

# Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, Imitations and "Just-as-good" are but experiments, and endanger the health of children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other narcotic substance. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought Bears the Signature of  
**Chas. H. Fletcher**  
In Use For Over 30 Years  
THE CENTRAL COMPANY, NEW YORK CITY.

## HAVE YOU?

HAVE YOU EVER GONE OUT SHOPPING  
And the clerks seemed rather shy  
And acted so "indifferent"  
That you went elsewhere to buy?

Have you ever felt real "pleasure,"  
In every way implied,  
When the clerks gave you attention  
From the time you stepped inside?

When shopping makes you ruffled,  
And the garments all look blue,  
The clerk with a smile is the clerk worth while,  
To give a different hue.

Our store is full of sun shine,  
And, besides, you will save more  
On your spring SUIT, COAT, DRESS and HAT  
At the FLORENCE GARMENT STORE,  
115 West Park street.

### PROSPECTORS OF BUTTE FORM SOCIAL CLUB

Another new club has made its appearance. The new organization is to be known as the Prospectors' club and it was formed at a meeting held at Gomer's last night. A constitution was adopted, the preamble of which says: "We, the men of Butte, recognizing the need of an organization where current and religious topics can be discussed for community betterment, mutual advancement and social fellowship, do ordain and establish this constitution." The Prospectors are to meet on the third Tuesday of each month for a dinner. The officers elected are: L. G. Reeves, president; C. J. Nepper, vice president; Matthew Lawrence, recording secretary; C. H. Threadgill, financial secretary.

### JAIL MENU AFFECTED BY HIGH COST OF LIVING

With potatoes selling at about \$5 a hundred pounds, the management of the county hospital and Sheriff O'Rourke at the county jail have found it necessary to curtail the spud service at the two institutions. Baked potatoes always constituted one of the dishes at the county jail for breakfast, but it has been necessary to cut out this dish and spuds are only served once a day at the county hospital and then in quantities somewhat smaller than a month ago. The county commissioners have a large amount of ground in the immediate vicinity of the county hospital and it is proposed this year to plant about 10 acres in potatoes, cabbage, carrots, turnips and onions.

## Amazing Power of Bon-Opto To Make Weak Eyes Strong Doctor Says It Strengthens Eyesight 50 per cent in One Week's Time in Many Instances

### A Free Prescription You Can Have Filled and Use at Home

Victims of eye strain and other eye weaknesses and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed lazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes, which induced fierce headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the type-writing on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me."

### HUSBAND FAILED TO PROVIDE FOR WIFE

Mamie Shovlin has commenced divorce proceedings against W. J. Shovlin on the ground of failure to provide. The plaintiff says that she was married to Shovlin seven years ago and that for three years he has not even bought her a pair of shoes. Ollie Adams wants a divorce from George Adams on the ground of cruelty and neglect. The plaintiff has five children and she says in her complaint that she has had to work to support herself and children.

### URGES PROMPT PAYMENT OF GOVERNMENT TAXES

Prompt payment of federal taxes is urged in a letter just sent out by W. C. Whaley, collector of internal revenue for this district, in which it is pointed out that war conditions are pressing the government for funds. The letter says: "In view of war conditions the government will appreciate the prompt payment of the taxes shown to be due by the notice herewith. If the taxpayer receiving this notice is able to make such payment without undue inconvenience to himself. "The commissioner of internal revenue has no power under the law to make discounts or any rebate on such anticipated payments, but hopes that in view of the conditions now facing the country a ready and large response may be made to this request."

### Students Off for Canada.

Five hundred students of the Agricultural College of the University of Illinois are now en route to the Saskatchewan country of northwestern Canada to help produce the "war winning wheat crop." According to advices received in Butte today, the students will be distributed to individual farmers by the Dominion government, which guarantees them a minimum wage of \$50 a month and board, two-thirds of each man's fare to Canada and the promise of a homestead of 160 acres to every one who serves six months in the field. Besides their own labor to help defeat Germany and the profit of the work, the students will receive practical experience in agricultural methods.

### SOUTH AMERICA IS HARD HIT BY WAR

Loss of revenue from foreign imports has struck a severe blow to Brazil and other South American republics, due to the submarine war, according to Leonard Fisher, who is here today from Rio Janeiro. Those republics are dependent upon income duty to meet costs of maintaining the government and as a result are at a low ebb industrially and economically. Much of the crops was lost by frost, drought and locusts, which also caused a lack of feed for cattle and caused further losses. Food prices are high and protests against the sugar prices caused a removal of the import duty. Brazil has changed her opinion of Wilson since he severed relations with Germany. Much has been done in the last three years by American manufacturers to remove the feeling of hostility toward American traders since fairer and better business methods have been adopted.

## URGED TO START GARDENS AT ONCE

### State Council of Defense Committee to Issue a Bulletin Shortly.

Immediate preparation of the soil for the growing of food products was urged by members of the Silver Bow county sub-committee of the State Council of Defense meeting in conference with Prof. W. E. Maddock, city superintendent of schools; Dr. T. C. Brockway and County Commissioner Joe Fabian late yesterday afternoon. The committee at conclusion of the conference decided to issue a bulletin shortly, detailing the best methods for growing crops in this county.

