FRIEND ACCUSED OF ROBBING HIM

Said to Have Been Drugged and Relieved of Money by Partner.

Walter Ayre of Spokane is in the city jail awaiting trial on the charge of robbing his employer, S. H. Goss, of \$994, an overcoat and valuables. Ayre, according to the police, has been having the time of his life. Nothing has been too good for his friends and much money went for champagne.

Goss said that after he and Ayre arrived from Spokane Ayre bought a drink. That is all Goss remembers. Physicians say Goss gives all the appearance of a man who has been drugged.

Rolla Clark, a pretty young woman, told the police that Ayre proposed matrimony to her and offered to take her to New York on her honeymoon.

Goss is a business man from Spokane and says he came here to start a brickyard. He brought Ayre along as an engineer.

WILL MAKE BUTTE A FIREPROOF CITY

Building Inspector Issues Orders to Owners of Buildings and Contractors.

To make Butte completely fireproof is the object of Building Inspector George MacPherson, who today sent out notices to contractors and owners of buildings. The building ordinance will be strictly enforced from this time on.

A copy of the letter is as follows:

Dear Sir: "Ordinance No. 278, and particularly sections 9 and 11 of the present building ordinance of the city of Butte, require masonry fireproof walls in all buildings over forty (40) feet in width, and fireproofing of all stairways in buildings used as hotels, lodging and apartment houses, etc."

"Notice is hereby given that all sections of the present regulations shall be enforced.

"Some of the local architects and contractors have suggested that an emergency ordinance be submitted to the city council that will be consistent with the present-day methods of building, and be of such nature that ample protection will be given to the public, and at the same time not entail any great hardship or material increase in the cost of buildings.

"A meeting to discuss the above will be held at the city council chamber at 7:30 o'clock p. m. on March 27, 1917, and if you are interested please be present so that proper modifications can be presented to the city council at the earliest possible date."

Unidentified Ships.

"Unidentified steamer, with cargo, about 3,600 tons gross, sunk by a torpedo in the midst of a convoy; armed British steamer of about 3,000 tons, steamer of about 3,500 tons, tank steamer of about 3,900 tons, steamer of about 3,900 tons, Norwegian steamer of about 2,500 tons, three masted schooner of 300 tons and three British and two French fishing cutters.

Cargoes Destroyed.

"With these ships, so far as known up to this time, were destroyed among other things 84,000 tons coal, the greater part of which was on the way to France; 3,000 tons of kerosene oil, 3,000 tons of ore from Huvela to West Hartlepool, 3,300 tons of grain and 5,900 tons of provisions, besides fish sunk with the trawlers."

A German submarine made an unsuccessful attempt to torpedo the British hospital ship Asturias off Havre in February of 1915. Quick maneuvering by the captain enabled the vessel to avoid the torpedo. Subsequently the German government said the vessel had been mistaken for a troop ship and expressed regret.

The sinking of the American steamships Illinois and City of Memphis is reported from London, March 18.

No French sailing vessel Marie Louise St. Paul is listed. There are several ships named American, but maritime records show none of French registry. Shipping lists give an American schooner Marie Louise and an American ship St. Paul, but the wording of the official German report is such as to include the vessels referred to definitely in the list of French sailing ships destroyed.

The sinking of the Menon was reported on March 15. Six men were killed. Three Americans on board were saved. The Brika sailed from Guantamo in February for Europe, calling at Norfolk, Feb. 22.

The Dutch tank steamship La Campine was commanded by an American captain, Gustav Claude, American Vice Consul Kroh at Rotterdam on March 22 reported to the state department that the vessel had been sunk by gunfire from a German submarine on March 13, while in the North sea safety zone. The crew was saved.

G. N. TOWERMAN INJURES KNEE IN FALL FROM STAIRS

Jim Hanley, tower man for the Great Northern in the tower at the Braund House, slipped on the ladder leading to the tower yesterday morning and sustained a severe fall in which he injured one knee. He was taken to the Cash saloon. According to the story told at the Great Northern office today by the proprietor of the Cash saloon, Hanley was denied admission yesterday to the Murray hospital and the emergency hospital. Local officials of the Great Northern today interested themselves in the case and Mr. Hanley was admitted to the Murray hospital for treatment.

TRAINS ARE MAKING BETTER TIME TODAY

Disrupted train conditions in the Northern part of the state, due to heavy snows and high winds causing deep drifts in canyons, gulleys and cuts, show a slight improvement today. The morning Milwaukee train from the east which was due at 10 o'clock today is scheduled to arrive at 5:15 o'clock this afternoon. The Northern Pacific Great Northern and Oregon Short Line report trains running close to the regular schedule. The B. & P., which had been interrupted in its regular service by snow drifts Saturday morning, resumed the usual schedules today.

