FAIR BLONDE GIRL HAS DISAPPEARED

Miss Frankel Called to Butte by Telegram—No Word From Her Since.

Anaconda, March 15.—One of the most perplexing disappearances of recent years in Anaconda occurred on Feb. 24 when Miss Shirley Frankel, a prepossessing blonde 20 years old, of slight figure, went to Butte in answer to a telegraphic message and has not since been heard of. The message read: "Come at once. Marie is very sick. Lee."

The identity of Lee has not been established and Mrs. L. W. Hoffman, for whom Miss Frankel worked at the Pallas candy store, are much worried over their inability to obtain any clue as to the whereabouts of the girl. She left that evening on the 6:35 train, taking only the clothes she wore. There are other clothes belonging to her in Mrs. Hoffman's possession and there is also some money coming to her.

MOOSE ELECT CHIEFS TO LEAD THE LODGE

Anaconda, March 15.—Officers were elected last evening by the Loyal Order of Moose. Following the election there was a social session and refreshments were served. The officers follow: Ed Johnson, dictator; Dr. W. L. Beal, vice dictator; Frank Kleser, prelate; Herman Ulrich, treasurer; Paul Virden, inside guard; Dominick Santonata, outside guard; John Bees, post dictator, and George Bertsch, trustee. These officers will be installed at the first meeting in April.

PLOW JUMPS TRACK AND TIES UP TRAFFIC

Anaconda, March 15.—A snow plow working on the long siding near Greenon late yesterday pumped the track and swung across the main line, effectually tying up traffic on the B. & P. last evening. Trains were run over the Northern Pacific between Stuart and Durant.

BABY GIRL DEAD

Anaconda, March 15.—Heien Bowman, 16-month-old daughter of Mr. and Mrs. R. F. Bowman, 1906 East Fourth street, died yesterday afternoon. In addition to her parents the little girl is survived by a brother, Gordon, aged 2 years, and a sister, Hazel, aged 7 years.

SUICIDE IS VERDICT

Anaconda, March 15.—The coroner's jury last night returned a verdict that Abel Fitz died from the effects of a gunshot wound, self-inflicted.

LONG-DISTANCE FUNERAL

Fond Du Lac, Wis.—A funeral by long-distance telephone was conducted the other day when the body of the Rev. Frank Millar of Oakfield was sent to its last resting place through the drifts about the village where Mr. Millar had been a pastor. The storm late in January tied up all railroads leading to Oakfield from here, a branch line of a few miles in length, and, with the main line in trouble, no effort was made to resume traffic. The country roads were also drifted so deep that the village and countryside adjoining have been isolated for half a month.

The Rev. Robert S. Ingraham of this city was to conduct the services over the body of his Methodist colleague, Ingraham being the district superintendent. Trying to reach Oakfield by road, he was stalled and worked his way back to the nearest farmhouse, where he arranged to read the service by wire. A listener at the Millar home took his words and repeated them to the mourners.

UPWARD TENDENCY IN STOCK MARKET

Progress is Made Despite Uncertainty of Railroad Situation.

New York, March 15.—The stock market seemed inclined to make further upward progress today despite the uncertainty of the railway labor situation and unfavorable foreign advice. Sales were estimated at 400,000 shares. Trading was again restricted during today's early dealings although some material gains were registered. As usual, these were limited to the more speculative issues. Industrial Alcohol rising almost 3 points with marked strength in American Sugar, International Paper, the shipping division and Columbia Gas. United States Steel and similar industrial stocks were fractionally higher with a gain of 1/4 for Bethlehem Steel new stock. Utah Copper and American Smelting were firm and Western Union was conspicuous among the shares advanced 5/4. Rates were dull and irregular.

The market fell into a narrow groove soon after the opening, prices becoming more irregular on moderate selling of United States Steel and Atlantic Coast, which receded half to 1/4 points. These same stocks recovered later and there was steady accumulation of shipping, marine preference and Atlantic Coast and West Indies, making extreme gains of 2 to 3 points and lifting the active list to levels generally above yesterday's final quotations. Aside from the firmness of Canadian Pacific and a few minor issues, rates were altogether neglected. Bonds were variable with fairly large transactions in United Kingdom issues.

