Commission Makes Ruling on Southern Pacific Steamship Lines.

Washington, March 6.—The inter-commerce commission in a decision handed down today indicated that the Southern Pacific company retain possession of its steamship between New York and New Orleans and New York and Galveston if company correct within 60 days in objectionable factors at present time.

WANTS INFORMATION OF HER MISSING SON

John Saunders, who, 15 years ago, at 52 West Center street, is the father of an eager search by his aged wife, Mrs. Carrie Saunders, now living at 232 Union street, Pottsville, Pa. Doull, postoffice clerk at Station in Centerville, received a letter from Mrs. Saunders stating that she had not seen her son in many years, that she was anxious to get in communication with him. Several old Centerville residents remember John Saunders as a blacksmith about 15 years ago, but none have seen him in recent years.

MOTIONS ARE MADE HIGH ARMY COMMANDS

Washington, March 6. — President Wilson today nominated Hunter Liggett as a brigadier general in the army as a major general to take the place made vacant by the recent death of Gen. Frederick Funston. Francis J. Keenan, of the Twenty-third infantry, was advanced to the rank of brigadier general.

SON AGAIN NAMES GRAYSON REAR ADMIRAL

Washington, March 6. — Renominating Dr. Cary T. Grayson as medical director in the navy with rank of rear admiral, which failed of confirmation in the senate during the last session in a prolonged fight, was sent to the senate today by President Wilson.

GUELFI FUNERAL.

A large number of friends and old residents of Meaderville attended funeral services held this morning in memory of Angelo Gueffi. The funeral proceeded from the home, No. 1012 1/2 street, Meaderville, to the St. Savior church, where a high mass was celebrated. There were many floral offerings. Burial was in the Cross cemetery.

LEWIN FUNERAL.

Rev. C. A. Cook and the Rev. J. Pascoe officiated at the funeral services held this afternoon for William D. Lewin. The services were in the First Baptist church and were attended by a large number. Burial was in Mount Moriah cemetery.

HELISTE BABY DEAD.

Funeral services were held privately this afternoon for Hilda Heliste, the six-year-old daughter of Mr. and Mrs. J. Heliste, 87 Silver Bow street, who died of her second child in a week's illness.

Her mother can get awfully sore at times because Mother forgot to re-wind the clock.

Wakeup from Bed in Morning and Drink Hot Water

Why everyone should drink hot water each morning before breakfast.

Wakeup from the furnace each day, the fire will burn bright and we must each morning clear our organs of the previous day's indigestion of indigestible waste and toxins. Men and women, whether young or old, are advised to drink each morning, before breakfast, a glass of hot water with a teaspoonful of sodium phosphate in it, as a means of washing out of the system the liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food in the stomach. Thousands of people who had their turn of constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about morning inside-bath. A quarter of an ounce of limestone phosphate will not only act as a cathartic, but is also sent to defonstrate to anyone, young or old, sweetening and freshening the system. In man and woman, half the trouble is feeling nervous, despondent, or some days headachy, dull and some days really incapacity of illness. If all would practice inside bath that a gratifying change would come. Instead of thousands of sick, anemic-looking souls with muddy complexions we should have crowds of happy, healthy, rosy-cheeked people everywhere. The reason the human system does not get itself each day of all the waste that accumulates under our present mode of living. For every ounce of food and drink taken into the system, an ounce of waste material is carried out, else it ferments and turns into poisonous substances which are absorbed into the blood, as necessary as it is to clean