LEHIGH ROAD MUST GIVE UP SHIP LINE

Washington, March 26.—In the first case brought under the Panama canal act requiring railroads to dispose of their steamship interests, the supreme court today decided that the Lehigh Valley railroad must relinquish its Great Lakes Steamship Transportation line, operating vessels between Buffalo and Chicago and Milwaukee.

Joseph Previsich has been accused of a misdemeanor, according to a complaint filed in Justice Buckley's court today, which alleged he removed mortgaged personal property out of the county.

AIDS THE POLICE.

Berlin, March 25.—The food card system in Germany, however, much of a nuisance it may be for the housewives, has materially aided the police and military authorities in one respect. It has just occurred again—a thing that has often occurred before—that a man wanted in connection with a crime surrendered himself to the police because he had found it impossible to get enough to eat without a set of cards, and these he could not obtain without registering himself at the police station of his precinct.

STYLE SHOW IS A MARKED SUCCESS

College Club Scores Financial and Artistic Triumph With the Exhibit.

The financial results of the College club style show, held Saturday evening at the Butte high school auditorium, exceeded the rosiest expectations of the promoters. It was also an artistic success. The committee in charge is most grateful to all who helped to make the affair so successful in every way. The attendance exceeded the 1,000 mark and, through the efforts of the Rotarians, a sum of \$300 from the sale of candy was added to the general fund. The Pan-Hellenic club also took a prominent part in supporting the ladies. The orchestra of the Butte high school entertained with musical selections.

The exhibit was staged in three acts. Talks were made by Malcolm Gillis, Dr. T. C. Witherspoon, Tom Davis, T. J. Angell, Jr., and others. The ladies participating included Mrs. Herbert Riley, Miss Helen King, Miss Jessie Wharton, Miss Anastasia O'Meara, Miss Ruth Davis, Miss Helen King, Miss Ailsa Smith, Miss Sadie McMillan, Miss Harriet Keeley, Miss Margaret Dickson, Miss Margaret Lowry, Mrs. J. P. Ledwidge, Mrs. Henry Hopkins, Mrs. Donald Arthur, Mrs. J. H. Torrance, Mrs. S. W. Rusterholz, Mrs. W. J. Keeley, Mrs. Earl Pratt, Mrs. Alf Kremer, Mrs. C. H. Rodes, Mrs. Kenneth Christie, Mrs. Arthur Stanbury, Mrs. Frank Leonard, Miss Eva Cohen, Mrs. Margaret Barker, Mrs. Kirkpatrick, Mrs. E. A. Linforth, Miss Helen Sanders and others.

The staging was planned and prepared by E. R. Carna, the artist. A group of 15 young girls from the high school, under direction of Miss Bowman, gave an exhibition of folk dancing.

The principal stores of the city were represented in the style show. The Baxter Furniture company supplied the settings for the first and third acts and John C. Murphy of that store had personal supervision of the arrangement of the furniture on the stage.

"EXILED" MONTANANS CELEBRATE MARCH 17

J. E. Harrigan Says Some Held a Reunion in San Francisco.

"Exiled" Butte men sojourning in California, for health and vacation reasons, had a grand reunion in San Francisco on St. Patrick's day, according to J. E. Harrigan of the Baxter Furniture company, who returned Saturday. Mr. Harrigan was accompanied by his wife and baby and they report a very pleasant trip.

Among those who took part in the informal reunion, which concluded with an elaborate dinner party at one of the leading hotels, were Hugh Daly and family, Tim Drissoll, Pat Holland and P. J. Clifford.

"We took much pleasure in watching the 17th of March parade through the streets of San Francisco," said Mr. Harrigan. "There were at least 20,000 in the parade. Rev. Father Yorke was the speaker at the afternoon exercises at the Auditorium and the great hall, which accommodates 25,000 people, was filled to the door. There was a grand ball in the evening and it was the most elaborate spectacle I have ever seen. Archbishop Hanna celebrated the mass in the morning at St. Mary's church. The day's observance was enough to make anyone, with the smallest drop of Irish blood in him, feel proud."

Mr. Harrigan was in California for six weeks. He enjoyed his trip very much and is looking splendid.

GUARDSMAN'S FIRE STOPS RAILROAD EMPLOYEE

Portland, Ore., March 25.—Three high shots from a national guardsman's rifle halted a railway employee riding to work yesterday in a gasoline "speeder" across a railroad bridge near here. The employe had threatened the guard's first command to stop but obeyed the second when it was accompanied by the bullets over his head. He was allowed to proceed after establishing his identity.
