

LUTEY'S

Where Cash Counts Most

Usually little attention is given to spending. Good earning power is useless if wasted in spending. Thoughtless, careless spending robs many a home of the saving and usually brings discouragement. Credit dealing and high credit prices are usually to blame, while others buy for cash, where it does not count for the most in either case think what spending means. It is not nearly so important how much you earn as it is how much you can save. Cash dealing at Lutey's calls for full values and small profits—the place where cash counts most. It's mighty important that you consider your spending.

THE POST FOR THE NEWS

ARMOUR'S PLAN BREAKS PRICE

Packer and Grain Buyer Advocates Government Price Fixing for Food.

Chicago, April 10.—J. Ogden Armour's suggestion of meatless days and government control of food stuffs was said to have influenced a sensational break on the board of trade at the opening today. Part of the initial loss was substantially recovered. Wheat declined 5 cents and provisions from 55 cents to \$1.55. May wheat, which sold at \$2.15 last Saturday, added 5 cents to yesterday's decline by dropping to \$2.92 on early sales. July sold at \$1.80 and September at \$1.65. July corn declined 5 cents, to \$1.22. July pork, which closed yesterday at \$37.35 a barrel, declined \$1.55. July lard dropped \$1.50 from the previous final figure of \$20.50. July ribs lost 5 cents.

His Statement.

Mr. Armour's statement advocating fixing of food prices by the government follows: "Because the time is short and the situation so dangerous I favor government supervision and control of food production and food prices. Let us do it before we are compelled to do it. The prices of wheat, corn, livestock and other food products have gotten away from any control but that of the government. Let the government for instance fix the wholesale price of all meat products. That would probably result in an automatic regulation of all prices from the producer to the consumer. If it failed to do so further government action might be necessary.

"Let the government, say, guarantee to the farmer, a minimum price of \$1.50 a bushel for all the wheat he can raise. It would be a perfectly safe thing to do. It would not cost the government a cent.

"These are radical suggestions. But this is an emergency which nothing but radical remedies will meet. There are firms whose profits would be cut but in the present situation the individual would have to suffer so long as benefit to the masses of the people results.

"As a measure of conservation, for example, I should favor the institution by government edict, if necessary, of meatless days, one or two a week, such as they have in Europe. I believe that, either by law or voluntarily people will be obliged to stop eating so much meat during the summer months, especially if they expect to have a sufficient supply next fall and winter."

A Clear Brain and healthy body are essential for success. Business men, teachers, students, housewives, and other workers say Hood's Sarsaparilla gives them appetite and strength, and makes their work seem easy. It overcomes that tired feeling.

BUTTE WOMEN TO MAKE BANDAGES

Committees to Report and to Elect Officers Thursday. Want More Aid.

Actual work in the preparation of bandages for the wounded soldiers on the western front was started with a rush in the room of the Chamber of Commerce in Butte today by more than 30 women who were enrolled in the Women's Patriotic association of Butte, which was tentatively formed yesterday. The permanent organization will be perfected at a meeting to be held in the same headquarters at 2 o'clock Thursday afternoon when several committees will report and officers will be elected.

The work will continue daily between the hours of 10 and 5 o'clock until the permanent organization is effected. Among the hospital materials which are being prepared today are compresses, bandages, slings, gauze mats and bed pads.

Miss Margaret Moore of New York, who is here to organize all the women of Montana in this work, has also asked that the women devote some of their leisure time at home in knitting sweaters, wristlets, socks and small winter caps.

"Later on we hope to make pajamas and other hospital clothes, which are also in demand in the big base hospitals, for the soldiers. Under the methods which we turn out these materials we do not throw away anything. Even the selvages from flannel bandages are utilized. They are knitted into floor cloths and knitted wash cloths, as well as quilts for the hundreds of destitute babies," Miss Moore said.

As the work progresses those in charge of the organization hope to enlist every woman in Butte in the cause and to get them to give at least an hour of their time on a certain day of the week and to have a number come on certain days that the work may not stop.

A Big Sewing Room.

The Chamber of Commerce quarters have been changed into a big sewing room with many tables covered with white oilcloth and the various white goods handled in a sanitary way. The gauze, cotton and flannel are folded, cut and wrapped into bundles of 25 each and then the larger allotments will be shipped to the Old Colony club of New York, which is the clearing house for America. The entire club building has been devoted to this cause and the materials are shipped from the club to Paris and distributed through the American hospital corps to the various base hospitals.

The Butte association will be the state headquarters and similar organizations will be formed in all of Montana's principal cities in the near future.