A sudden spurt of activity set in after midday, industrials and leading railroads making gross gains of 1 to 2 points with as much for metals and oils. General Motors rose 3/4 points and Ohio Gas 5/4. Selling of the last hour, which wiped out a large percentage of previous gains, was attributed to reports of revolutionary disturbances in Russia. The closing was firm.

TRADERS IGNORE STRIKE SPECTRE

Despite Uncertainties in Railroad Situation, Prices of Stocks Hold.

Despite uncertainty over what turn the railroad strike situation might take, stock prices held well today, apparently on the belief that a settlement would be effected. The range of prices was limited and trading was comparatively light. United States Steel sold up a point, as did Utah Copper and Inspiration. Wire service was resumed in local brokers' offices today, although orders still are subject to some delay. Anaconda opened today at 83 1/2, was high at 84 1/2 and low at the close at 83 1/2. Butte and Superior opened at 46 1/2, was low at 45 1/2, high at 47 and closed at 46 1/2. North Butte was quoted at 22, East Butte at 14 1/2, Davis-Daly at 5 1/2 and Tuolumne at 1 1/2. Advice received by local brokers today stated that all New York orders are subject to indefinite delay until wire conditions are bettered. In the news and comment received by the Payne-Webber company today appears the following: Stock Letters—"The conference between the chiefs and managers will be very interesting and have much to do with determining the course of the market. The impression seems to be, somehow or other, that a strike will be averted, but of course irregularity will probably prevail until the matter is definitely determined."

New York: "The room is heavily short and covering stocks freely on reports to the effect that the managers and brotherhoods will arrive at an agreement without recourse to a strike."

Chicago: "Action of the stock market indicates no fear in Wall street of a strike."

The Hutton stock letter received over today says: "Railroad brotherhoods are to meet railroad officials at 11 o'clock today. Unless the men back down a strike seems inevitable. Prices for steel continue to advance. Copper stocks are down, but there is no liquidation in them. There seems to be a good buying of Central Leather and Inspiration. A French loan of one hundred million is expected almost at once and an English loan a little later."

STRENGTH IN WHEAT MARKET

Prices Advance as the Railroad Strike Seems to Be Less Threatening.

Chicago, March 15.—Wheat prices developed considerable strength today largely because of assumptions that the railway strike outlook was less threatening. Bullish crop reports from south-western Kansas tended also to stimulate buying. Offerings were light. Opening quotations, which ranged from 1/4 off to 1/2 up with May at \$1.17 to \$1.17 1/2, and July at \$1.52 to \$1.52 1/2, were followed by substantial gains all around. Signs of export buying led substantially to additional upticks and so too did further optimism in regard to the outcome of the strike conference. The close was 20 to 30 net higher, with May at \$1.50 1/2 to \$1.50 1/2 and July at \$1.55 1/2 to \$1.56. Absence of selling pressure allowed corn to ascend. The chief impetus came from wheat strength. After opening unchanged to 1/2 lower, the market made a general rise to well above yesterday's finish. Continued lightness of receipts helped to prevent any sharp setback. The close was firm at 1/2 to 1/2 net advance. Data hardened with other grain. Trade was light. Sharp advances took place in provisions. Higher quotations on hogs gave an advantage to the bulls.

Signs of export buying led substantially to additional upticks and so too did further optimism in regard to the outcome of the strike conference. The close was 20 to 30 net higher, with May at \$1.50 1/2 to \$1.50 1/2 and July at \$1.55 1/2 to \$1.56. Absence of selling pressure allowed corn to ascend. The chief impetus came from wheat strength. After opening unchanged to 1/2 lower, the market made a general rise to well above yesterday's finish. Continued lightness of receipts helped to prevent any sharp setback. The close was firm at 1/2 to 1/2 net advance. Data hardened with other grain. Trade was light. Sharp advances took place in provisions. Higher quotations on hogs gave an advantage to the bulls.
