

AN OPPORTUNITY

Well worth grasping often presents itself to commercial and other men, but lack of available funds for immediate use makes it impossible. The question of extending justified credit to customers, to enable them to further their legitimate business interests when opportunity offers, is given careful consideration by the officers of this institution.

Responsible accounts are welcomed and appreciated. Four Per Cent on Certificates of Deposit

GRAND PRIZES BADLY SHAKEN

Market Recovers Part of the Price Losses, But Trading is Erratic.

Chicago, Feb. 1.—Germany's move for uprichted sea war caused far greater effect on the wheat market today than did the first opening of hostilities or any event since. An extreme break of 15 1/2 in values took place in the first minute of trading.

Rallies of 60 from the lowest level reached at the start were made by wheat within five minutes after the opening and although wild fluctuations intervened in the next quarter of an hour 3c more of a recovery was shown. Fresh declines, however, then ensued.

At the moment of the collapse of wheat prices, the market was off 29 3/4 a bushel as compared with the highest quotations attained during the war, a maximum of \$1.95 for May delivery.

The wheat market took downward plunges. Corn was not affected as much as oats, the former grain falling 4 1/2 and 5 1/2. On the other hand neither corn nor oats showed rallying power equal to wheat. After opening 2 1/2 to 4 1/2 lower, the corn market mounted slowly to 3/8 1/4, above the top of the initial range.

Selling pressure increased about midday when Washington reports seemed gloomiest. The corn market through 3 1/2 led only to a relatively slight degree and closed firm at 2 1/4 to 2 1/2 decline.

Extraordinary tumbles were witnessed in provision prices. Pork dropped in most cases \$1.25 a barrel and ribs varied from 17 1/2 to 8 1/2 lower.

The quotations: Wheat—Open, High, 1.3w. Close. May \$1.56 \$1.65 \$1.56 \$1.63 1/4. July 1.36 1.42 1.36 1.41 3/4.

Wheat—No. 2 red, nominal; No. 3 red, \$1.63. No. 2 hard, nominal; No. 3 hard, \$1.64.

Wheat—No. 2 yellow, 94 1/2 @ 97; No. 4 yellow, 92 @ 95; No. 4 white, 94 @ 95 1/2. Oats—No. 3 white, 51 1/4 @ 53; standard, 52 @ 53.

UPPER PART OF STOCK MARKET IS CATCHING UP WITH LOWER PART

Only Nominal Recoveries After Tremendous Decline in Prices.

New York, Feb. 1.—Incessant liquidation based wholly on the turn in international conditions caused an upheaval in today's market with only nominal recoveries. Sales were estimated at 2,000,000 shares.

Stocks broke with extreme violence in today's early dealings, the new policy of the German government precipitating a general liquidation. Declines in stocks of all descriptions ranged from five to more than 20 points.

United States Steel making a gross recession of 13 points to 9 1/2, with 26 points for Bethlehem Steel on a single sale. Shipings were canceled on a single sale. Shipings were canceled on a single sale.

All the so-called war specialties crumbled 7 to 10 points and coppers yielded 3 to 15 with declines of 3 to 5 in leading rails. Supporting orders resulted in rallies of 3 to 10 points after the first selling movement.

Many other severe losses occurred in the first half hour, especially in high speculative issues, such as Pittsburgh Coal, Columbia Gas, Airbrake and Butte & Superior, which fell 8 to 11 points.

United States Steel registered a maximum loss of 13 points today, a decline of 12 points in the last hour. The closing was at 9 1/2, a decline of 13 points from the previous day's closing.

Prices fell back again on the more moderate selling of the mid-session, steel losing 3 points with various obscure issues at lower quotations than during the forenoon. Atlantic Gulf and West Indies also became increasingly weak.

A few specialties, including oils, inactive equipments and Atlantic Gulf and West Indies were low in the last hour. Leaders, however, making feeble rallies from lowest levels. The closing was weak.

NEW YORK STOCKS New York, Feb. 1.—Today's closing quotations on the exchange follow: American Best Sugar, 82 1/2; American Can, 48 1/2; American Car & Foundry, 62; American Locomotive, 66; American Smelting & Refining, 96; American Sugar Refining, 106 1/2; American Tel. & Tel., 137 1/2; American Zinc, 48 1/2; Anaconda Copper, 73 1/2; Atchafalaya, 102 1/2; Benetton Locomotive, 66; Baltimore & Ohio, 75 1/2; Brooklyn Rapid Transit, 74 1/2; Butte and Superior, 9 1/2; California Petroleum, 23; Canadian Pacific, 118; Central Leather, 98 1/2; Chesapeake & Ohio, 69; Chicago, Milwaukee & St. Paul, 85 1/2; Chicago, E. CHOKED ON ONE NAIL THOUGHT IT WAS TWO When William F. Wells, 1906 Sherman avenue, accidentally choked on a nail he created much excitement. More so after his wife pulled the offending piece of iron from his throat and he told her that he thought he had swallowed another.

Wells was taken to a hospital and X-ray pictures were taken in a search for the nail which it was believed he had swallowed. After the pictures were developed, however, and Wells felt better he was informed that he could not have swallowed the second nail. He also decided that he had not and is feeling all right once more.

BOARD ACCEPTS GIFT OF AN ISLAND BIRD HAVEN

The gift of Col. A. A. White of St. Paul of two islands in Flathead lake, to be set apart for all time as a haven for wild birds, was accepted by the state board of education at its meeting in Helena. The donation was made to the State university. The islands will be under jurisdiction of the biological station operated by the U. S. Fish and Game department. The islands were offered for sale when the Flathead villa sites were placed on the market in July, 1915. Colonel White purchased them at that time for the purpose of setting them aside as a bird reserve.

WAR'S AIR COST IS STUPENDOUS FIGURE

London.—Surprising conclusions are arrived at by an aviation expert who has been examining the aeroplane losses on the western front in the last six months. "If we allow 20 machines wrecked to each one destroyed," he says, "we see at what a huge cost this war in the air is being conducted. The average cost of an aeroplane roughly is about \$5,000, so that at this rate the British loss in material has been approximately over 4,000 machines in six months, costing \$20,000,000; the French nearly the same, while the Germans must have lost 13,320 machines, with a total value of about \$66,640,000.
