

# Don't endure that itching Heal it with Resinol

That itching which keeps you awake at night, and forces you to scratch at the most embarrassing times, is almost sure to yield to Resinol Ointment. Usually the discomfort stops and healing begins with the first application, and the distressing eruption quickly disappears. Resinol Ointment is even more effective if aided by Resinol Soap.

Resinol Ointment is so nearly flesh-colored that it can be used on exposed surfaces without attracting undue attention. Contains nothing that could irritate the tenderest skin. Resinol Ointment and Resinol Soap are sold by all druggists. Use Resinol Soap for the bath, shampoo and baby's skin.

## FARMERS OF FLATHEAD PAY FOR ELEVATOR LOSS

Stockholders and Bondsmen  
Make Good, Although None  
of Them Are Rich.

Bondsmen for the Reservation Farmers' Grain company of Ravalli, with one exception, have paid over to Charles D. Greenfield, commissioner of agriculture and publicity, the amounts for which they were bound on the bond of the company.

The one exception was a man on the bond for \$300, who has been unable to leave his farm for several weeks, but he will pay this week, and then the work of paying off the holders of storage receipts and weigh checks will begin.

"About half of the bondsmen had met their obligation when I arrived at St. Ignace Mission Monday," said Commissioner Greenfield yesterday, "but that did not represent half of the

\$10,000 for which they were liable. I managed to see all of those who had not paid. They all met their obligations on the bond save one man for \$300, and this will be paid in a few days. The bondsmen are all farmers living on what is known as the Flathead reservation, none of them wealthy, and I was particularly pleased with their willingness to meet their obligations quickly, particularly in the case of some of them it means distinct financial embarrassment just at this time.

"In the settlement with the farmers who had grain in the elevator, and nearly all of it was No. 1 northern, they will receive \$1.55 a bushel."

## UNIVERSITY CLUB STARTS CAMPAIGN

### Big Loss of Members, Caused by War, Necessitates Re- filling of Ranks.

With a loss of 14 members as volunteers in the army and navy and because of the announcement made that 10 others will go to war within the coming week, the Butte Pan-Hellenic club yesterday started a whirlwind campaign to refill the ranks of membership under the changed name of the University club of Butte. It was believed by the majority of members that the name Pan-Hellenic created a false impression concerning the requirements for membership. When the society first started none but Greek letter men were to come members. This arrangement was made at the start because of the fact that fraternity men all have at least one year's university work and in most cases are graduates.

At a meeting last November, however, it was decided to broaden the scope of the organization and to admit all university men of good standing in Butte.

The members of the club who have enlisted for service with the army or navy are J. A. Gilluly, Colonel Lloyd, W. T. Nightingale, C. J. Opperman, Glen W. Robinson, Emmet Riordan, Ellef Rue, Jesse B. Roote, T. B. Stutzman, Percy Stone, A. A. Watts, W. O. Whippis and G. W. Wilson.

The officers of the University club are: President, E. H. Wilson; vice president, E. B. McLaughlin; secretary-treasurer, Francis A. Silver; board of directors, J. L. Templeman, chairman; W. L. Croden, John F. Davies, E. S. Slemmons and Dr. T. J. B. Shanley.

The members are: M. W. Atwater, Glen Anderson, Dr. B. P. Ashby, G. C. Bennett, Precator Barclay, Paul Billingsley, W. A. Birnbaum, Dr. A. Bumberg, Dr. Brindjones, W. E. Carroll, Dr. H. P. Carman, W. ### EDITORS OF WEEKLY PUBLICATIONS CLASH

Two newspaper men, Byron E. Cooney, editor of the Montana American, and J. B. Mulcahy, editor of the Butte Independent, engaged in a fistie encounter on West Broadway in front of the Mudro cafe Saturday evening. It appears that Mulcahy in his paper cast some reflection on the father of Cooney as to his actions during the civil war. Cooney met Mulcahy on Broadway Saturday evening and immediately resented the insult given his aged father. Cooney swung on Mulcahy with his left hand and the editor of the Independent went to the sidewalk. As he arose Mulcahy again received a blow from Cooney, and as the latter stood anxiously waiting for Mulcahy to face him once more the editor of the Independent made his getaway.

Mr. Cooney's father, who is more than 80 years of age, is well known and highly respected in Montana. He is now living with one of his sons in California. During civil war days Mr. Cooney was a resident of Canada. Being a citizen of that country he could not have engaged in the civil war had he desired. He came to this country in comparatively recent years after his sons had grown to manhood and had come to the states to engage in business.

### SPECIAL TRAIN FOR CORPS OF LABORERS

S. C. Holden of Winona, Minn., who is here today, has brought with him from Minnesota a practical method to be put in use there in overcoming in a way the demand for farm labor during the coming harvest. A corps of efficient and well-paid laborers under the direction of a special manager will go about the state in a special train and will follow a regular schedule in putting up the crops of farmers as they are ready. With a big crew working under an efficient manager it is believed the work will be done in record time. Mr. Holden said that Minnesota has a greatly increased acreage planted in wheat this year and will need traveling labor trains to get in the crop.

### INSPECT TEMPLARS.

Henry C. Smith of Helena made an official inspection of the Montana commandery of the Knights Templar in Butte Saturday night. A banquet was served. The Templars will attend services at St. John's Episcopal church in a body on Sunday, May 20.

## Steam—a Mighty Power for Good

WHEN the right amount is used it runs great locomotives—pulls huge loads—furnishes the power for gigantic factories—helps build civilizations. When used in excessive quantity explosion, damage and ruin result. Thus it is with almost everything known to man. Too much of anything is bad, and so also is too little.

For 60 years we have been brewers of BUDWEISER—an honest brew of Barley-Malt and Saazer Hops. When used in moderation, it has proven of wholesome value to the human family. The exclusive Saazer Hop Flavor, Purity, Quality and Mildness have made its sales exceed other beers by millions of bottles.
