SIGNALS OF DISTRESS

Butte People Should Know How to Read and Heed Them.

Disordered kidneys give many signals of distress. The secretions may be dark, contain sediment. Passages are sometimes frequent, scanty, painful. Backache is often present day and night. Headaches and dizzy spells may occur. Weakened kidneys should receive quick help. Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

Butte evidence proves their worth. Mrs. A. N. Suwalsky, 722 Utah avenue, Butte, says: "Constant itching and stooping weakened my kidneys and I suffered intensely from lame back. I also had trouble with my feet and hands swelling. Doan's Kidney Pills brought relief from these ailments and I haven't been troubled in that way since."

GUESTS UNKNOWN AT FINE DINNER

Nick Peris Fined \$50 for "Entertaining" Strange Guests in Roadhouse.

Nick Peris, proprietor of what he claimed in Justice Doran's court is merely a hog ranch, was found guilty and fined \$50 for selling liquor in the roadhouse opposite Frank Cash's place at the Five Mile. Under Sheriff Jack Melia, with Deputies Joe Christ and Pat Carroll, were the witnesses for the state and testified that they saw a man and woman go to the bar in Peris' place and saw Peris hand them a bottle of whiskey and two glasses. The officers took the bottle and proved in court that it contained whiskey. The man and woman did not get their drink, however.

Peris told the court that he had not been selling liquor but had been entertaining three men and three women at a fine dinner at which suckling pig was the piece de resistance. When asked the names of his guests, Peris said he did not know them. James Tredinnick of Meaderville was given the minimum fine of \$50 under a similar charge, because he permitted 10 men to stay in his saloon in Meaderville after the closing hours while they waited, he said, during a snow-storm for a street car to come. Tredinnick told the court that he was ready to close the saloon at midnight but that the cars were late and he did not like to put cash customers out in the cold on a stormy night and that he did not sell a drop after midnight. The place was entered at 12:30 a. m. Jan. 29. In the same case Charles Feeney, county surveyor, was called on the stand and proved that Meaderville is within one mile of the city limits of Butte, which made the act a violation of a certain provision of the law.

"It was not intentional, if I violated the law I had my hat and coat on ready to go out and was behind the clear case talking when the deputies came in," Tredinnick told the court. Pat Sullivan, Tim Reardon and James McGrath won out in their contest in the same court today when the deputies failed to get sufficient evidence. The trio was accused of both selling liquor and of keeping their saloon at 705 North Main street, open after closing hours, on Jan. 11.

Deputies Carr-ell and Dan Gallagher were attracted to the Sullivan and Reardon saloon at 2:30 o'clock in the morning by loud talking. They knocked and were admitted. They found 22 or 23 men in the place, they testified, and McGrath, the bartender, was not behind the bar. The deputies testified that they found some beer glasses and four empty whiskey glasses on the bar. The defendants were found not guilty.

BIG CHARITY BALL FOR FREE CLINIC

All Records Expected to Be Broken at Dance Wednesday Evening.

Probably no social event of the season is attracting the same amount of attention as the benefit ball to be given next Wednesday night at the Palladium hall for the Butte Anti-Tuberculosis society. This is but natural when one considers the splendid work which has been done by the society here in the short time of its existence. Dr. A. J. Lanza announced today that in the few weeks in which the clinic has been in existence 100 patients have been treated.

The people of the city are becoming accustomed to the idea of a free clinic for the prevention and treatment of tuberculosis. Dr. Lanza has been literally swamped with work in the clinic and there is a great need for more help in the work. It is to be hoped that the people of the city in general, by their generous buying of tickets for the dance, whether they can be present or not, will show their appreciation of the public-spirited efforts of Dr. Lanza and his associates in the Butte Anti-Tuberculosis society.

The Palladium hall has been donated for the evening by the Pallas company and the music is donated by the W. H. Stelfox orchestra. The coming benefit ball promises to be the grandest affair of the season. It is really up to the people themselves to make it a success, and as the proceeds will go towards making Butte more healthful and its people happier, generous patronage is to be expected. No object has been more worthy and no social affair ever deserved more cordial support.
