**MISS DELLA HOBAN WEDS J. P. NOLAN**

Beautiful Church Ceremony is Followed by Breakfast at the Finlen.

A most elaborate and beautiful wedding ceremony was held at 6:30 o'clock Sunday high mass at St. Patrick's church this morning when Rev. Father Lambertus united in the holy bonds of matrimony Joseph P. Nolan, a prosperous and well known rancher of Dillon, and Miss Della Hoban, a charming Irish girl who has lived for many years in Butte and Dillon. Mr. and Mrs. Nolan were guests at the Finlen hotel today and a reception was held during the forenoon. A reception will take place again this evening and Mr. and Mrs. Nolan will leave tomorrow for a trip through Montana, after which they will make their home in Dillon in a beautiful home prepared by the groom.

Charles Smith was the groomsmen and Miss Catherine Mella was bridesmaid. The wedding march was played by Mrs. Rooney, the church organist. The bride, who was born in County Mayo, Ireland, was most charming in a wedding gown of white Georgette crepe over a foundation of white satin trimmed with real lace from Paris. Her hat was a copy of the latest Kurzman model, a large white Milan, faced with white satin and trimmed in ostrich. She carried a magnificent shower bouquet of bridal roses.

The bridesmaid was beautiful in a gown of crepe meteor trimmed with white Georgette, with picture hat to match, and also carried a bouquet. Following the church ceremony an elaborate wedding breakfast was served at the Finlen hotel. There were 45 at the breakfast including three visiting cousins of the bride, Dr. O'Malley of Chiswick, Mont., and Robert and Miss Helen McHugh of Lincoln, Neb.

Mr. and Mrs. Nolan are very well known in Butte and their many friends desire to extend to them sincere congratulations on the happy occasion and to wish for them a long life and a happy one. The newlyweds were the recipients of many beautiful gifts.

**AMERICAN WARSHIPS TO HAVE THEIR BASE AT FAMOUS FRENCH PORT**

Brest, France, April 25.—(Correspondence of the associated press).—Brest is laying in a supply of American flags to hang out when the first American warship steams up the "Goulet."

There is about 10,000 acres of harbor here with from 26 to 40 feet of water and with all the drydocks, naval repair shops and shipbuilding facilities that go with the principal naval port of France.

Entrance is gained through the "Goulet," a channel about five miles long, two thousand yards wide and with a depth of water of from 27 to 57 feet. It requires nine lighthouses to guide the pilot up this channel after he has dodged the reefs of the Iroise in the offing.

There is a trade question allied to the proposed use of the port as an American naval base—the old Brest-Transatlantic project, intended to shorten the route between the French and American coasts. Brest is 43 miles nearer New York than the nearest English port, Plymouth.

**The "Millionaire Regiment" and Fatimas**

Last summer while New York City's famous 7th Regiment (sometimes called the "Millionaire Regiment") was encamped on the border at McAllen, Texas, a record was kept of all cigarettes sold.

Fatima's sales averaged 42,680 per month; the next most popular cigarette averaged 17,600.

This big preference for Fatimas is simply one of the many indications that more and more men,

every day, are finding that Fatima's delicately balanced Turkish blend is not only more pleasing in taste, but is far more comfortable too.

More comfort while you're smoking and also afterwards. For, even though you may smoke more than usual, Fatimas never remind you of it. They're a sensible smoke.

The next package you buy—get Fatimas.
