed largely to the high price of corn and to the resulting increased cost of hogs.