An official statement issued by the committee at conclusion of the meeting says: "The question of the proper kind of crops and the preparation of the ground for food products was discussed, and the committee in a few days will issue a bulletin making recommendations along that line. They particularly recommend that at this time all residents of Silver Bow county who intend to plant gardens should begin immediately the preparation of their ground by thoroughly spading and manuring. They call upon all people who have manure for distribution and they would be pleased to have them file their statements with the secretary of the board at the Chamber of Commerce, who will help in the distribution of same. Any residents of the county who desire manure will be advised by the board, if they will make their wants known. It is the opinion of the committee and their expert advisers that the most important thing at the present time is getting the ground thoroughly spaded and manured. We do not advise the planting of any vegetables before May 1 and the first vegetables to be planted are onions, turnips, peas, parsnips, spinach, lettuce, radishes, carrots and kohlrabi. The garden should be planted not later than May 15 in order to obtain good results. Beets and potatoes should not be planted until after May 15. We do not recommend beans, cucumbers, tomatoes or squash. "For successful irrigation the ground should be prepared and the seeds successfully cultivated and irrigated without wetting the plants. "It is probable that prizes will be offered later in the season for the best exhibits and gardens."

### Ask Government Men to Help.

Government employees are earnestly urged to grow garden stuff and cultivate every bit of land as their disposal in a letter sent out by W. G. McAdoo, secretary of the treasury, a copy of which has been received by Postmaster Phil C. Goodwin.

"Confident that it is the earnest desire of each and all of you to employ every possible means in your power to serve your country, I wish to point out that a very simple and practical way to be of great assistance at this time is to cultivate every piece of land in your possession or under your control. Millions of men have been withdrawn from the fields of production and sent to the fields of battle; the world's supply of food-stuffs has diminished in the face of an increased and increasing demand. With our own country at war, the calls upon the usual tillers of the soil, which have been great in the past, will be enormous in the future, and it is most desirable that every possible step be taken to relieve, even in the slightest degree, the tremendous pressure upon the world's markets at this time. Every foot of new ground placed under cultivation relieves, to the extent of its yield, the demand upon the usual sources of supply. I am taking occasion to urge you very earnestly to cultivate a garden on every spare spot of land around your homes. In this way you can render valuable and effective assistance. It will be a service of patriotism."

### WALKERVILLE NOTES

Mr. and Mrs. George Wycoff, who were recently married at Chinook, Mont., have arrived in Walkerville to make their home on East Daily street. Mrs. Wycoff will be remembered in Walkerville as Mrs. H. Bertrand.

Harry Whitford of Baxter, W. Va., is a new arrival in Walkerville. He is making his home on North Main street.

Nick Vice of Walkerville has returned to his home from Spokane, where he learned the barber trade.

A. Bowcott is a recent arrival in Walkerville from Canada.

Mr. and Mrs. John O'Brien of 1507 North Main street announced the birth of a son April 23.

A stereopticon lecture on Africa will be given under the auspices of the Epworth league of the Mount Bethel Methodist church this evening. Rev. J. G. Ross of Centerville and Rev. G. J. Stephens will direct the meetings.

An election of officers of the Walkerville lodge of the Independent Order of Good Templars will be held in the lodge rooms this evening. A large attendance is desired.

### SAYS SHE WAS DRUGGED IN TURKISH BATHROOMS

Mercedes Frederickson has brought suit in the district court against Walter Wise and James McDonald. The plaintiff alleges that while in the Butte Turkish Bath parlors at 48 East Broadway last February she was drugged and then robbed of \$238 and that she also sustained bodily injuries. She asks judgment for the \$238 which she claims was stolen from her and \$25,000 as damages for injuries received.

### New Hair Remover in Demand, Say Druggists

(Phelactine Removes Roots and All!)  
Since the virtues of phelactine as a hair remover became generally known, druggists in this country have been having a really extraordinary demand for this remarkable product. The fact that it actually removes the roots—before one's very eyes—as well as the surface hairs, is of course mainly responsible for its method of increasing sale. The new method is not to be compared at all with the usual depilatory, electrical or other processes. It is entirely safe, non-irritating, non-poisonous, odorless and instantaneous! A stick of phelactine, used in accordance with the simple instructions which accompany it, can be purchased anywhere on a money-back basis, so certain is it to satisfy and delight the user.

## ABLE ISSUE BY HELENA COLLEGE

### Student Editors Make Record With Number of "The Prospector."

"The Prospector," the quarterly publication of the Mount St. Charles College of Helena, just received, would do credit to a professional magazine, not alone in regard to the high class material with which it is plentifully supplied, stories, learned articles, news notes and brevities, but also in its composition, arrangement and general printing. It is easily the best number which the college newspaper men have presented and will be a welcome addition to the reading matter of any home. It is the third number of the sixth volume.

