NO ONE IN HOUSE FOR CONSCRIPTION

According to Miss Rankin, the President's Plan Hasn't a Chance.

That the selective conscription bill has not a chance to pass in the house was the impression given last night in a telegram received by the Butte Pan-Hellenic society from Congresswoman Jeanette Rankin, which reads as follows:

"I have heard of no one in the house who is supporting the president's conscription bill. Do you wish me to stand alone for this?"

"JEANETTE RANKIN" In reply to the telegram the Pan-Hellenic sent the following message: "Referring to your wire of even date, we believe conscription to be democratic and otherwise right in principle. We trust you will stand alone for it if necessary."

BUTTE AUTO PARTY IS RUN DOWN BY TRAIN AT NIMROD

Traparish was sitting beside him on the front seat. Mrs. Langley was on the side of the car struck by the train and Ralph was sitting in the far corner of the big touring car and escaped without a scratch, though all of them were badly shaken up and suffered from the shock.

According to the meager word of the accident received in Butte it appeared that Mrs. Langley was rushing to Nimrod to catch a train to Potomac. They approached the crossing on a curve, when the locomotive was upon them and crashed into the front of the automobile, smashing the radiator and wrecking the front of the car.

CITY WILL EMPLOY SPECIAL LAWYERS

Municipality Will Pay for Defense of Patrolmen Carlson and Brady.

Special attorneys will be hired by the city of Butte to defend Patrolmen Brady and Carlson, who are charged in an information recently filed by the county attorney of killing Mike Conway during the process of Conway's arrest.

According to the city attorney the city's legal force has no authority to represent the city in trials of the sort he declared that such a ruling was made by the former city attorney, John V. Dwyer, now judge of the district court.

An extension of 30 days was granted the Butte Electric and Supply company to complete the work of installing the West Broadway lighting system.

32,108 RECRUITS HAVE BEEN SECURED FOR ARMY

The total desired April 1, to raise the army to its war strength of about 360,000, was 183,898. These figures do not include the men who have joined the national guard.
