POSTPONED ACTION ON THE "BIG NINE"

Ann Arbor, Mich., April 4.—Nothing was done by the board of regents of the University of Michigan at its recent meeting relative to the proposal that Michigan make application for readmission to the western intercollegiate conference.

"The conference question was the least important of many matters dealt with," said Regent Victor M. Gore. The members will meet again April 27.

Resolutions favoring the return of the University of Michigan to the western intercollegiate conference were adopted Feb. 25 by the board of control in athletics and submitted to the regents, whose approval is necessary before the required changes in athletic rules to make Michigan eligible to the conference can be made.

NEWS OF THE SPORT WORLD

TENNIS FANS MEET KEEP OLD GROUNDS

Unsettled Conditions Prevent Buying Permanent Quarters at Once.

After discussing the possibility of buying one of several desirable sites for permanent quarters, the members of the Butte Tennis club last evening decided to continue at the old grounds this season and at the same time to put the club in a position to buy new grounds later, when conditions are settled. The meeting last evening was widely attended and brought out an enthusiastic attendance of the tennis players, those interested in sports in general and representatives of several prominent organizations of Butte.

The report of the grounds committee was well received and the painstaking efforts of the members in combing Butte for sites for new grounds was appreciated.

Special courts will be provided this year for the women members, who are taking advantage of the privileges of the courts in greater numbers each year.

The club fixed the initiation fee at \$5 and the dues at \$12 a year. The dues for women members were fixed at \$3 a year and \$2 for women relatives of members.

SPORT GOSSIP

The 10-round boxing bout scheduled to take place at Walden, Utah, tonight, between Johnny Dundee of New York and Al Young of Oklahoma has been postponed until April 19.

Les Derry, the Australian "blacker," is now in Chicago. He announced yesterday that he expects soon to apply for his first papers of naturalization in a few days.

Howard Bark, assistant coach at the University of Wisconsin and former Cardinal captain, has been selected as coach of Carlton college this fall to succeed J. Hall, who goes to Washington university to further his studies.

Tommy Burns, who is preparing for a comeback which is to be seen at a local theater for a few days, has a meeting, all comes in a sparring exhibition. Burns is to meet William Meenan at Seattle in four rounds on April 27. Burns plans to leave for the coast on April 19 to put on the finishing touches for his match.

The national National last yesterday in the Columbia team in the American Association in the score of 4 to 1. Blaine, manager of the Columbia team, must have given considerable satisfaction out of rubbing it into the Reds and the national fans, as Joe Mauer and the Reds won yesterday. He was panned because there were no runs after one summer in the job passed to the old Federal league.

The boxing commission of Minnesota threatens to sue Johnny Dundee and other fighters under the management of James Dixon, unless Dundee and Dixon appear at Minneapolis to fulfill an agreement.

The breaks as well as something else must have been all against the Red Sox yesterday in their game with the Dodgers. For 11 innings the teams battled to a tie but when the twilight was over the score stood 13 for Brooklyn and 5 for Boston.

May 13 is the date fixed for the American league player-union to come into effect. After that date the teams of the Major League circuit will be permitted to carry no more than 25 players in uniform.

Pitcher Walter Hoyt, the 17-year-old Brooklyn school player signed by the Giants last fall, has been turned over to Mike Donlin's Memphis team. The youngster appears to be a twirler of considerable promise.

OLIN AGREES TO MEET STECHER SECOND TIME

John Olin, the Finnish heavyweight wrestler, announced while in Butte that Joe Stecher, the Chicago promoter, is trying to match him with Joe Stecher in Chicago in May. Olin says he has already accepted Stecher's terms and that the latter is now in communication with Joe Hetmanek, manager of Stecher. Olin is anxious to prove that his victory over Stecher last December was not a fluke.

WALTON'S DISCIPLES MEET TO ELECT THEIR OFFICERS

Annual Gathering Will Be Marked by Presentation of Medals to Trophy Winners, Some Remarkable Fish Stories, Places to Stock With Fry, Election of Officers and General Discussion of Sport in State.