Perhaps the most interesting article in the magazine is a discussion on "Motion Pictures," by Emmet Riley, a Butte boy, and an associate editor of the magazine. Mr. Riley very exhaustively investigated the present and future field of activity for the "movies" and while decrying a tendency to degrade the screen with immoral films agrees that the motion picture industry has had a beneficent effect. Other contributors to the magazine this quarter are: Joseph M. Gilmore, Jerome E. Scanlan, A-17; Walter J. Nilan, A-17; Richard C. Woodward, A-17; Richard M. Manley, A-17; John J. Crowley, A-17; Arthur M. Murphy, A-17; Lucien Waldorf, A-17; C. G. Mather, A-17; W. L. B. S., '17; Walter L. B. Steidle, '17.

### Alumni Meeting.

Of particular interest to many alumni in Butte is the announcement of the annual meeting of the Mount St. Charles College Alumni association, to be held June 12, opening at noon that day and concluding in the evening. The alumni will attend the commencement exercises at the college on the following day. A feature of the annual meeting will be the ball game between the alumni and the college team. For the past few years the regular team has demonstrated that regular practice generally results in victory but President Hugh J. Stoll of the alumni is confident that the tables will be turned this time. In the evening a business session will be held, followed by a banquet at which Bishop Carroll will deliver the principal address.

A resume of the basketball season is given in the issue. During the season the college boys won three-fourths of their games, scoring 331 points as against 177 by their opponents. Recently the Irish boys in the college played the All Nations, winning easily by 5 to 3. This was one of the first big baseball games of the year and reversed the decision of last year's game. The issue also contains a picture of Rev. Father Charles A. Scullion, Father Scullion was prefect of St. Aloysius Institute, 1907-1910; prefect of the college, 1910-11; ordained to the priesthood, May 30, 1913; professor in department of commerce, 1912-17, and appointed pastor of Helmsville April 15, 1917.

### CASE IS SETTLED AS TRIAL BEGINS

Soon after the damage suit of Joseph Strozniak against the Northern Pacific Railroad company got under way in Judge Lynch's department of the district court yesterday afternoon, a settlement was brought about and the case withdrawn from the jury. The plaintiff was asking for \$20,000 for injuries received while driving over the Mendocino railroad crossing. He was run down by an engine of a train which, it was claimed, did not give any warning on approaching the crossing. By agreement reached the plaintiff is to receive \$8,000.

### GRACE FAMILY REUNION IS ENJOYABLE AFFAIR

After being separated, for 23 years, all of the members of the family of Mrs. John Grace enjoyed a big reunion in Butte, Mrs. Grace and her son, Maurice Grace, came here from Mineral Point, Wis., and are visiting at the home of Mrs. Grace's son, Mr. and Mrs. Mike Grace, 1817 Missouri avenue, where the reunion was held. The home was beautifully decorated for the occasion and a delicious dinner was served when all the relatives were gathered in Butte. After the dinner a delightful informal musical program was given by Miss Edna Mackey, violinist; James Clancy, violinist; James E. Grace, guitarist, and James Shea, pianist. Those present were Mrs. John Grace and her son John of Wisconsin, Mr. and Mrs. Mike Grace, Henry Grace, Mr. and Mrs. James E. Grace, Mrs. Thrasher, Mr. and Mrs. Andy Mackey, Con Ryan, Jerry Sullivan, Mr. and Mrs. Andy Star, F. Maloney, John Grace, Jr., Willard Grace, Jr., Misses Mamie, Dorothy, George and Winnifred Grace, Willard Thrasher, Jr., Miss Grace Thrasher, Miss Sadie Macgowan. The hostess was assisted by her sister-in-law, Mrs. James E. Grace.

### UNIVERSITY PROFS ARE MISSOULA MEN'S GUESTS

The April meeting of the Missoula Chamber of Commerce held at the Palace hotel in Missoula, today was given over to a discussion of the coming intercollegiate meet. The college professors were there en masse, and, as announced beforehand, "spread themselves." The university stringed orchestra discoursed entertaining music and helped to lead the diners in singing national songs.

### SUPPLIES COME IN TO WOMEN WORKERS

Many Organizations Engaged in Preparing Bandages for Soldiers.

As well as the regular supplies of bandages and gauze mats, the headquarters of the Women's Patriotic Association of Butte, located in the Chamber of Commerce rooms in the courthouse, is daily receiving greater results from its efforts. Supplies of all kinds are pouring in from hundreds of individuals and many women's organizations.

An illustration of the progress which is being made is shown in the shipment of two boxes last Friday and another shipment of one big box which will be sent out today.

Among the visitors was Mrs. A. E. Ritchie, a guest at the Tait hotel from Calgary, who is familiar with the work and gave her friends an insight into the work of relief societies which Canadian women have been doing on a big scale since the war started.

The Democratic Women's club is among the organizations which have pledged their support. It will give one night a month to aiding the work and
