

FLOWER SHORTAGE THREATENED HERE

Advance Orders for Decoration Day Plants Exceeds the Present Supply.

That the call to arms by the United States has stimulated interest in the annual observance of Memorial day is shown by the unusual demand for flowers which will be strewn upon the graves of dead heroes on May 30. Florists fear a flower shortage this year and it is believed that the demand will not be met.

"Orders have been coming in for days," said one florist. "The demand seems to be for pansies, roses, tulips and other spring flowers. Florists in Butte are doing their best to get the supply ready but I doubt if they will be able to fill the bill."

Sons of Veterans are now organized in Butte. They will have much to do with the ceremonies on Decoration day and it is the desire of that organization that the graves in the Butte cemeteries will be decorated as never before.

Jiffy-Jell

The Supreme Dessert

Lime and Mint

For Salads—Relishes—Garnishes

The latest Jiffy-Jell flavor is made from crushed mint leaves. And, like all Jiffy-Jell flavors, it comes in a separate vial. As a garnish for lamb, or for any cold meats, Mint Jiffy-Jell is delightful.

Mint Sprays

Another relish flavor is made from lime fruit. It is tart and zesty, and the color is green. It is for salads, for garnish, for side dishes, for aspic jells, etc.

Mix your salad vegetables in it. Or your cold meat cuts. Let the jell solidify around them.

Summer Dishes

Think how many summer uses the Lime and Mint will serve. Also all our fruit-juice flavors. Jiffy-Jell dishes are always served cold. They are light, quickly-made and easy to digest. For desserts and for suppers, and for children's parties, think how many delights they offer. Keep a variety of flavors on hand.