On the right, Ed Swanson, winner of first and second prizes and one of his trophies. On the left, E. E. Pilling, who caught the largest eastern brook trout of any member of the Butte Anglers' club, which holds the annual meeting tonight and distributes the medals to winners.

With every indication for an attendance of the majority of the 400 members of the Butte Anglers' club at the annual meeting in the Chamber of Commerce rooms in the courthouse tonight, beginning at 8 o'clock, the disciples of Frank Walton are looking forward with eagerness to the opening of a big year in their favorite sport.

Three medals, gold, silver and bronze, will be awarded to the members having the recorded catch of the largest game fish caught with hook, line and rod in Montana waters. The names of others who excelled in the sport will also be mentioned. Other business of the meeting will be confined to the election of officers regarding the fish which was distributed in streams contiguous to Butte last year.

Ed Swanson will receive both the first and second prizes for his ability in turning the biggest fish. He has the record for the year in long odds with several of the biggest trophies. Among them is a German brown trout caught in the Big Hole which weighed 15 pounds.

Victor Hardaman of Madison, who picked out his prize swimming in a pool under a dam and sport day's trout out the right kind of a lure also caught a German brown trout which weighed 14 pounds and 15 ounces, was 14 inches long and its girth was 16 inches. He will be awarded the third prize.

Ray Giroux is credited with catching the biggest white fish, which weighed four pounds.

P. E. Pilling scored with the largest eastern brook trout which tipped the scales at four pounds six ounces.

The officers of the club are Captain D. Gay, president; Mark Kosciuszko, vice president; Roy A. Alley, secretary; treasurer. The dues are \$1 a year and are extended to having fry for streams near Butte. In the medals are beautiful reproductions of Royal Canadian files.

Ed Swanson will receive both the first and second prizes for his ability in turning the biggest fish. He has the record for the year in long odds with several of the biggest trophies. Among them is a German brown trout caught in the Big Hole which weighed 15 pounds.

PARISH CLUB IS TO STAGE TOURNAMENT

St. Mary's Boys Will Have a Boxing and Wrestling Amateur Show.

If the art of self-defense is a help to the soldier, then St. Mary's Athletic club is doing a very patriotic turn in arranging for the athletic tournament at St. Patrick's school hall on Easter Tuesday and Wednesday nights. There will be boxing and wrestling matches for all weights and a most interesting card is assured.

The young men who are associated with the St. Mary's Athletic club are all very enthusiastic about the coming tournament and have issued an invitation to other clubs to send representatives to the tournament. Patrons may be assured of a very classy show. The St. Mary's school hall obtained the use of the St. Patrick's school hall for the two evenings so as to accommodate as large a crowd as possible and have a central place for the tournament.

IRONMAN LEAVES FOR CAMP TODAY

Training of Butte Team Will Begin Monday—Season Opens April 24.

Joe McGinnity will leave here this evening for Puyallup, Wash., to be at the training camp of the Butte baseball team in time to put the candidates through their paces as fast as they arrive. Big Miede, the trunk horse of Butte's pitching staff last summer, has signed his contract and will leave Oakland, Cal., for Puyallup on Saturday evening. Active training will start Monday and the league season will open on April 24.

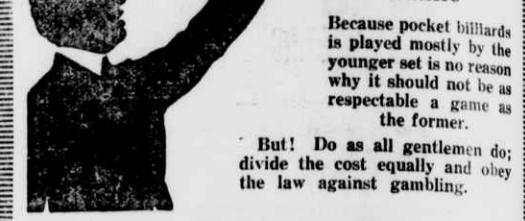

As yet definite word is lacking regarding the disposition of two fast American Association infielders who were to go to Butte, according to arrangements made by Joe McGinnity last week.