The committees appointed yesterday which will report on Thursday are composed of:

Permanent organization—Mrs. L. O. Evans, chairman; Mrs. A. T. Morgan, Mrs. J. K. Heslet, Mrs. M. C. Smetters, Mrs. Donald Campbell.
Constitution and by-laws—Mrs. P. J. Brophy, chairman; Mrs. Fred McCrimmon, Mrs. Margaret Rosza, Mrs. David McPherson and Mrs. J. W. Gunn.

Quarters—Mrs. W. L. Creden, chairman; Mrs. Bosckis, Mrs. D. J. Charles, Mrs. D. W. Jones and Mrs. J. L. Templeman.

CIVIL WAR VETERANS AT DEVLIN'S FUNERAL

Many veterans of the civil war attended the funeral today of John Devlin and one of their number sounded taps over his grave in the G. A. R. plot in the Mount Moriah cemetery. There were many floral tributes for the former member of the Twenty-eighth Massachusetts regiment. Father Venus officiated at a mass in the Sacred Heart church and at the graveside, where Devlin was laid at rest.

TENNIS BOARD WILL MEET THIS EVENING

Members of the governing board of the Butte Tennis club will meet in Orton Brothers' store at 8 o'clock tonight with President W. E. Weber to take up the final plans for the leasing of grounds for this year. It is understood that tentative arrangements were made by the officers to secure good grounds for this year and their action will be ratified or rejected by the board tonight.

Since the last meeting a number of new members have joined the club and the indications are for more with the good weather. The new membership campaign is bearing fruit and the club is meeting with the support of several organizations in the city, which are composed of prominent business men. All members and others interested are urged to attend the meeting tonight.

NOTICE.

An entertainment by the Woodmen of the World, camps 153 and 757, will be held Wednesday evening. A good time is assured to everybody.—Entertainment Committee.

DOWER FUNERAL.

The funeral of May Dower, the 15-year-old daughter of Mr. and Mrs. Edward Dower, 147 West Center street, was held today with services in St. Andrew's Episcopal church, conducted by the Rev. R. J. Jensen. Burial was in the Mount Moriah cemetery.

LADIES' AID MEETING.

The Ladies' Aid society of the Gold Hill Norwegian church will meet tomorrow night at 8 o'clock at the hall, 51 West Copper street. The society will be entertained by Mrs. Gallant and Mrs. Kansmo. A good program will be followed by refreshments.

U. S. WARNED AUSTRIA WOULD BREAK WITH HER

(Continued from Page One.)

Officials in Austria, was made public at the state department today with an official statement as follows:

Grew's Message.
"The following dispatch, dated April 8, from the American Charge d'Affaires Grew at Vienna, has been received by the department of state:

"Minister for foreign affairs has just informed me that the diplomatic relations between the United States and Austria-Hungary are broken and has handed me passports for myself and the members of the embassy. He states that we may leave the monarchy at our convenience and that every possible courtesy will be extended. An telegraphing consuls to arrange their affairs and proceed to Vienna with a view to leaving for Switzerland if possible at end of week.

The Austrian Note.
"Following is translation of note handed by minister:
"Since the United States of America has declared a state of war exists between it and the Imperial German government, Austria-Hungary, as allies of the German empire, has decided to break off diplomatic relations with the United States and the Imperial and Royal Embassy at Washington has been instructed to inform the department of state to that effect.

"While regretting under these circumstances to see a termination of the personal relations which he has had the honor to hold with the charge d'affaires of the United States of America, the undersigned does not fail to place at the former's disposal herewith the passports for the departure from Austria-Hungary of himself and the other members of the embassy.

"At the same time the undersigned avails himself of the opportunity to renew to the charge d'affaires the expression of his most perfect consideration.

(Signed) "CZERWIN"

HISTORICAL NAMES FOR FIVE BATTLE CRUISERS

Washington, April 10.—Names of historic naval vessels today were given to the five battle cruisers being built for the navy. They will be called the Saratoga, Constellation, Constitution, Raper and Lexington, after the famous frigates of the first American navy.

Inspector's Account.
East Green, a Russian inspector in the billet department, who was injured, said there was no powder in the loading room and no fire. "I was standing near one of the tables when from under the door of the loading room there came a bright glare, then instantly another bright light and ev-

nothing but cases of empty shells in the loading room. There was a heavy iron door between the loading room and the billet room and with the first glare the door was blown off and then came the second burst of light just as I turned to see what caused it. It was awful. Men and women were falling all around me. I tried to help but was too badly hurt."

There is an unconfirmed rumor of two arrests.

Officials said the damage to the plant was not serious and that work would be resumed tomorrow in most departments.