Not only will the ironman's activities on the diamond keep the boys on the jump but also the realization that the league rules prohibit carrying all the players who show up at the training camp will add to the spirit of the practice and training.

A number of the players who spent the winter in California have been playing baseball steadily and are ready to enter into the grind of long daily practices, hikes and other feats, in good condition. With the higher class of men signed up this year and the faster material at hand, as well as faster men for other teams in

CAROM BILLIARDS

Has Always Been a Gentleman's Game

The Place to Play The Marquette Billiards and Bowling

JACK STROBEL—Prop.

the league, predictions are offered by fans in Butte that the race will be more hard-fought than in years in the Northwestern league.

Butte is especially favored in the holiday dates and the games at home. The team will not open in Butte until May 28 when Vancouver will play the opening game. Throughout the summer Butte will see the team in action on the home grounds, with an abundance of baseball in the latter part of May, June, July, August and September.

Butte has the Decoration, Fourth of July and Labor day dates with a total of 28 games at home. Seattle has 29 home games and Spokane 74. Butte opens at Spokane, then to the coast and swings back home in the period of good weather.

THE WISE FOOL

"The night hath a thousand eyes and the day but one," quoted the Sage "Yes," replied the Fool. "And the night needs then all to keep track of all that goes on after dark."

SO NOW HE'S A PACIFIST

FAIR SKIPPER SAYS MILE A MINUTE IS FINE; ICE-BOATING IS NO SPORT FOR A WEAKLING

BY PAUL PURMAN.

Iceboating is no sport for a weakling. It requires nerve, strength and a cool head in the pinches, for when a boat is sweeping around a short curve on one runner even an expert is likely to find himself in trouble unless he knows just what to do at the right second and is capable of doing it.

For this reason few women have attempted the task of slipping an iceboat. Most of them prefer to act in the role of passengers if they venture out in the frigid weather at all.

But not so with Miss Anna Neumore, Cleveland girl, who is an experienced pilot and is now preparing to race against men skippers in future competitions.

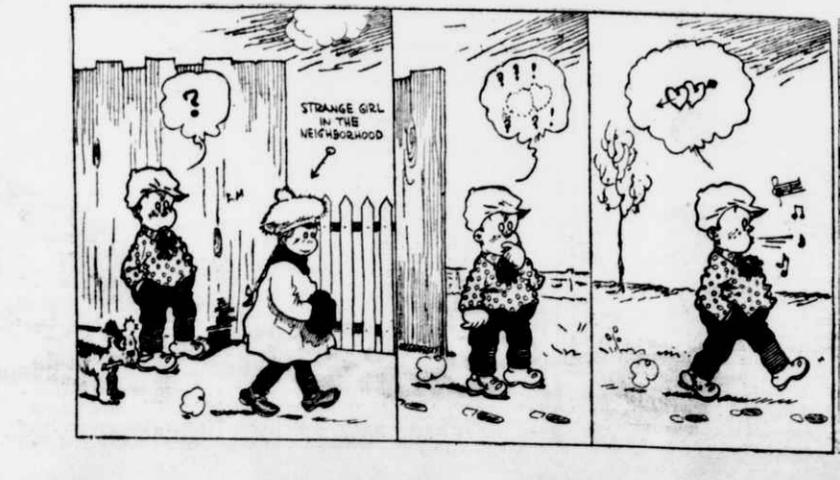

"Iceboating is great sport, but it has its handicaps," Miss Neumore said. "The mile from the clubhouse. It took three hours for my passenger and I to push the boat in.

"But you forget all about that when the wind is fine and there is no snow on the ice and you breeze along at 10 or 20 miles an hour. There is no sport in the world that has the same exhilaration." Iceboating is gaining in popularity every year.

Practically every large city along the Great Lakes and the lake regions in the northern states has its boat club.

Speed of 60 to 70 miles an hour has been reached under ideal conditions and in a new type of boat, equipped with an aeroplane propeller and a light aeroplane engine, speed of more than 100 miles an hour has been clocked.
